'Compelling, clever. Packed with macabre and fascinating forensic details. A stunning debut' Mo Hayder After months of hunting a ruthless murderer that the press has dubbed the Thorn Killer, Detective Carver is shot in his own home. His trusted partner, Ruth Lake, is alone with him. Yet instead of calling for help, she wipes the room clean of prints. But Carver isn't dead. Awakening in hospital, he has no memory of being shot, but is certain that his assailant is the Thorn Killer. Though there's no evidence to support his claim, Carver insists the

attack is an attempt to scare him off the psychopath's scent. One person knows the truth and she's not talking. She's also now leading the Thorn Killer investigation while Carver recuperates. But Ruth is keeping a deadly secret, and she'll cross every line - sacrificing her colleagues, her career, and maybe even her own life - to keep it from surfacing. Midwinter, Julia Spencer-Fleming's Malice Domestic-winning first mystery, Reverend Clare Fergusson was quickly introduced to a more eventful life than she had expected after moving to the small town of Millers Kill in upstate New York. But the Episcopal priest and former Army Air Force chopper pilot proved to her flock—and to police chief Russ Van Alstyne—that she could cope with the unexpected, even when it was as dire as murder. In this new adventure for the two ill-matched friends (who are gamely resisting something beyond friendship), evidence shows that a small town can hold just as much evil as the Wicked City. The Chicago Tribune says "[Spencer-Fleming] pulls it off again" in

bestselling author Candice Fox delivers a compulsive new crime thriller in *Redemption Point*. When former police detective Ted Conkaffey was wrongly accused of abducting Claire Bingley, he hoped the Queensland rainforest town of Crimson Lake would be a good place to disappear. But nowhere is safe from Claire's devastated father. Dale Bingley has a brutal revenge plan all worked out - and if Ted doesn't help find the real abductor, he'll be its first casualty. Meanwhile, in a dark roadside hovel called the Barking Frog Inn, the bodies of two young bartenders lie on the beer-sodden floor. It's Detective Inspector Pip Sweeney's first homicide investigation - complicated by the arrival of private detective Amanda Pharrell to 'assist' on

the case. Amanda's conviction for murder a decade ago has left her with some odd behavioural traits, top-to-toe tats - and a keen eye for killers . . . For Ted and Amanda, the hunt for the truth will draw them into a violent dance with evil. Redemption is certainly on the cards - but it may well cost them their lives . . . "A tremendous book, the biography of a city which charts the multifarious pathways from bacilli to burgomaster." - Roy Porter, London Review of Books Why were nearly 10,000 people killed in six weeks in Hamburg, while most of Europe was left almost unscathed? As Richard J. Evans explains, it was largely because the town was a "free city" within Germany that was governed by the "English" ideals of laissez-faire. The absence of an effective public-health policy combined with ill-founded medical theories and the miserable living conditions of the poor to create a scene ripe for tragedy. The story of the "cholera years" is, in Richard Evans' hands, tragically revealing of the age's social inequalities and governmental pitilessness and incompetence; it also offers disquieting parallels with the world's public-health

landscape today, including the current coronavirus crisis.

North America. *THE FORGOTTEN GIRLS* Four days later, Louise Rick still had no answers. The body of an unidentified woman was discovered in a local forest. A large, unique scar on one side of her face should have made the identification easy, but nobody has reported her missing. As the new commander of the Missing Persons Department, Louise risks involving the media by releasing a photo of the victim, hoping to find someone who knew her. Louise's gamble pays off: an older woman phones to say that she recognizes the woman as Lisemette, a child she once cared for in the state mental institution many years ago.

Lisemette, like the other children in the institution, was abandoned by her family and branded a "forgotten girl." But Louise soon discovers something more disturbing: Lisemette had a twin, and both girls were issued death certificates more than thirty years ago. Aided by her friend journalist Camilla Lind, Louise finds that the investigation takes a surprising and unsettling turn when it brings her closer to her childhood home. And as she uncovers more crimes that were committed--and hidden--in the forest, she is forced to confront a terrible link to her own past that has been carefully concealed.

In this thrilling mystery set in rural Sweden, Detective Inspector Embla Nyström must solve a murder case and find two missing children before the small town takes matters into their own hands. When a little girl disappears a few weeks before Christmas, suspicion falls on the last person she was seen with: the teenage loner who gave her a ride home after school.

Complicating the matter is the fact that detectives can hardly get a word out of him. When a second child disappears and a police officer is found dead, tensions in the small town of Strömstad reach an all-time high. Meanwhile, 28-year-old Detective Inspector Embla Nyström has just returned to

work and is still recovering from her recent brush with a killer, which left her unable to get back in the ring to defend her title of Nordic light welterweight champion. As she hunts for the missing children, Embla can't help but think of the case that has been haunting her for years: the disappearance of her childhood best friend. Could the incidents be linked?
