nearly wordless tale offers
a fascinating window into
an imaginary, yet
hauntingly familiar world
under our feet, where a

the precarious balance

Smart, warm, telling, and funny, *Funny, Your Don't Look Like a Grandmother* is the perfect bouquet for today's grandmother, that active and interesting woman who is old enough to be somebody's grandmother and young enough to run around the world. Lois Wyse's new book, charmingly illustrated by Lilla Rogers, is a collection of wit and wisdom for today's Nana, Grandma, Goo-Goo, or Gran. How can you recognize today's grandmother? Easy, says Wyse. The grandmother is the one who goes out more and complains less than her daughter. In the spirit of Erma Bombeck and Bill Cosby, Lois Wyse tells loving and amusing stories that illustrate the joys of contemporary grandmothers. According to Lois Wyse, "A mother becomes a true grandmother

the day she stops noticing the terrible things her children do because she is so enchanted with the wonderful things her grandchildren do."

Contemporary grandmothers and their children and grandchildren will see themselves in these reflections of family life that include everything from how it feels to become a grandmother to gentle advice on parenting and career grandmothers. Funny, *You Don't Look Like a Grandmother* is the first nontraditional book about grandmothers who may not look like grandmothers -- but who love as deeply as the generations of grannies who preceded them.

This book presents an interest-driven model of reading that focuses on students' strengths and abilities, not their deficits.

In this rich examination of how we inherit and transform myths, Hans Blumenberg continues his study of the philosophical roots of the modern world. *Work on Myth* is in five parts. The first two analyze the characteristics of myth and the stages in the West's work on myth, including long discussions of such authors as Freud, Joyce, Cassirer, and Valéry. The latter three parts present a comprehensive account of the history of the Prometheus myth, from Hesiod and Aeschylus to Gide and Kafka. This section includes a detailed analysis of Goethe's lifelong confrontation with the Prometheus myth, which is a unique synthesis of "psychobiography" and history of ideas. *Work on Myth* is included in the series *Studies*

in *Contemporary German Social Thought*, edited by Thomas McCarthy.

Of all the mysteries that Hazel and I have investigated, the *Case of the Deepdean Vampire* was one of the strangest. It was not a murder, which was a pity - but I did solve it very cleverly, and so I decided it ought to be written down, so that other people could read it and be impressed. Camilla Badescu is in the fifth form, and has pale skin, dark hair and red

lips. She comes from Romania (which is practically Transylvania). She doesn't eat at meals. And she seemed to have an unhealthy influence over another pupil, Amy Jessop. Now, I do not believe in vampires - I am the Honourable Daisy Wells, after all. But when I heard the rumour that Camilla was seen climbing head-first down a wall, I knew it was time to investigate...
