I say ch â peau, hats off to you! ” —Jeffrey Aarnio, former superintendent, American Battle Monuments Commission Living in the Land of Death University of Oklahoma Press Choctaw Nation is a story of tribal nation building in the modern era. Valerie Lambert

treats nation-building projects as nothing new to the Choctaws of southeastern Oklahoma, who have responded to a number of hard-hitting assaults on Choctaw sovereignty and nationhood by rebuilding their tribal nation. Drawing on field research, oral histories, and archival sources, Lambert explores the struggles and triumphs of a tribe building a new government and launching an ambitious program of economic development in the late twentieth century, achieving a partial restoration of the tribe's former glory as a significant political and economic presence in what is now the United States. An enrolled citizen of the Choctaw Nation who was reared in Oklahoma, Lambert describes in vivid detail what this nation building has meant for the Choctaw people and for non-Indians. Choctaw nation building has strengthened the tribe's ongoing efforts to defend their sovereignty and protect their rights to land, water, and other natural resources. It has also helped produce new ways of imagining, constructing, and

expressing Choctaw identity. Yet, as Choctaw Nation also shows, Choctaw sovereignty—the bedrock of Choctaw empowerment—remains under threat, as tribal sovereignty is not only a bundle of inherent rights but also an ongoing, complex consequence of Native initiatives and negotiations on local, state, and national levels. In addition to wrestling with the topics of sovereignty, identity, tribal nationalism, and contemporary tribal governance, this book gives considerable ethnographic attention to tribal elections, non-Indians, urban Indians, economic development, and tribal water rights.

Equals and Partners august house Bee stings on the backside! That was just the beginning. Tim was about to enter a world of the past, with bullying boys, stones and Indian spirits of long ago. But they were real spirits, real stones, very real memories... In this powerful family saga, author Tim Tingle tells the story of his family ' s move from Oklahoma Choctaw country to Pasadena, TX. Spanning 50 years, Saltypie describes the problems encountered by his Choctaw grandmother—from her orphan days at an Indian boarding school to hardships encountered in her new home on the Gulf Coast. Tingle says, “ Stories of modern Indian families rarely grace the printed page. Long before I began writing, I knew this story must be told. ” Seen through the innocent eyes of a young boy, Saltypie — a 2011

Skipping Stones honor book, WordCraft Circle 2012 Children's Literature Award-winner, and winner of the 2011 Paterson Prize for Books for Young People in the category of Grades 4-6 — is the story of one family ' s efforts to honor the past while struggling to gain a foothold in modern America. Tim Tingle, a member of the Choctaw Nation of Oklahoma, is a sought-after storyteller for folklore festivals, library conferences, and schools across America. At the request of Choctaw Chief Pyle, Tim tells a story to the tribe every year before Pyle ' s State of the Nation Address at the Choctaw Labor Day Gathering. Tim ' s previous and often reprinted books from Cinco Puntos Press—Walking the Choctaw Road and Crossing Bok Chitto—received numerous awards, but what makes Tim the proudest is the recognition he receives from the American Indian communities. 2007 - Florida Book Award Bronze Medal Winner "As an archeological tour alone the book would be worth reading, but it's the fascinating and complex characters that give the story life and vibrancy." —Rhys Bowen, New York Times bestselling author Faye Longchamp and Joe Wolf Mantooth have traveled to Neshoba County, Mississippi, to help excavate a site near Nanih Waiya, the sacred mound where tradition says the Choctaw nation was born. When farmer Carroll Calhoun refuses the archaeologists' request to investigate an ancient Native American mound, Faye and her colleagues are disappointed. But his next action breaks their hearts: he tries to bulldoze the huge relic to the ground. Later Calhoun is found dead, his throat sliced with a handmade stone blade. Was he killed by an archaeologist angered by his wanton destruction of

history? Did a Choctaw take up arms to defend an embattled heritage? Did someone decide to even the score with an old rival? Great Crossings MSU Press Describes strategies teachers can use to promote reading comprehension in students from kindergarten through eighth grade; and includes examples of student work, illustrations, and other reference tools.

Choctaw AuthorHouse Canada is poised to reconcile its centuries-long fraught history with Indigenous peoples and to establish justice. What fundamental spiritual principles should guide this challenging process and bring together peoples who have been separated for so long? In this part-memoir, part-scholarly work, Patricia Verge records her decades-long friendship with the Stoney Nakoda Nation in southern Alberta. She explores how her spiritual journey has been intimately

entwined with service among Indigenous people and confronts her own ignorance of the true history of Canada, taking for her guidance this quote from the writings of the Bah á ' í Faith: " a massive dose of truth must be administered to heal. " An engaging and timely work, Equals and Partners is ultimately a story of love and commitment to the principle of the oneness of humanity. Famine Pots Cinco Puntos Press

A gallery of color plates includes full-color representations of 192 historic and contemporary Native flags. The authors visited more than two dozen reservations and surveyed more than 250 tribal governments, working closely with them to produce this authoritative volume. A portion of their original research on Native American flags was published in *Raven*, the journal of the North American Vexillological Association, an organization devoted to the scientific study of flags. This

thoroughly revised and updated edition includes more than fifty new flags and accompanying tribal listings and full-color representations of each flag. Carl Waldman's foreword places the flags within the context of Indian history, mythology, and art, and shows how Native American flags have become powerful symbols of Native unity and tribal sovereignty.

In Great Crossings: Indians, Settlers, and Slaves in the Age of Jackson, prize-winning historian Christina Snyder reinterprets the history of Jacksonian America. Most often, this drama focuses on whites who turned west to conquer a continent, extending "liberty" as they went. Great Crossings also includes Native Americans from across the continent seeking new ways to assert anciently-held rights and people of African descent who challenged the United States to live up to its ideals. These diverse groups met in an experimental community in central Kentucky called Great Crossings, home to the first federal Indian school and a famous interracial family. Great Crossings embodied monumental changes then transforming North America. The United States, within the span of a few decades, grew from an East Coast nation to

a continental empire. The territorial growth of the United States forged a multicultural, multiracial society, but that diversity also sparked fierce debates over race, citizenship, and America's destiny. Great Crossings, a place of race-mixing and cultural exchange, emerged as a battleground. Its history provides an intimate view of the ambitions and struggles of Indians, settlers, and slaves who were trying to secure their place in a changing world. Through deep research and compelling prose, Snyder introduces us to a diverse range of historical actors: Richard Mentor Johnson, the politician who reportedly killed Tecumseh and then became schoolmaster to the sons of his former foes; Julia Chinn, Johnson's enslaved concubine, who fought for her children's freedom; and Peter Pitchlynn, a Choctaw intellectual who, even in the darkest days of Indian removal, argued for the future of Indian nations. Together, their stories demonstrate how this era transformed colonizers and the colonized alike, sowing the seeds of modern America.
