En 1999 la doctora Mary Neal murió en un accidente de kayak, estuvo en el cielo y regresó a la vida. Esa extraordinaria experiencia aumentó su fe en la humanidad y su esperanza en el futuro. Un accidente durante una aventura en Sudamérica conduce a una mujer al Cielo -donde experimenta la paz, la alegría y la gracia de los ángeles- y de regreso a la vida. En 1999, la Dra. Mary Neal, cirujana ortopédica, esposa y madre, se ahogó durante un accidente de kayak en Chile. Al caer de una cascada, su kayak quedó atrapado en el fondo y ella quedó totalmente sumergida. A pesar de los esfuerzos de sus compañeros, Mary permaneció bajo el agua demasiado tiempo y murió. *Ida y vuelta al Cielo* es la extraordinaria y verdadera historia del posterior viaje espiritual de Mary y de lo que le sucedió al ir de la muerte a la vida eterna y de regreso a la vida. Al describir sus sentimientos y su entorno en el Cielo, su comunicación con los ángeles y la profunda tristeza que sintió cuando se dio cuenta de que su momento aún no había llegado, Mary comparte con nosotros la cautivadora experiencia de este milagro. Desde entonces, la vida de Mary ha cambiado para siempre gracias al descubrimiento de su propósito en la Tierra, a su nueva conciencia de Dios, a estrechar su relación con Jesús y al reconocimiento de su propio viaje espiritual. *Ida y vuelta al Cielo* te pondrá en contacto nuevamente con la esperanza, la maravilla y la promesa del Cielo, al tiempo que enriquecerá tu propia fe y tu recorrido junto a

Dios. Un relato impresionante que enaltece, a partir de la experiencia de la autora, la esperanza que buscamos en la vida.

The Vow Thomas Nelson

Un niño sale de una cirugía, que le salvo la vida, contando asombrosas historias acerca de su visita al cielo. El cielo es real es la verdadera historia del hijo de cuatro años del pastor de un pequeño pueblo de Nebraska que durante una operación de emergencia visitó el cielo. El niño sobrevivió y afirma que veía, desde un plano superior, al doctor operando y a su padre orando en la sala de espera. La familia no sabía que creer, aunque pronto la evidencia se hizo más clara. Colton decía que conoció a su hermana que murió antes de nacer, de la que nadie le había hablado; y a su abuelo, que muriera treinta años antes de que Colton naciera. Además, describía el caballo que solamente Jesucristo montaba, lo enorme que era Dios y su silla, y la manera en que el Espíritu Santo derrama poder desde el cielo para ayudarnos.

Relatado por su padre, el mensaje es que El cielo es real, que Cristo ama a los niños y que estemos preparados, porque viene la última batalla.

As one of the many installments in Jules Verne's Voyage Extraordinaire series, Journey to the Center of the Earth promises high stakes and thrilling adventure. When Professor Otto Lidenbrock bought an ancient runic manuscript, which chronicles the lives of Norwegian Kings, he did not expect to learn of anything but the history of Icelandic leaders. However, upon further inspection, Lidenbrock and his nephew, Axel, find that the manuscript includes a coded message written by a 16th century alchemist. After rigorous translating and decoding, Axel and Lidenbrock discover the content of the note, in which the author reveals that it is possible to travel to the center of the Earth through volcanic passages. When Lidenbrock heard the news, he immediately started preparations to start the journey, though Axel was skeptical. When Lidenbrock's will proves to be more powerful than his nephew's doubt, the two decide to make the journey, recruiting an Icelandic tour guide named Hans on the way. As the three men make their way to inactive volcanic tubes, they embark on a high-stake adventure, facing dangers of cave-ins, subpolar tornados, an underground ocean and prehistoric creatures. The three men stay strong in their adventure, knowing the risky journey promises superior knowledge and acclaim, granted that they make it out alive. With the combination of science fiction and the adventure genre, Jules Verne created a novel that captures the attention of his audience. Originally published in 1864, Journey to the Center of the Earth still provides modern readers with entertainment and insight with its detailed and imaginative prose. Journey to the Center of the Earth can be read independently or as a companion to the other titles of Jules Verne's critically acclaimed series, Voyage Extraordinaire. This edition of Journey to the Center of the Earth by Jules Verne now features an eye-catching cover design and is printed in a stylish and readable font, crafting an assessible and pleasant reading experience for modern audiences.

My Time in Heaven Convergent Books

The author of the #1 New York Times bestseller *Proof of Heaven* teams up with the sages of times past, modern scientists, and with ordinary people who have had profound spiritual experiences to show the reality of heaven and our true identities as spiritual beings. *The Map of Heaven* takes the broad view to reveal how modern science is on the verge of the most profound revolution in recorded history—all around the phenomenon of consciousness itself! When Dr. Eben Alexander told the story of his near-death experience and his vivid journey to the other

side, many readers wrote to say it resonated with them profoundly. Thanks to them, Dr. Alexander realized that sharing his story allowed people to rediscover what so many in ancient times knew: there is more to life, and the to the universe, than this single earthly life. Dr. Alexander and his co-author Ptolemy Tompkins were surprised to see how often his readers' visions of the afterlife synced up with each other and with those of the world's spiritual leaders, as well as its philosophers and scientists. In *The Map of Heaven*, he shares the stories people have told him and shows how they are echoed both in the world's faiths and in its latest scientific insights. It turns out there is much agreement, across time and terrain, about the journey of the soul and its survival beyond death. In this book, Dr. Alexander makes the case for heaven as a genuine place, showing how we have forgotten, but are now at last remembering, who we really are and what our destiny truly is.

GOD IS FOR REAL, a new book from author of the best-seller HEAVEN IS FOR REAL, addresses soul-searching questions about God, like What is God like? Why are things the way they are in spite of who God is? If Todd's first book, Heaven Is for Real, was about the then and there of heaven, GOD IS FOR REAL is about the here and now on earth: Why are there are so many hypocritical church people? Why do Christians make such a big deal about the cross? Why doesn't God seem to answer our biggest prayers? People are tired of pat answers offered up in churchy language explaining away their questions; we want the down-and-dirty truth. What bothers us about life and faith is real and gritty. We need a plain-spoken voice to offer God's answers to difficult struggles and painful doubts. Todd charges into these subjects with a fireman's courage, a small-town friend's vulnerability, and a local pastor's compassion. He helps articulate the questions people have, then gives them relevant biblical wisdom for taking their next steps in faith. God is ready to meet you! Are you ready to meet Him?
