Scarred Hearts Infinite Study

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

Christ's Crucifixion is one of the most recognized images in Western visual culture, and it has come to stand as a universal symbol of both suffering and salvation. But often overlooked in this symbolic language is the fact that ultimately the Crucifixion is a scene of capital punishment. In *The Thief, the Cross and the Wheel*, Mitchell Merback reconstructs the religious, legal, and historical context of the Crucifixion and of other images of public torture. The result is an account of a time when criminal justice and religion were entirely interrelated and punishment was a visual spectacle devoured by a popular audience.

Social Science Outcomes Ballantine Books

It seems that the wish to benefit all, and to lavish indiscriminately upon the first comer one's own gifts, was not a thing altogether commendable, or even free from reproach in the eyes of the many; seeing that the gratuitous waste of many prepared drugs on the incurably-diseased produces no result worth caring about, either in the way of gain to the recipient, or reputation to the would-be benefactor. Rather such an attempt becomes in many cases the occasion of a change for the worse. The hopelessly-diseased and now dying patient receives only a speedier end from the more active medicines; the fierce unreasonable temper is only made worse by the kindness of the lavished pearls, as the Gospel tells us. I think it best, therefore, in accordance with the Divine command, for any one to separate the valuable from the worthless when either have to be given away, and to avoid the pain which a generous giver must receive from one who treads upon his pearl, and insults him by his utter want of feeling for its beauty.

Angel of Death Arcade Publishing

"Istanbul, Istanbul turns on the tension between the confines of a prison cell and the vastness of the imagination; between the vulnerable borders of the body and the unassailable depths of the mind. This is a harrowing, riveting novel, as unforgettable as it is inescapable." —Dale Peck, author of *Visions and Revisions* "A wrenching love poem to Istanbul told between torture sessions by four prisoners in their cell beneath the city. An ode to pain in which Dostoevsky meets *The Decameron*." —John Ralston Saul, author of *Or Equilibrium*; former president, PEN International "Istanbul is a city of a million cells, and every cell is an Istanbul unto itself." Below the ancient

streets of Istanbul, four prisoners—Demirtay the student, the doctor, Kamo the barber, and Uncle Küheylan—sit, awaiting their turn at the hands of their wardens. When they are not subject to unimaginable violence, the condemned tell one another stories about the city, shaded with love and humor, to pass the time. Quiet laughter is the prisoners' balm, delivered through parables and riddles. Gradually, the underground narrative turns into a narrative of the above-ground. Initially centered around people, the book comes to focus on the city itself. And we discover there is as much suffering and hope in the Istanbul above ground as there is in the cells underground. Despite its apparently bleak setting, this novel—translated into seventeen languages—is about creation, compassion, and the ultimate triumph of the imagination.

The European Union is in crisis. Crippled by economic problems, political brinkmanship, and institutional rigidity, the EU faces an increasingly uncertain future. In this compelling essay, leading scholar of European politics, Jan Zielonka argues that although the EU will only survive in modest form - deprived of many real powers - Europe as an integrated entity will grow stronger. Integration, he contends, will continue apace because of European states' profound economic interdependence, historic ties and the need for political pragmatism. A revitalized Europe led by major cities, regions and powerful NGOs

will emerge in which a new type of continental solidarity can flourish. The EU may well be doomed, but Europe certainly is not.

Emmanuel, a young man with spinal tuberculosis and confined to a sanatorium outside Paris, narrates his and his fellow patients' attempts to live life to the fullest as their bodies slowly atrophy and die. Blending dark humor and pathos, *Scarred Hearts* was hailed as a masterpiece on publication in Romanian in 1939, and was more recently compared to Thomas Mann's *Magic Mountain* and the fiction of Franz Kafka. Like Emmanuel, Max Blecher suffered from tuberculosis of the spine, and spent the last year of his life in a full body cast and wheelchair, before dying at age twenty-nine with two novels completed.
