An anecdotal travelogue about

Lahore - which begins in the present and travels through time to the mythological origins of the city attributed to Ram's son, Lav. Through the city's present - its people, communities, monuments, parks and institutions - the author paints a vivid picture of the city's past. From its emergence under

Mahmud Ghaznavi to the Mughal centuries where several succession intrigues unfolded on its soil, its recasting as the capital of Maharaja Ranjit Singh's Khalsa Empire, the role it played in preserving the British Raj, to acting as an incubator of revolutionaries and people's movements, Lahore influenced the subcontinent's political trajectory time and again. Today, too, Lahore often determines which way the wind will blow on Pakistan's political landscape. The Lahore Resolution of 1940, which laid the blueprint for the creation of the country, was signed here. The city saw

the birth of Zulfikar Ali Bhutto's PPP, as well as his downfall. It was to Lahore that Benazir Bhutto returned to combat a military dictator, and where Imran Khan heralded his arrival as a main contender on the political battlefield. As the capital of Punjab, Lahore continues to cast a long shadow over the federal state.

Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. “Gripping . . . [with a] John Grisham—worthy twist.”—Emily Bazelon, New York Times Book Review (Editors’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a

---

man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with

the principals, Unbelievable is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. **The Church Missionary Gleaner** Penguin Long recognized as a classic account of the early Spanish

efforts to convert the Indians of Peru, Father De Arriaga's book, originally published in 1621, has become comparatively rare even in its Spanish editions. This translation now makes available for the first time in English a unique record of the customs and religious practices that prevailed after the Spanish conquest. In his book, which was designed as a manual for the rooting out of paganism, De Arriaga sets down plainly and methodically what he found among the Indians—their objects of worship, their priests and sorcerers, their festivals and

---

sacrifices, and their superstitions—and how these things are to be recognized and combated. Moreover, he evinces a steady awareness of the hold of custom and of the plight of the Indians who are torn between the demands of their old life and their new masters. The Extirpation of Idolatry in Peru is an invaluable source for historians and anthropologists.
