"All the men I did get to know, every single man of them, has filled me with but one desire: to lift my hand and bring it smashing down on his face. But because I am a woman I have never had the courage to lift my hand. And because I am a prostitute, I hid my fear under layers of make-up."

Questo libro nasce da un lavoro di indagine e testimonianza di bambini e adolescenti sulle violazioni dei diritti dell'infanzia nel mondo, insieme alle azioni intraprese dalle istituzioni e dalla scuola per accogliere le istanze di

bambini e “restituire” loro i diritti negati. Lo scopo del libro è dunque consentire di “leggere” con comprensione profonda le sofferenze e il vissuto, e far capire che la difesa dei diritti comporta attenzione ad aspetti diversi nei diversi Paesi del mondo, essendo diverse le violazioni subite da bambini che vivono in situazioni pacifiche rispetto a chi vive in zone di guerra, di negazione del diritto di abitare nel proprio territorio, con la propria cultura e rappresentanza politica e amministrativa.

Part travelogue, part autobiography, "The Road to Mecca" is the compelling story of a Western journalist and adventurer who converted to Islam in the early twentieth century. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle

East, Afghanistan and India. This is an account of Asad's adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man's search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, "The Road to Mecca" is a work of immense value today.

A New York Times Notable Book of 2017 • Named a Best Book of the Year by Slate and NPR • Longlisted for the Orwell Prize One of our most important public intellectuals reveals the hidden history of our current global crisis How can we explain the origins of the great wave of paranoid hatreds that seem inescapable in our close-knit world—from American shooters and ISIS to Donald Trump, from a rise in vengeful nationalism across the world to racism and misogyny on social media? In *Age of Anger*, Pankaj Mishra answers our bewilderment by casting his gaze back to the eighteenth century before

leading us to the present. He shows that as the world became modern, those who were unable to enjoy its promises—of freedom, stability, and prosperity—were increasingly susceptible to demagogues. The many who came late to this new world—or were left, or pushed, behind—reacted in horrifyingly similar ways: with intense hatred of invented enemies, attempts to re-create an imaginary golden age, and self-empowerment through spectacular violence. It was from among the ranks of the disaffected that the militants of the nineteenth century arose—angry young men who became cultural nationalists in Germany, messianic revolutionaries in Russia, bellicose chauvinists in Italy, and anarchist terrorists internationally. Today, just as then, the wide embrace of mass politics and technology and the pursuit of wealth and individualism have cast many more billions adrift

in a demoralized world, uprooted from tradition but still far from modernity—with the same terrible results. Making startling connections and comparisons, *Age of Anger* is a book of immense urgency and profound argument. It is a history of our present predicament unlike any other.

The ethnic and religious violence that characterized the late twentieth century calls for new ways of thinking and writing about politics.

Listening to the voices of people who experience political violence—either as victims or as perpetrators—gives new insights into both the sources of violent conflict and the

potential for its resolution. Drawing on her extensive interviews and conversations with Sikh militants, Cynthia Keppley Mahmood presents their accounts of the human rights abuses inflicted on them by the state of India as well as their explanations of the philosophical tradition of martyrdom and meaningful death in the Sikh faith. While demonstrating how divergent the world views of participants in a conflict can be, *Fighting for Faith and Nation* gives reason to hope that our essential common humanity may provide grounds for a pragmatic resolution of conflicts such as the one in Punjab which has claimed tens of thousands of lives in the past fifteen years.

*Spotlight on First* is a fully comprehensive course that has been revised to be in line with the new Cambridge English exam specifications for January 2015. It prepares adults and younger

learners to excel in the revised exam. An exciting new feature of this revised edition is the Ideas Generator. Test takers need to generate ideas to pass the Speaking and Writing papers of the exam. The Ideas Generator uses National Geographic videos to stimulate students' interest in common exam topics, help them build ideas about these topics and gather the language they need to effectively write or speak about them. After each video lesson students will have a bank of ideas, functional language and vocabulary tied to eight topics that commonly appear in the exam. One of the most difficult parts of the exam for students is the Speaking Test. The Speaking Test videos and worksheets prepare students to deal with this challenge by getting them to engage with simulations of all four parts of the Speaking test. *The Simple Life of René Guénon* Henry Holt and Company (BYR) A groundbreaking history of the political ideas that made modern India *Violent Fraternity* is a major history of the political thought that laid the foundations

of modern India. Taking readers from the dawn of the twentieth century to the independence of India and formation of Pakistan in 1947, the book is a testament to the power of ideas to drive historical transformation. Shruti Kapila sheds new light on leading figures such as M. K. Gandhi, Muhammad Iqbal, B. R. Ambedkar, and Vinayak Savarkar, the founder of Hindutva, showing how they were innovative political thinkers as well as influential political actors. She also examines lesser-known figures who contributed to the making of a new canon of political thought, such as B. G. Tilak, considered by Lenin to be the "fountainhead of revolution in Asia," and Sardar Patel, India's first deputy prime minister. Kapila argues that it was in India that modern political languages were remade through a revolution that defied fidelity to any exclusive ideology. The book shows how the foundational questions of politics were addressed in the shadow of imperialism to create both a sovereign India and the world's first avowedly Muslim nation, Pakistan. *Fraternity* was

---

lost only to be found again in violence as the Indian age signaled the emergence of intimate enmity. A compelling work of scholarship, *Violent Fraternity* demonstrates why India, with its breathtaking scale and diversity, redefined the nature of political violence for the modern global era.

For Fatima, Maria and the other unseen children of Hussain Khan's carpet factory, Iqbal Masih's arrival is both the end of hope and its beginning. It is Iqbal who tells them that their family's debt will never be cancelled, no matter how many inches of progress they make in their rugs, no matter how neat their knots or how perfect the pattern they weave. But it is also Iqbal who is brave enough to talk about the future, to plan their escape - and to encourage the children to stand together against their master's injustice. Who promises Fatima that next

spring they are going to fly akite 'whatever happens.' Based on a true story, this is a poignant and lyrical novel about child labour and human rights issues. Una introducción seria y magníficamente escrita por el respetado historiador de las religiones Bruce Lawrence a uno de los libros más famosos del mundo. «Lo hemos hecho descender con la Verdad y con la Verdad ha descendido. No te hemos enviado [Mahoma] sino como anuncio de buenas nuevas y como monitor.» El Corán Pocos libros han sido tan mal comprendidos a lo largo de la historia como el Corán. Considerado la palabra

directa de Alá, fue enviado en una serie de revelaciones al profeta Mahoma, y es adorado por los musulmanes de todo el mundo, en quienes despierta devoción, pasión, y en ocasiones miedo. En este libro, el respetado historiador de las religiones Bruce Lawrence, muestra por qué el Corán es el islam. Describe los orígenes de la fe musulmana en la Arabia del siglo VII y explica por qué el Corán ha de ser memorizado y recitado por sus seguidores. Lawrence también estudia a los escépticos y los comentaristas del libro, y evalúa su inmensa influencia en la sociedad y la política contemporáneas. Sobre todo, Lawrence subraya que el Corán es un libro sagrado de símbolos que no tiene un único mensaje. Es un libro que exige ser interpretado, y que solo

puede ser comprendido correctamente a través de su historia.

#1 NEW YORK TIMES BESTSELLER • We all have dreams—things we fantasize about doing and generally never get around to. This is the story of Azar Nafisi's dream and of the nightmare that made it come true. For two years before she left Iran in 1997, Nafisi gathered seven young women at her house every Thursday morning to read and discuss forbidden works of Western literature. They were all former students whom she had taught at university. Some came from conservative and religious families, others were progressive

and secular; several had spent time in jail. They were shy and uncomfortable at first, unaccustomed to being asked to speak their minds, but soon they began to open up and to speak more freely, not only about the novels they were reading but also about themselves, their dreams and disappointments. Their stories intertwined with those they were reading—Pride and Prejudice, Washington Square, Daisy Miller and Lolita—their Lolita, as they imagined her in Tehran. Nafisi's account flashes back to the early days of the revolution, when she first started teaching at the University of Tehran amid the swirl of protests and demonstrations. In those frenetic days, the students took control of the university, expelled faculty members and purged the curriculum. When a radical Islamist in Nafisi's class questioned her decision to teach *The Great Gatsby*, which he saw as an immoral work that preached falsehoods of "the Great Satan," she decided to let him put *Gatsby* on trial and stood as the sole witness for the defense. Azar Nafisi's luminous

tale offers a fascinating portrait of the Iran-Iraq war viewed from Tehran and gives us a rare glimpse, from the inside, of women's lives in revolutionary Iran. It is a work of great passion and poetic beauty, written with a startlingly original voice. Praise for Reading Lolita in Tehran "Anyone who has ever belonged to a book group must read this book. Azar Nafisi takes us into the vivid lives of eight women who must meet in secret to explore the forbidden fiction of the West. It is at once a celebration of the power of the novel and a cry of outrage at the reality in which these women are trapped. The ayatollahs don't know it, but Nafisi is one of the heroes of the Islamic Republic."—Geraldine Brooks, author of *Nine Parts of Desire* *The Negro Motorist Green Book* DEBATE

Cientos de libros recogen la historia de niños y niñas que hicieron grandes hazañas siendo adultos.

Personalidades que han pasado

a la historia y que hoy en día son referentes en distintos campos. Pero, ¿sabía que existen multitud de casos donde son los propios niños quienes han protagonizado proezas, siendo lo que son, simple y llanamente niños? Este libro, dirigido a adultos, plasma 50 relatos de pequeños valientes que han marcado la historia reciente. Sucesos como el de Benedicto IX, quien se convirtió en el papa más joven con apenas 12 años y fue tildado como cruel y mujeriego. Relatos como el de Robbie Mannheim que, con tan solo 15 años, vivió unas de las experiencias más aterradoras que se recuerdan y dio lugar a una de las películas de terror más taquilleras de la historia, *El exorcista*. O la historia de los niños vacunas, que fueron enviados al Nuevo Mundo con una cura en su

interior para paliar una terrible epidemia de viruela. Niños que inventaron objetos fascinantes, pequeños que escribieron cartas a gobernantes para detener guerras e infantes que dominaron imperios ocupan las páginas de este libro. Todos ellos tienen una particularidad en común: cambiaron nuestra manera de pensar, de vivir y de sentir con apenas unos pocos años de vida. Consiga su ejemplar, disfrute de cada historia y déjese llevar por las emociones que sentirá al leerlas. El 10 de diciembre de 1948, la Asamblea General de las Naciones Unidas aprobó la Declaración Universal de Derechos Humanos, un texto que pretende garantizar su aplicación a todas las personas y alcanzar una igualdad que todavía es utópica. Además de la Declaración, en la actualidad destacan decenas de tratados internacionales y regionales

de derechos humanos. Lo más curioso es que algunos de ellos están suscritos por países en conflicto, uno de los principales motivos de vulneración de derechos humanos.

Khaled Hosseini is one of the most widely read and beloved novelists in the world. His novels have sold more than 38 million copies worldwide.

Now, six years after *A Thousand Splendid Suns* debuted at #1, spending fourteen consecutive weeks at #1 and nearly a full year on the hardcover list, Hosseini returns with a book that is broader in scope and setting than anything he's ever written before. A multigenerational-family story revolving around brothers and sisters, it is an emotional, provocative, and unforgettable novel about

how we love, how we take care of one another, and how the choices we make resonate through generations. With profound wisdom, insight and compassion, Hosseini demonstrates once again his deeply felt understanding of the bonds that define us and shape our lives—and of what it means to be human.
