"There are a couple of hundred songs that are sung by millions across the world each day, that school children know by heart and sports fans belt out perfectly even after eight beers. And they aren't pop songs u they are national anthems. These are songs which inspire the fiercest of feelings: for some they are a declaration of nationalistic pride; for others a rallying cry for revolution; and for others still they serve as a shameful reminder of past wrongs. And yet, despite the fact that

for many of us they form a fundamental part of our national consciousness, the fascinating stories underlying the creation and adoption of each national anthem have rarely, if ever, been told. In Republic or Death, Alex Marshall brings the incredible stories of the world's national anthems to life. Taking in Europe, the Middle East, Asia, Africa and the Americas North and South, he embarks on an adventure that includes cycling the route along which French revolutionaries marched as they first sang La Marseillaise; entering a competition for the best singer of the Star-Spangled Banner; and attempting to bribe his way to an audience with the king of Nepal in order to uncover the story behind the only national anthem written on a Casio keyboard. In the course of his enthralling and often

hilarious travels, Alex encounters everyone from senior politicians and anthem composers to the sports fans and activists from whom these songs evoke such a wide range of emotions. Along the way, he uncovers the fascinating cultural and musical history of the world's anthems, and also asks us to consider what they mean for us today." The twin acts of singing and fighting for freedom have been inseparable in African American history. *May We Forever Stand* tells an essential part of that story. With lyrics penned by James Weldon Johnson and music composed by his brother Rosamond, "Lift Every Voice and Sing" was embraced almost immediately as an anthem that captured the story and the aspirations of black Americans. Since the song's creation, it has been adopted by the NAACP and performed by countless artists in times of both crisis and celebration, cementing its place in African American life up through the present day. In this rich, poignant, and readable work, Imani Perry tells the story of the Black National Anthem as it traveled from South to North, from civil rights to black power, and from countless family reunions to Carnegie Hall and the Oval Office. Drawing on a wide array of sources, Perry uses "Lift Every Voice and Sing" as a window on the powerful ways African Americans have

used music and culture to organize, mourn, challenge, and celebrate for more than a century.

Americans have long debated the cause of the December 7, 1941 bombing of Pearl Harbor. Many have argued that the attack was a brilliant Japanese military coup, or a failure of U.S. intelligence agencies, or even a conspiracy of the Roosevelt administration. But despite the attention historians have paid to the bombing of Pearl Harbor, the truth about that fateful day has remained a mystery—until now. In *Operation Snow: How a Soviet Mole in FDR's White House Triggered Pearl Harbor*, author John Koster uses recently declassified evidence and never-before-translated documents to tell the real story of the day that FDR memorably declared would live in infamy, forever. Operation

Snow shows how Joseph Stalin and the KGB used a vast network of double-agents and communist sympathizers—most notably, Harry Dexter White—to lead Japan into war against the United States, demonstrating incontestable Soviet involvement behind the bombing of Pearl Harbor. A thrilling tale of espionage, mystery and war, Operation Snow will forever change the way we think about Pearl Harbor and World War II.

This is an account of an American woman's recent travels through North Korea. Throughout her journey, she continually witnessed rundown villages, starving children with hollow eyes, haggard women crawling in the fields for single grains of rice and civilians unloading food aid at the point of bayonets. The author predicts that North Korea's economic reform, which has just started, will progress slowly, but that the country will one day be open to the outside world. It may, however, take another twenty years for this reform to be complete. Small, reluctant changes have already happened though, and this book expresses optimism that one day the North Korean people will end their isolation and join the world's mainstream.

For people of African descent, music constitutes a unique domain of expression. From traditional West African drumming to South African kwaito, from spirituals to hip-hop, Black life and history has been dynamically displayed and contested through sound. Shana Redmond excavates the sonic histories of these communities through a genre emblematic of Black solidarity and citizenship: anthems. An interdisciplinary cultural history, *Anthem* reveals how this "sound franchise" contributed to the growth and mobilization of the modern, Black citizen. Providing new political frames and aesthetic articulations for protest organizations and activist-musicians, Redmond reveals the anthem as a crucial musical form following World War I.

Beginning with the premise that an analysis of the composition, performance, and uses of Black anthems allows for a more complex reading of racial and political formations within the twentieth century, Redmond expands our understanding of how and why

diaspora was a formative conceptual and political framework of modern Black identity. By tracing key compositions and performances around the world—from James Weldon Johnson's "Lift Ev'ry Voice and Sing" that mobilized the NAACP to Nina Simone's "To Be Young, Gifted & Black" which became the Black National Anthem of the Congress of Racial Equality (CORE)—*Anthem* develops a robust recording of Black social movements in the twentieth century that will forever alter the way you hear race and nation. Shana L. Redmond is Assistant Professor of American Studies and Ethnicity at the University of Southern California. She is a former musician and labor organizer.
