From his writing of *Godspell*'s score at age 23 through the making of the megahit musical *Wicked*

and beyond, *Defying Gravity: The Creative Career of Stephen Schwartz*, from *Godspell* to *Wicked* takes readers into the world of the legendary Broadway and film composer-lyricist. In this authorized biography, drawing from her interviews with Schwartz and his collaborators, author Carol de Giere focuses on the behind-the-scenes stories for Schwartz's hits and disappointing flops. Readers will find colorful anecdotes and insights for his licensed musicals *Children of Eden*, *Pippin*, *Working*, and others. *Defying Gravity* also includes Hollywood stories, beginning with a new foreword by composer Alan Menken. This updated and revised second edition delves into Stephen Schwartz's creative process for the new stage musicals *The Hunchback of Notre Dame*, *The Prince of Egypt*, and other shows. It provides additional insights on Schwartz's early work with Leonard Bernstein and his more recent international work on *Wicked*. It offers additional "Creative Notes" – a popular feature of the first edition – with comments from Schwartz about overcoming creative blocks, collaboration, and the artistic life.

The Real Rock Book (Songbook) Hal Leonard Corporation

The Lost Words by composer James Burton takes its inspiration and text from the award-winning 'cultural phenomenon' and book of the same name by Robert Macfarlane and Jackie Morris: a book that was, in turn, a creative response to the removal of everyday nature words like acorn, newt and otter from a new edition of a widely used children's dictionary. Both the book and Burton's 32-minute work, which is written in 12 short movements for upper-voice choir in up to 3 voice parts (with either orchestral or piano accompaniment), celebrates each lost word with a beautiful poem or 'spell', magically brought to life in Burton's music. At its heart, the work delivers a powerful message about the need to close the gap between childhood and the natural world. Burton's piece was co-commissioned by the Hall é Concerts Society for the Hall é Children's Choir and the Boston Symphony Orchestra. The piano accompaniment version was premiered at the Tanglewood Festival in

2019 by the Boston Symphony Children's Choir, of which Burton is founder and director. The Hall é Children's Choir will premiere the orchestral version of the full work in Manchester, UK, post-pandemic. Vocal Score Co-commission by Boston Symphony and Hall é Concerts Society for their respective Children's Choirs. Two versions - with orchestral or with piano accompaniment. The vocal score is the same for both versions. James Burton is a composer but also a conductor. He is conductor of the Tanglewood Festival Chorus and choral director of the Boston Symphony. The book *The Lost Words*, exquisitely designed, has won multiple awards and is an international best-seller. The vocal score includes Jackie Morris's beautiful imagery in its cover design.

Itadakimasu! The Food Culture of Japan is designed as a first- or second-year college course in Japanese culture for students who have little to no background in the Japanese language, culture, literature, or history. Unlike any other culture text, Itadakimasu! offers a unique approach to learning about culture through a country ' s cuisine. This account takes students on an exciting journey into the world of Japanese food culture, both past and present, exploring themes such as regional specialties, annual festivals, traditional foodways, prominent tea masters, culinary expressions, restaurant menus, dining etiquette, mealtime customs, and culinary aesthetics. Itadakimasu! also addresses current events in the food industry and agribusiness, health and nutrition, dieting trends, fast food, and international and Western influences. Enhancing this wealth of cultural material are autobiographical essays written by guest contributors and varied literary excerpts featuring food themes across different genres in literature spanning many centuries. Each of the readings is

supplemented by general comprehension questions followed by more probing queries calling on critical and analytical thinking to methodically guide students from a cursory understanding of a new culture to reflections on their own experiences and other world cultures. Resources also highlight food-centric films so that students can witness what they are learning about in an authentic cultural context. Furthermore, teachers and students alike can enjoy food tasting labs in the classroom, fostering yet another authentic experience for the students. With the intention of reaching a broad audience of students majoring or minoring in Japanese or Asian Studies, or students learning English as a Foreign Language or English for Specific Purposes, *Itadakimasu!* could also be useful for composition and conversation courses and the *Writing Across the Curriculum* series or as a supplement for 'Four Skills' Japanese language courses and introductory Japanese literature offerings. Above all, its multifaceted design with a broad spectrum of self-contained sections welcomes individual teaching styles and preferences. *Itadakimasu!* paints an appetizing image of Japan's society with just a dash of culture, a pinch of language, and a taste of literature to tempt the palate of students new to the study of Japan. Meant to enhance the regular curriculum, this innovative approach to learning about Japan suggests that the culinary world can lend an insightful view into a country's culture. Historical and contemporary foodways are universal elements common to all cultures, making the subject matter inherently relatable.
