For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific

underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

"Longing is the core of mystery. Longing itself brings the cure." Rumi In every tradition, saints and poets speak of the soul's search for the beloved, the seeker's yearning for the divine. This holy longing, a secret feeling with many disguises, leads us to pursue religious discipleship, spiritual practice, romantic union, or an ideal community. It guides us to timeless wisdom and transcendent experience. But it also can go awry, when we misplace it onto objects, such as food, alcohol, drugs, or sex, believing that they will satisfy our craving. Or when we misplace it onto an authoritarian personality, believing that he or she will meet our unmet needs. If this teacher or priest abuses power, we encounter the shadow side of spiritual life. Whether the abuse is sexual, financial, or emotional coercion, we may feel forsaken and lose faith, even in God. The *Holy Longing* tells the stories of teachers in many traditions Sufi poet Rumi, Hindu master Ramakrishna, Christian saint Catherine of Siena whose lives unfolded as they followed their longing. And it tells the tales of many ordinary people Catholic believers, students of Zen and TM, followers of Trungpa Rinpoche and Rajneesh and their encounters with spiritual shadow. Finally, it offers wise counsel for rekindling the flame of faith—moving through the shadow to the light by reclaiming sacred parts of the self that were lost along the way.

America is in trouble. Out of control spending! Massive debt! Political ineptness! Constitutional indifference! Corporate greed! Union corruption! Moral chaos! Biblical faith under attack! Militant Islam! Fifth column foes within and powerful enemies without! National weakness from top to bottom! Our very survival is at stake. Is there a way out or is it too late? Our founding Fathers would be appalled, but not surprised, at the depth to which our once legitimately proud nation has plunged. Understanding the biblical view of fallen human nature they built a cultural foundation based on Judeo-Christian Law and values unknown in the world before or since. But as brilliant as they were they could not win the battle to keep the foundation intact for posterity. They charged each generation with that. Restoring Cultural Foundations: A Wake Up Call to America shows through a study of the Ten Commandments that a return to the Judeo-Christian principles on which the Founders built our nation is imperative for an orderly society and lasting liberty. Departing from God 's ways, they believed, courted certain disaster. Written for families, businesses and churches the author lays out ways our nation can return to our foundation and regain our lost dignity, security and well-being.

The simple truth is that you are Soul, a divine, conscious spark of God made manifest in this life to experience and learn. Through millennia--and to the present day--a succession of spiritual masters has been watching and guiding us. The latest of these is the author of this book, Sri Harold Klemp, the Mahanta, the Living ECK Master. Spiritual Lessons from Living, Mahanta Transcripts, Book 18, is a collection of his talks from 2006 to 2014. He observes that "We bump around, and each bump gets us a little bit farther along in our search for truth. . . . We've come to solve the mystery of ourself, the mystery of Soul--who we are. And it's a wonderful journey. Sometimes we get inundated. The tidal waves of life come sweeping over us. We go under again, and again, and again. And we wonder, Will this never end?" The answer to this question is up to you. You will find clues in this book to spirit you on your journey, no matter where you are in your understanding of yourself and your life. Gain deeper insight into • your lessons from life, • your kinship with all life, • how the Holy Spirit speaks to you, • how the ECK Masters teach us, • what reincarnation is all about, • how to break bad habits, • how to give and receive divine love and lead a spiritually richer life.

A Sociology of Soul is what I like to call...Samurai Sociology. I coined this term to distinguish a type of Sociology that takes an unflinching look...a hard cold appraisal of our current social condition. The perspective takes No prisoners and makes No excuses for the state of the individual within the fabric of our Information Society. Samurai Sociology examines the social web and its impact on individual choices and the Resultant Behavior. Samurai Sociology asks questions like: Are we prisoners of our own device? What is the structure and shape of our cage? How do we begin to get free? What price must we pay for freedom? Who or what controls the Social Matrix?

Why are my relationships complicated? How will I discover my dream job? When is it going to be my turn? What is my Life Purpose? We ask ourselves questions every day. We wonder why our lives aren't as we wished despite our actions taken toward change, and in a continuous cycle we seem to be disappointed time after time. Our thought patterns and belief systems whether they are negative from the Dangerous mind, or positive from the Beautiful mind, effect our outer world. It is as simple and as complicated as that. Spiritual Bootcamp examines our negative affirmed intentions or "dream stealers" to accurately pinpoint obstacles that have stopped us from manifesting into our greatest and highest good, and provides the steps needed in order to do so. Experiencing the loving presence of God is no great mystery. Too often we simply don't recognize it. But it's all around us, in the most common comings and goings of our daily lives. Consider the man who wanted confirmation about a job and saw a billboard that read, "If you're looking for a sign from God, this is it." It's often that simple! What we sometimes need is not just to listen but to hear--not just to look, but to truly see. Our Spiritual Wake-Up Calls, the fifteenth book of the Mahanta Transcripts series, shows you how to see these spiritual clues and let more of God's love and guidance flow into your life. You'll discover how God communicates through dreams, the people you meet, a song on the radio, a suddenly remembered conversation, or even a newspaper comic strip. Divine Spirit picks the vehicle that is available at any particular moment. Learn how you are in the grasp of divine love every moment of every day. The transcripts in this book are highlights from Harold Klemp's talks worldwide. They offer study aids for greater spiritual understanding and are an excellent introduction to Eckankar.

The Cosmos of Soul offers a bracing tonic to the shadow of war, disease, and other grim phenomena of contemporary life. The solution, according to noted clairvoyant Patricia Cori, is to awaken into the richer, more meaningful, and empowered existence that is our true fate. Through her psychic contacts with more evolved beings, Cori offers timely insights into the ethics of cloning, the dangers of the Internet, the truth about the AIDS virus, genetic engineering, and other information. Of special interest are the author's predictions of what to expect after 2012, the closing of the Mayan Calendar—a time of galactic events that may change life forever.
