Hilarious, deeply moving, mind-bending, original, romantic, and surprising, this debut teen novel by Emil Ostrovski will appeal to fans of John Green, Chris Crutcher, and Andrew Smith. Gary Shteyngart, author of the New York Times bestseller *Super Sad True Love Story*, says: "Do yourself a favor and get inside a car with Emil Ostrovski immediately! The Paradox of Vertical Flight is an amazing road trip. You're in for one heck of a ride." An Indie Next Pick! On the morning of his eighteenth birthday, Jack Polovsky kidnaps his own baby, names him Socrates, stocks up on baby supplies at Walmart, and hits the road with his best friend, Tommy, and with the baby's mother, Jess. As they head to Grandma's house (eluding the police at every turn), Jack tells baby Socrates the Greek myths—because all stories spring from those stories, really. Even this one. By turns funny, heart wrenching, and wholly original, this debut novel by Emil Ostrovski explores the nature of family, love, friendship, fatherhood, and myth. "Shares a sense of humor and philosophical bent with such YA authors as John Green and Chris Crutcher. But the story and likable characters are Ostrovski's own, a delightful mix of quirky, intelligent, naive, well-intentioned, and just plain dumb teens. A delightful success."—ALA Booklist

In a novel in two voices, a popular teen and an artistic loner forge an unlikely bond — and create an entire universe — via texts. But how long before the real world invades Starworld? Sam Jones and Zoe Miller have one thing in common: they both want an escape from reality. Loner Sam flies under the radar at school and walks on eggshells at home to manage her mom's obsessive-compulsive disorder, wondering how she can ever leave to pursue her dream of studying aerospace engineering. Popular, people-pleasing Zoe puts up walls so no one can see her true self: the girl who was abandoned as an infant, whose adoptive mother has cancer, and whose disabled brother is being sent away to live in a facility. When an unexpected encounter results in the girls' exchanging phone numbers, they forge a connection through text messages that expands into a private universe they call Starworld. In Starworld, they find hilarious adventures, kindness and understanding, and the magic of being seen for who they really are. But when Sam's feelings for Zoe turn into something more, will the universe they've built survive the inevitable explosion?
