First published in 1956, Allen Ginsberg's *Howl* is a prophetic masterpiece—an epic raging against dehumanizing society that overcame censorship trials and obscenity charges to become one of the most widely read poems of the century. This annotated version of Ginsberg's classic is the poet's own re-creation of the revolutionary work's composition process—as well as a treasure trove of anecdotes, an intimate look at the poet's writing techniques, and a veritable social history of the 1950s.

The revival of the Olympic games in 1896 and the subsequent rise of modern athletics prompted a new, energetic movement away from more sedentary habits. In Russia, this ethos soon became a key facet of the Bolsheviks' shared vision for the future. In the aftermath of the revolution, glorification of exercise persevered, pointing

the way toward a stronger, healthier populace and a vibrant Socialist society. With interdisciplinary analysis of literature, painting, and film, *Faster, Higher, Stronger, Comrades!* traces how physical fitness had an even broader impact on culture and ideology in the Soviet Union than previously realized. From prerevolutionary writers and painters glorifying popular circus wrestlers to Soviet photographers capturing unprecedented athleticism as a means of satisfying their aesthetic ideals, the nation's artists embraced sports in profound, inventive ways. Though athletics were used for doctrinaire purposes, Tim Harte demonstrates that at their core, they remained playful, joyous physical activities capable of stirring imaginations and transforming everyday realities.

In 1880, George MacDonald, the Scottish poet, novelist and preacher, in the wake of the deaths of two of his children, published A Book of Strife in the Form of the Diary of an Old Soul . This book, which unites grief and hope in hard-won faith, contains a poem for every day of the year. In the first edition of this classic collection there was a blank page opposite each page of poems. Readers were invited to write their

own reflections on the "white page." MacDonald wrote: "Let your white page be ground, my print be seed, growing to golden ears, that faith and hope may feed." . . . Betty Aberlin, a native New Yorker of Russian-Jewish ancestry, raised in post-Holocaust orthodox atheism and nurtured in the arts, responded to MacDonald's invitation with daily poems of her own. Following the strict poetic form of *The Diary of an Old Soul* was an illuminating experience. In her own 7-line, 3-rhyme, 10-syllable pattern, Aberlin created a unique mixture of recurring themes and images drawing from Judaism, Christianity and her experiences as an actress and artist. Her vision is fresh and honest, revealing a keen observation of nature and human nature, from the exhilarations of faith, hope and love to the despairs of war, rejection and failure.

Edna St. Vincent Millay (1892-1950), winner in 1923 of the second annual Pulitzer Prize

for Poetry, was a daring, versatile writer whose work includes plays, essays, short stories, songs, and the libretto to an opera that premiered at New York's Metropolitan Opera House to rave reviews. Millay infused new life into traditional poetic forms, bringing new hope to a generation of youth disillusioned by the political and social upheaval of the First World War. She ventured fearlessly beyond familiar poetic subjects to tackle political injustice, social discrimination, and women's sexuality in her poems and prose. In the 1920s and '30s, Millay was considered a spokesperson for

personal freedom in America, particularly for women, and we turn to her lines to illuminate the social history of the period and the Bohemian lifestyle she and her friends enjoyed. Yet Millay's poetry is still decisively modern in its message, and it continues to resonate with readers facing personal and moral issues that defy the test of time: romantic love, loss, betrayal, compassion for one another, social equality, patriotism, and the stewardship of the natural world. *Collected Poems* features Millay's incisive and impassioned lyric poetry and sonnets, many of which are

considered among the finest in the language, as well as the poet's last volume, *Mine the Harvest*, compiled and published in 1956 by her sister Norma Millay.

AWARD “ Alexandra Oliver has many arrows in her quiver—all of them sharpened to a fine point. This is an excellent and entertaining collection. ” —TIMOTHY STEELE In Meeting the Tormentors in Safeway, Alexandra Oliver zooms in on the inertias, anxieties, comedies, cruelties, and epiphanies of domestic life: They all had names like Jennifer or Lynne or Katherine; they all had bone-blond hair, that wet, flat cut with bangs. They pulled your chair from underneath you, shoved their small fists in your face. Too soon, you knew it would begin, those minkish teeth like shrapnel

in the air, the Bacchic taunts, the Herculean dare, their soccer cleats against your porcine shin, that laugh, which sounded like a hundred birds escaping from a gunshot through the reeds— and now you have to face it all again: the joyful freckled faces lost for words in supermarkets, as those red hands squeeze your own. It ' s been so long! They say. Amen. Oliver ' s poems, which she describes as “ text-based home movies,” unveil a cinematic vision of suburbia at once comical and poignant: framed to renew our curiosity in the mundane and pressing rhyme and metre to their utmost, *Meeting the Tormentors in Safeway* is a five-star performance from Canada ' s new formalist sensation. “ Alexandra Oliver is in full command of a saber wit and impeccable ear. Lucky the reader along for the ride.” —JEANNE MARIE BEAUMONT

Nets to Catch the Wind University of Wisconsin Press
New York Times bestselling author of *Labor Day With a New Preface* When it was first published in 1998, *At Home in the World* set off a furor in the literary world and beyond. Joyce Maynard's memoir broke a silence

concerning her relationship—at age eighteen—with J.D. Salinger, the famously reclusive author of *The Catcher in the Rye*, then age fifty-three, who had read a story she wrote for *The New York Times* in her freshman year of college and sent her a letter that changed her life. Reviewers called her book "shameless" and "powerful" and its author was simultaneously reviled and cheered. With what some have viewed as shocking honesty, Maynard explores her coming of age in an alcoholic family, her mother's dream to mold her into a writer, her self-imposed exile from the world of her peers

when she left Yale to live with Salinger, and her struggle to reclaim her sense of self in the crushing aftermath of his dismissal of her not long after her nineteenth birthday. A quarter of a century later—having become a writer, survived the end of her marriage and the deaths of her parents, and with an eighteen-year-old daughter of her own—Maynard pays a visit to the man who broke her heart. The story she tells—of the girl she was and the woman she became—is at once devastating, inspiring, and triumphant.

Besides familiar and now-commonplace tasks that computers do all the time, what else are they capable of? Stephen Ramsay's intriguing study of computational text analysis examines how computers can be used as "reading machines" to open up entirely

new possibilities for literary critics. Computer-based text analysis has been employed for the past several decades as a way of searching, collating, and indexing texts. Despite this, the digital revolution has not penetrated the core activity of literary studies: interpretive analysis of written texts. Computers can handle vast amounts of data, allowing for the comparison of texts in ways that were previously too overwhelming for individuals, but they may also assist in enhancing the entirely necessary role of subjectivity in critical interpretation. Reading Machines discusses the

importance of this new form of text analysis conducted with the assistance of computers. Ramsay suggests that the rigidity of computation can be enlisted in the project of intuition, subjectivity, and play.
