Imagine a book that not only shows you
the basics of a successful Halloween

party, be it at a hall or a home, but a book that will take your Halloween party to the next level. The information in the 140 pages of this book (along with over 150 personal pictures and dozens of drawings) will do exactly that. The ideas suggested in this book are fresh, fun, unique and tested. This book includes the basics but also includes activities for kids and activities for adults, suggestions for photo opportunities, unique decorating suggestions, and many stunts you can do at your party that will convince your guests that there are spooks are in attendance. What we are trying to say here is that whether you are planning your first party or if you are planning to add more to your existing party this book is for you. Most of the ideas, suggestions, and methods in this book are easy and inexpensive but we have not limited ourselves to just easy. For the more adventurous we have included a few effects that require a little effort to build and a few stunts that require a little practice to present. How about a fun seance at your next party, or an interactive graveyard built in your basement. We even have a section on creepy magic effects and several workshop plans to help you make the best Halloween Party ever for your guests. When putting a book like this together I thought of a lesson my parents told me as a child that if you get one good idea from a book, it is worth the money. With that in mind the goal of this book is to give you many great ideas for your own Halloween party, be it decorating a home or hall, activities for your guests, the music, the food, etc. Whether this is your first Halloween party or your 30th (which

is about how many the author and his family have put on to date), you will find useful information in this book.

Cooking with Ruby Atheneum Books for Young Readers

When a Halloween Party turns deadly, it falls to Hercule Poirots to unmask a murderer in Agatha Christie's classic murder mystery, *Hallowe'en Party*. At a Halloween party, Joyce—a hostile thirteen-year-old—boasts that she once witnessed a murder. When no one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. That night, Hercule Poirot is called in to find the 'evil presence'. But first he must establish whether he is looking for a murderer or a double-murderer...
