 Less than 2 percent of entrepreneurs succeed, only 15 percent employees get the best hikes, promotions and appraisal ratings. Less than 1 percent get to senior management positions and higher. Does this mean the rest do not work as hard or are not as smart? They are! But there are subtle, yet profound differences. According to bestseller author, TGC Prasad, there is more to accomplishments than just working hard or at times even being smarter. Working Hard is Not Good Enough is an insightful management book for all who want to make a difference to their performance, potential and life in general—to achieve success and importantly happiness.
