Our Peculiarities

A beautiful Macmillan Classics edition of this favourite story, Gobbolino the Witch's Cat With his sparky whiskers and magic tricks, no one could mistake Gobbolino for a simple kitchen cat, but that's just what the witch's kitten wants to be. Instead of learning how to turn mice into toads for the witch's brew, Gobbolino sets out on an adventure to find a family and a home of his own. Gobbolino has been delighting readers since 1942. With glorious illustrations by Catherine Rayner, and a foreword by Joan Aiken, this beautiful hardback edition of Ursula Moray Williams's Gobbolino the Witch's Cat is a truly special gift to treasure.

Gobbolino, the Witch's Cat

There are a lot of problems in the software development industry: burnout, stress, responsibility, unrealistic expectations to name a few. In addition, we have to implement more features than ever. We may feel drained at times, and going forward seems to be an impossible mission. This book will show you exactly what 10X development is and how you can capitalize on your skills to deliver better products, without wasting energy.

Catalog

What would you expect to hear when talking about transpersonal experiences or enlarged states of consciousness? For sure not a surgeon's story, but that's what the book is about! Starting with some childhood memories under a communist regime and reviewing important stages in her personal development, Dr. Lorelei describes interesting insights she had in expanded consciousness states using Hemi Sync Meditations and the way they changed her life. Along the way, she brings in scientific proofs from quantum physics, cosmology, psychology, and other fields that those transpersonal states are real - and, in fact, that Out of Body experiences (OBEs), Remote Viewing, and other so-called paranormal capacities are normal abilities which each one of us can develop through exercise, toward their own benefit and the benefit of society and the people surrounding them. After all, what we today call PARAnormal is the normality of the future!
