 Where are the points  
 located on an Onan 16  
 hp? I know where they  
 are at on a Kohler.  
 Are the points a  
 160-1183 and the  
 capacitor 312-0256? I  
 am not seeing the  
 points in the parts  
 manual. Can an ONAN  
 Condenser 312-0246 be  
 used since it is for a  
 twin cylinder and  
 300VDC? Thanks, Gary
