Fashion illustration is and always has been about far more than pretty drawings of pretty dresses. This lavish celebration of today's leading artists in the field showcases the timeless craft and amazing diversity that characterize the genre. From David Downton to Cecilia Carlstedt and from Jason Brooks to Jordi Labanda, 28 masters of fashion illustration from across the world are featured, one by one, in a grand tour of the best work currently produced. While some illustrators create daringly bold graphics, others prefer delicate watercolours and ink drawings. Throughout the volume, both hi-tech multimedia effects and traditional drawing skills are given pride of place, with many of the artists using a mixture of techniques. Lively commentary accompanies the images, while interviews with each illustrator provide further insight into their influences and methods. A source of inspiration for aspiring illustrators, designers and advertising creatives, this gorgeous volume will also catch the eye of fashion lovers and all those who have an interest in contemporary figurative art and visual communication.

"Throughout history, daring women have wielded power and brought about change through their bold fashion choices. Fashion Rebels is a collection of lively, illustrated biographies of twenty-five of these influential fashion icones from the distant past to today. Discover how these rebels' fashion choices both mirrored and redefined what it meant to be a woman in their era. From Cleopatra and Coco Chanel, whose forward fashions freed later generations from conformity, to Michelle Obama and Lady Gaga, who each bravely step out every day to rock their own unique personal styles. These fashionistas didn't follow trends or cultural conventions: they set new courses with their own styles. And if fashion police came knocking, they simply didn't open the door, "--Back cover.

How Black culture reinvented and subverted the Ivy Look From the most avant-garde jazz musicians, visual artists and poets to architects, philosophers and writers, Black Ivy: The Birth of Coolcharts a period in American history when Black men across the country adopted the clothing of a privileged elite and made it their own. It shows how a generation of men took the classic Ivy Look and made it cool, edgy and unpredictable in ways that continue to influence today's modern menswear. Here you will see some famous, infamous and not so famous figures in Black culture such as Amiri Baraka, Charles White, Malcolm X, Martin Luther King Jr., James Baldwin, Miles Davis, John Coltrane and Sidney Poitier, and how they reinvented Ivy and Prep fashion--the dominant looks of the time. The real stars of the book--the Oxford cloth button-down shirt, the hand-stitched loafer, the soft shoulder three-button jacket and the perennial repp tie--are all here. What Black Ivyexplores is how these clothes are reframed and redefined by a stylish group of men from outside the mainstream, challenging the status quo, struggling for racial equality and civil rights. Boasting the work of some of America's finest photographers and image-makers, this must-have tome is a celebration of how, regardless of the odds, great style always wins.

A treasure trove of extraordinary images celebrating the elegance and flair of style icon C.Z. Guest—a true tastemaker known for her classic, understated American look who continues to influence fashion today. Celebrated for her beauty and personal style, C.Z. Guest transcended eras to become an enduring figure of good taste, appearing on the cover of Time magazine in 1962. A grande dame of high society, she lived the good life and was photographed by such legends as Irving Penn, Cecil Beaton, John Rawlings, and Slim Aarons. Despite her patrician upbringing, C.Z. was surprisingly modern, exerting influence over America's cultural landscape for fifty years, whether attending her close friend Truman Capote's Black and White Ball, dancing at Studio 54, or partying at Andy Warhol's Factory. Exploring her continuing influence in the spheres of society, fashion, and interiors, C.Z. Guest is full of stunning images, from her days as a young bride, photographed by Henri Cartier-Bresson, to her family life on her Long Island estate, Templeton, to her accomplishments as a gardener and her impeccable gardens, to her prominence in society, keeping

company with everyone from Diego Rivera, Cecil Beaton, and Diana Vreeland to the Duke and Duchess of Windsor. With insightful contributions by today's top tastemakers, this is the first book on C.Z. Guest and a must for devotees of fashion and style.

A Century of Style. Bags Rizzoli Publications

Staking out new territory in the history of art, this book presents a compelling argument for a lost link between the panel-painting tradition of Greek antiquity and Christian paintings of Byzantium and the Renaissance. While art historians place the origin of icons in the seventh century, Thomas F. Mathews finds strong evidence as early as the second century in the texts of Irenaeus and the Acts of John that describe private Christian worship. In closely studying an obscure set of sixty neglected panel paintings from Egypt in Roman times, the author explains how these paintings of the Egyptian gods offer the missing link in the long history of religious painting. Christian panel paintings and icons are for the first time placed in a continuum with the pagan paintings that preceded them, sharing elements of iconography, technology, and religious usages as votive offerings. Exciting discoveries punctuate the narrative: the technology of the triptych, enormously popular in Europe, traced by the authors to the construction of Egyptian portable shrines, such as the Isis and Serapis of the J. Paul Getty Museum; the discovery that the egg tempera painting medium, usually credited to Renaissance artist Cimabue, has been identified in Egyptian panels a millennium earlier; and the reconstruction of a ring of icons on the chancel of Saint Sophia in Istanbul. This book will be a vital addition to the fields of Egyptian, Graeco-Roman, and late-antique art history and, more generally, to the history of painting.

From Louis XIV, a shoe aficionado of the Baroque Age, to the latest club-hopping progeny of the British royalty, this colorful survey of aristocratic fashion through the ages will delight royal watchers of every generation. The wedding of Prince William and Kate Middleton helped reclaim the fashion credibility of Britain's royal family, ushering in a generation of hip but genial personalities that appeal to every age and station. But royals have been setting fashion trends for centuries. This fascinating overview of aristocratic icons reaches back to the middle age, and from Europe to the Middle East, to profile the most renowned promoters of elegance and style ever to don their empires' crowns. Author and royals watcher Luise Wackerl juxtaposes the fifteenth-century Duke of Burgundy's penchant for black with Elizabeth I's taste for virginal white. She presents history's first "It Girls": Marie Antoinette, Louisa of Prussia, Empresses Sisi of Austria and Eugenie of France. She relates how Queen Victoria's sorrow and propriety transformed her country, and how an impeccably styled American's love for Edward VIII upended the British monarchy. From the irreproachably elegant styles of Grace Kelly to Lady Diana, Jordan's Queen Rania to Princess Letizia of Spain we move on to the newest icons, the Princesses Beatrice and Eugenie of York, whose faces and party antics grace the tabloids on a weekly basis. Hundreds of photos and a lively text make this irresistible reading for anyone interested in fashion, royalty, and the lively intersection of both worlds.

20th Century Jewelry & the Icons of Style Chronicle Books

In more than 2,000 issues, British Vogue magazine has acted as a cultural barometer, putting fashion in the context of the larger world in which we live - how we dress, how we entertain, what we eat, listen to, watch, who leads us, excites us and inspires us. The century's most talented photographers, illustrators and artists have contributed to it. In Lee Miller it had, unexpectedly, its own war photographer; in Norman Parkinson, Cecil Beaton, David Bailey, Snowdon and Mario Testino the greatest portrait and fashion photographers of their generation; and in Beaton and Irving Penn two giants of twentieth - century photography. From 1892, American Vogue chronicled the life of beautiful people - their clothes, parties, houses and habits - and the magazine was exported for intrigued British readers. In 1916, when the First World War made transatlantic shipments impossible, its proprietor, Condé Nast, authorised a British edition. It was an immediate success, and over the following ten decades of uninterrupted publication continued to mirror its times - the austerity and optimism that followed two world wars, the 'Swinging London' scene of the sixties, the radical seventies, the image - conscious eighties - and in its second century remains at the cutting edge of photography and design. Decade by decade, Vogue 100 : A Century of Style celebrates the greatest moments in fashion, beauty and portrait photography. Illustrated throughout with well - known images, as well as the less familiar and recently rediscovered, the book focuses on the faces that shaped the cultural landscape: from Matisse to Bacon, Freud and Hirst, from Dietrich to Paltrow, from Fred Astaire to David Beckham, from Lady Diana Cooper to Lady Diana Spencer. It features the fashion designers who defined the century - Dior , Galliano , Balenciaga, Saint Laurent, McQueen - and explores more broadly the changing form of the twentieth - century woman.
