I'm Wilma
Jean, The
Worry

Machine." Anxiety is a subjective sense of worry, apprehension, and/or fear. It is considered to be the number one health problem in America. Although quite common, anxiety disorders in children are often misdiagnosed and overlooked. Everyone feels fear, worry and apprehension from time to time, but when these feelings

prevent a person from doing what he/she wants and/or needs to do, anxiety becomes a disability. This fun and humorous book addresses the problem of anxiety in a way that relates to children of all ages. It offers creative strategies for parents and teachers to use that can lessen the severity of anxiety. The goal of the book is to give

children the tools needed to feel more in control of their anxiety. For those worries that are not in anyone's control (i.e. the weather) a worry hat is introduced. A fun read for Wilmas of all ages! Includes a note to parents and educators with tips on dealing with an anxious child. Wilma Rudolph Teacher Created Materials

Isabella changed her name to Sojourner Truth because she was to travel up and down this land to declare truth to the people. Her strong voice and faith forced people to listen to her, in spite of her being a woman and a former slave. She traveled thousands of miles and spoke out for God, against slavery and for women's rights. Her moving speeches inspired hope and change in many that heard her.
