"Few taboos are left to incorporate into the literature of the gay world. Nearly everything has been said, sensationalized, exploited, done and redone, sometimes well, sometimes self-indulgently. But one taboo, sex between adults and children, has received little attention from serious writers for a very good reason: most people, gay or otherwise, find it morally repugnant. Incredibly, Jean-Paul Daoust has turned a relationship of this kind into hypnotic poetry. The book is unique in its sensitivity to a universe of forbidden love and sex between a man in his early twenties and a boy of six and a half years. The boy's age is used like a leitmotif, recurring on nearly every page of the poem, as though to remind the reader of how unique the experience is, whether between straight

persons or gay. Because of the critical age difference between manhood and childhood, it is not 'just another love story.' It is an epic melodrama of passion, love, betrayal and cruelty that is related here in obsessive, often hallucinatory poetry, but more importantly, it is all seen through the eyes of a child who is not only a victim as we might readily suppose, but an aggressor as well. Gay literature will never be the same after this book" — Daniel Sloate.

The Virgin and the Child are amongst the most favourite

artistic themes since the Middle Ages. Mary was frequently depicted with the Christ Child. This religious scene showcases a mother and her son, sometimes accompanied by other protagonists. Originally distant and formal, the relationship between the two figures was expressed with tenderness at the end of the Middle Ages and became more human. Amongst the famous artists who have treated the subject of the Virgin and the Child are, most notably, Cimabue, Jean Fouquet, Quentin Metsys, Botticelli, Leonardo da Vinci, Raphael, Rubens, and many others. 300 pictures and more than 500 pages including detailed captions, offer a thorough insider view on the subject.

Love on the Job Kodansha Comics Tibetan religion and the art which illuminates it are a summation, an interweaving of many strands - shamanic spiritualism, magic myth, insights into time and death, combined in a unique form of Buddhism. Tibet retained its own religious and imaginative art for centuries without interference from the outside world, until the Chinese invasion of 1950 brought wholesale destruction. What remains - inside and outside Tibet - is doubly precious. The magnificent and mysterious arts of Tibet are much more than an adjunct to spiritual life; they are dwellings for the divine and images of inner states. Here text and illustrations together enter into the meanings of Tibetan imagery and practice, and reveal both the sources and living manifestations of Tibetan Buddhist belief and philosophy.
