A Kingdom of Images Cambridge University Press

Now a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is “ a captivating story of love lost and found ” (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was

just one problem: Saro's traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro's family just as he faced a formidable cancer that would consume all their dreams. From Scratch chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi

was estranged from Saro's family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law's table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro's romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke's case, it is both. "Locke's raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones" (Publishers Weekly), but her story

is also about love, finding a home, and chasing flavor as an act of remembrance. From Scratch is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.

Once considered the golden age of French

printmaking, Louis XIV's reign saw Paris become a powerhouse of print production. During this time, the king aimed to make fine and decorative arts into signs of French taste and skill and, by extension, into markers of his imperialist glory. Prints were ideal for achieving these goals; reproducible and transportable, they fueled the sophisticated propaganda machine circulating images of Louis as both a man of war and a man of culture. This richly illustrated

catalogue features more than one hundred prints from the Getty Research Institute and the Bibliothèque nationale de France in Paris, whose print collection Louis XIV established in 1667. An esteemed international group of contributors investigates the ways that cultural policies affected printmaking; explains what constitutes a print; describes how one became a printmaker; studies how prints were collected; and considers their reception in the

ensuing centuries. **A Kingdom of Images** is published to coincide with an exhibition on view at the Getty Research Institute from June 18 through September 6, 2015, and at the Bibliothèque nationale de France in Paris from November 2, 2015, through January 31, 2016. **New York Magazine** Rough Guides UK Au point, the leading advanced-level French course, has been fully revised and updated, to match the requirements of the new AS and A GCE specifications.
