Drive is a cross-continent adventure that explores where our fuel-injected dreams have taken us. Award-winning journalist Tim Falconer invites us on his road trip as he meets vintage car enthusiasts on Route 66, rides along in a police cruiser, kicks the tires at a Las Vegas auto show and takes a hydrogen-powered car for a spin. Steering us along North America's interstates and blue highways, meandering through small towns, sprawling suburbs and walkable neighbourhoods, Falconer shows us the growing collision of cars and people.

In this complicated affair, who's really in the driver's seat? Can smart growth, public transit and complete streets free us? A spirited, front-seat view of quirky locals and locales, Drive looks at what auto-dominated life means to our health, environment and communities. Falconer also opens the door on British and Argentine car cultures, and considers the road ahead for China and India, nations with increasingly American attitudes. Newly updated, the true story of a retired couple, a coldblooded killer, and the controversial aftermath: " A gripping read. " —Aphrodite Jones, host of True Crime for Investigation Discovery Network Tom and Jackie Hawks loved their life in retirement, sailing on their yacht, the Well Deserved. But when the birth of a new grandson called them

back to Arizona, they put the boat up for sale. Skylar Deleon and his pregnant wife, Jennifer, showed up as prospective buyers, with their baby in a stroller, and the Hawksees thought they had a deal. Soon after, however, the older couple disappeared—and the Deleons promptly tried to access the Hawksees 's bank accounts. As police investigated, they not found not only a third homicide victim with ties to Skylar, but an unusual motive: Skylar had wanted gender reassignment surgery for years. By killing the Hawksees and plundering their assets, the Deleons planned to clear their \$100,000 in debts and still have money for the already-scheduled surgery. Now, in this updated edition, which includes extensive new material, New York Times – bestselling author Caitlin Rother presents new developments in the case. Skylar, who was sentenced to death row for the three murders, transitioned via hormones while living in the San Quentin psych unit. Recently, she legally changed her name and gender, apparently a strategic step to obtain taxpayer-subsidized gender confirmation surgery and transfer to a women 's prison. Combined with Governor Gavin Newsom 's moratorium on executions, this only adds insult to injury for the victims ' families, who want Skylar to receive the ultimate punishment for her crimes. " Well researched and a quick,

engrossing read, this should be popular with true crime readers, especially the Ann Rule crowd. ” —Library Journal
