Eddie Mannix and Howard Strickling are virtually unknown outside of Hollywood and little-remembered even there, but as General Manager and Head of Publicity for Metro-Goldwyn-Mayer Studios, they lorded over all the stars in

Hollywood's golden age from the 1920s through the 1940s--including legends like Garbo, Dietrich, Gable and Garland. When MGM stars found themselves in trouble, it was Eddie and Howard who took care of them--solved their problems, hid their crimes, and kept their secrets. They were "the Fixers." At a time when image meant everything and the stars were worth millions to the studios that owned them, Mannix and Strickling were the most important men at MGM. Through a complex web of contacts in every arena, from reporters and doctors to corrupt police and district attorneys, they covered up some of the most notorious crimes and scandals in Hollywood history, keeping stars out of jail and, more importantly, their names out of the papers. They handled problems as diverse as the murder of Paul Bern (husband of MGM's biggest star, Jean Harlow), the studio-directed drug addictions of Judy Garland, the murder of Ted Healy (creator of *The Three Stooges*) at the hands of Wallace Beery, and arranging for an unmarried Loretta Young to adopt her own child--a child fathered by a married Clark Gable. Through exhaustive research and interviews with contemporaries, this is the never-before-told story of Eddie Mannix and Howard Strickling. The dual biography describes how a mob-related New Jersey laborer and the quiet son of a grocer became the most powerful men at the biggest studio in the world.

The Match Kensington Publishing Corp. Interweaving the stories of American golfer Francis Ouimet and British champion Harry Vardon, this narrative chronicles their legendary confrontation at the 1913 U.S. Open, a competition that marked the rise of modern golf.

We Did Everything But Win Penguin For years Southern minister Francis X. Walter was silent about the injustices of Jim Crow, blinded by the status quo, until the violent killing of a fellow priest during the civil rights movement. From *Preaching to Meddling* is the story of how Walter turned from passive objector to outspoken agitator, marked with Walter's humor and personal recollections of the most formative period of modern American history. In a fascinating, funny, sometimes searing memoir, retired Episcopal priest Francis X. Walter shares his journey from the days of the Great Depression in Mobile, Alabama, across decades of Deep South segregation, and into the interracial struggles for racial justice and freedom in Alabama. The founder of the Selma Inter-religious Project, Walter's story includes growing up in multi-ethnic, segregated Mobile and learning life lessons at theology schools in Sewanee and New York. Returning to Alabama, Walter spent years as an Episcopal priest navigating how to serve white parishes in Alabama while challenging the racism that most congregants believed was a God-given right. After the tragic murder of seminarian Jonathan Daniels shortly after the Selma to Montgomery March in 1965, Walter moved from pastoring segregationists to agitating against them as he became a committed supporter of the struggles for civil

rights and racial justice in George Wallace's Alabama. From *Preaching to Meddling* is a personal chronicle of some of the nation's civil rights struggles in Alabama and of the memoirist's own struggles with faith and fault. While recounting the people and communities he joined in fighting against the white South's racial order in rural Alabama, Walter candidly shares questions, dilemmas, and perceptions of his own shortcomings. His is an engaging portrait of momentous times and of himself as both conflicted priest and crusading white Southerner.

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, NPR, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The *New York Times Magazine*'s award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every

part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life.
