### Homemade Medical Face Mask

Sannainvest Limited  
If you want to know how you can make medical face masks and hand sanitizers to protect yourself and your loved ones whenever you leave home, then keep reading... Today's situation is very unpredictable and more and more people get infected

every day due to the novel virus. The majority of doctors and specialists recommend people should ALWAYS use masks and have hand sanitizers with them whenever they go out at the local Walmart or at the Pharmacy. Many even recommend wearing gloves, which you should - but unfortunately, this 2-books-in-one bundle does not cover the subject of making your own approved gloves. So what is the solution for you considering protective masks are either difficult to find, or too expensive? The solution is, really, learning how to make your own protective masks and hand sanitizers yourself, in your own home. SO, WHY

Blurb

Do It Yourself (DIY) homemade emergency essentials. The book Do It Yourself (DIY) Homemade Disinfectant Sprays, Wipes, Hand Sanitizer and Face Mask is a simple but complete and practical tutorial

---

guide written to help you avoid germs, bacteria and viruses. Hence, you will be able to protect yourself and protect your family as well. These home made items, and products such as face masks (both non medical & disposable ones) and homemade hand sanitizer are part of the protective measures. They are used for diseases

prevention and protection especially in this period. Making your own bleach and unscented disinfecting spray and wipe can be super easy if you follow the directions and instructions in this book. Of course, if you want to make a disinfectant with alcohol, i.e. alcoholic based, it

is already made easy and available in this book. These disinfectants can also serve as cleaning wipes that kills germs thereby making you to prevent diseases and to be germ free. The surfaces to clean and disinfect rooms or places inclusive such as, bathroom, floor, kitchen, toilet and other multi-surface are

---

well explained in this book. The type of paper for the wipes and its alternatives were also discussed in this book. Hand sanitizers are useful especially when you don't have access to soap and running water. The sanitizer recipes and ingredients listed in this book manual such as aloe Vera in gel form, with fragrance, and

with natural essential oils are very cheap to obtain. This promotes better health and well being. Facemasks are used to cover mouth and nose; the facial part of our body. Hence, we need to purchase them and have them handy. However, the ready made face masks displayed for sale are expensive and difficult to

buy due to the prevalent health challenges. In other words, most of them are already sold out. Therefore, we need to learn how to make masks at home and we need to wear them while outside in order to stay safe and healthy. You do not need to worry; this book is a user guide. This guide will definitely teach

---

you how to make breathable face mask so there won't be any need to buy one. It has pictorial illustrations on different directions and patterns of face masks. In addition, the medical face masks listed here include pattern, fabric cloth, and material for sewing, reusable and washable

cotton. They came with filter pocket, and ear hooks. Likewise, they are for different sizes; both large and small, examples: kids, teens, and adults. These are well explanatory and available. This book is therefore well designed to meet your homemade needs and purpose. So, get it and start making your

homemade emergency products. Just hit the BUY button now to download.

*DIY Homemade Face  
Mask Hand Sanitizer  
and Disinfectant  
Wipes Guide*

Do you want your child to be able to make masks and hand sanitizers for all of your family & friends - thus keeping him active and also entertained? THE MASKS AND HAND SANITIZERS Today's situation is very unpredictable and more and more

people get infected every day due to the novel virus. Most doctors and specialists recommend people should ALWAYS use masks and have hand sanitizers with them whenever they go out at the local Walmart or at the Pharmacy -you know this already. However, there is a very short supply of masks and hand sanitizers right

now. And even if you would be able to find them, they will be surely greatly overpriced. KEEPING YOUR CHILD ENTERTAINED WITH A HEALTHY ACTIVITY Do you find it difficult to entertain your child while also choosing activities that are beneficial for him during the lock-down? Well, having your child able to make

---

protective face masks and hand sanitizers for himself and for the whole family could be a great idea - don't you think? This will not only keep your child active and entertained, but it will also give him some skills he could use later in life and he will also help out his mother and father. How cute is that?

Your own child actually helping you and your significant other stay protected. The solution for you, your child, and even the whole family (and your friends included)! The solution for keeping your child active and entertained while actually making him efficient and helping him learn a few new skills

along the way -and helping your family at the same time, is - this guide. The guide was specifically crafted for children (from 10 years old and above). This means you should not worry about needing any kind of skill to start doing this. Also, this means, the techniques chosen in the book are

---

completely harmless and can easily be made in your home. However, supervising your child while doing is recommended. Here's what your child will learn in - DIY Homemade Medical Face Mask: 5 different types of masks your child will learn how to make! The 6 easy steps (patterns) in which almost any common mask can be created The benefits tips to have your child deal with the close-contact issue And more! Now, as already mentioned this book is specifically designed for children. That does not mean an adult could not use it. It just means the techniques inside are simpler (while still providing the same results), there are easier explanations, and

---

the book has pictures! You are only one click away from adding an entertaining activity for your lovely child which is perfect for this time - that will also add some new skills to his knowledge. An activity your family and friends will benefit from as well! Think about saying to your best friend or

your colleague - "here, I am offering you a mask and a hand sanitizer - my son and daughter made them specially for you!" Popular Mechanics  
Make Your Own DIY Reusable Face Masks, and Help Protect Your Family and Friends from the Pandemic Crisis Do you want to help protect yourself and your family and friends from the spread of bacteria and viruses? Are you interested in learning to make DIY reusable face masks from the comfort of your own

---

home? If you answered "yes" to any of these questions, keep reading. We are currently experiencing a crisis with the onslaught of a pandemic. It is disrupting our lives continually causing harm by infecting a large number of people. Governments all around the world and the World

Health Organization are recommending everyone to use face masks. Sadly, many people either do not have high-quality face masks, or they are too expensive, or they do not know how to use them correctly. Face Masks are here to stay. However, we have been noticing that the number of infection incidents is on the rise. As such, we

need to take extra precautions including using better quality masks that conform to the highest quality. As the awareness about them grows, face masks are becoming hard to find and if they are available they are quite expensive and not reusable. This book is timely because it is a practical guide and will show

---

you how to make premium quality face masks even if you have never made masks before. Here's a preview of this amazing book, and what else you'll learn: What are the qualities of the best face masks available today, and what do you need to know before you attempt to make your own. What are the do's and don'ts of

making premium quality DIY face masks, and what materials do you need. What is the correct way to use a cloth mask, and how to effectively use an N95 face mask. What are the common issues that arise when making DIY face masks and how to avoid them. How can you ensure that your DIY face masks conform to the highest quality

standards . . . . . And much more! We know that face masks are an indispensable tool in ensuring that there is adequate protection available against bacteria and viruses. What is required is that these masks be of the highest quality possible and are reusable. Once we make these face masks, we can ensure that our

---

family and friends have added protection and we can even donate these masks to hospitals for front line workers in this time of crisis. This is an incredible guide to help you be safe, and do your part to help your community in fighting the pandemic. So, scroll up and click the "Buy now with 1-click" button and
