stageIncludes chapters on Shakespeare and Marlowe as well as other early modern dramatistsDid you know that Ovid was a multifaceted icon of lovesickness, endless change, libertinism, emotional torment and violence in early modern England? This is the first collection to use adaptation studies in connection with other contemporary theoretical approaches in analysing early modern transformations of Ovid. It provides innovative perspectives on the 'Ovids' that haunted the early modern stage, while exploring intersections between adaptation theory and gender/queer/trans studies, ecofeminism, hauntology, transmediality, rhizomatics and more.

This book examines the multidimensional, ubiquitous role that Ovid and Ovidian adaptations played in English Renaissance drama and theatrical performance.

Crosswind Vol. 1 Rutgers University Press

An award-winning writer rescues seven first-rate twentieth-century women artists from oblivion--their lives fascinating, their artwork a revelation. Who hasn't wondered where-aside from Georgia O'Keeffe and Frida Kahlo-all the women artists are? In many art books, they've been marginalized with cold efficiency, summarily dismissed in the captions of group photographs with the phrase "identity unknown" while each male is named. Donna Seaman brings to dazzling life seven of these forgotten artists, among the best of their day: Gertrude Abercrombie, with her dark, surreal paintings

---

and friendships with Dizzy Gillespie and Sonny Rollins; Bay Area self-portraitist Joan Brown; Ree Morton, with her witty, oddly beautiful constructions; Lois Mailou Jones of the Harlem Renaissance; Lenore Tawney, who combined weaving and sculpture when art and craft were considered mutually exclusive; Christina Ramberg, whose unsettling works drew on pop culture and advertising; and Louise Nevelson, an art-world superstar in her heyday but omitted from recent surveys of her era. These women fought to be treated the same as male artists, to be judged by their work, not their gender or appearance. In brilliant, compassionate prose, Seaman reveals what drove them, how they worked, and how they were perceived by others in a world where women were subjects-not makers-of art. Featuring stunning examples of the artists' work, *Identity Unknown* speaks to all women

about their neglected place in history and the challenges they face to be taken as seriously as men no matter what their chosen field-and to all men interested in women's lives.

*Crossings in Text and Textile* David C Cook

First published in 1995, the book describes personal experiences of those who cross-dress and sex change, how they organise

themselves socially - in both 'outsider' and 'respectable' communities. The contributors consider the dominant medical framework through which gender blending is so often seen and look at the treatment afforded gender blending in literature, the press and the recently emerged telephone sex lines. The book concludes with a discussion of the lively debates that have taken place concerning the politics of transgenderism in recent years, and examines its prominence in recent contributions to contemporary cultural theory and queer theory.

Crossdressing in Context, Vol. 2: Today's Transgender Realities University of Chicago Press

Since young male players were the norm during the English Renaissance, were all cross-dressed performances of female characters played with the same degree of seriousness? Probably not. Spectrums of Representation in Shakespearean Crossdressing examines these varied types of female characters in English Renaissance drama, drawing from a range of play texts themselves in order to investigate if evidence exists for varying performance practices for male-to-female crossdressing. This book argues for a reading of the representation of female characters on the English Renaissance stage that not only suggests categorizing crossdressing along a spectrum of theatrical artifice, but also explores how this

---

range of artifice enriches our understanding of the plays. The scholarship surrounding cross-dressing rarely makes this distinction, since in our study of early modern plays we tend to accept as a matter of course that all crossdressing was essentially the same. The basis of *Spectrums of Representation in Shakespearean Crossdressing* is that it was not. [The Routledge Handbook of Latin American Development](#) DS Brewer

*Sarah Waters: Gender and Sexual Politics* uniquely brings together feminist and queer theoretical perspectives on gender and sexuality through close analysis of works by Sarah Waters. This timely study examines topics ranging from heterosexuality, homosexuality, masculinities, femininities, sex, pornography, and the cultural effects of othering and domination across her work. The book covers

each of Waters's published novels to date including *Tipping the Velvet*, *Fingersmith* and *The Paying Guests* and also considers her non-fiction and academic writing as well as the television adaptations of her texts. O'Callaghan situates Water's writing as an important textual space for the examination of contemporary gender and sexuality studies and locates her as an astute commentator and contributor to twenty-first century gender and sexual politics. *Queer Movie Medievalisms Image Comics The Routledge Companion to Gender, Sexuality, and Culture* is an intersectional, diverse, and comprehensive collection essential for students and researchers examining the intersection of sexuality and culture. The book seeks to reflect established theories while anticipating future developments within gender, sexuality, and cultural studies. A range

of international contributors, including leaders in their field, provide insights into dominant and marginalised subjects. Comprising over 30 chapters, the volume is comprised into five thematic parts: Identifying, Embodying, Making, Doing, and Resisting. Topics explored include homonormativity, poetry, video games, menstruation, fatness, disability, sex toys, sex work, BDSM, dating apps, body modifications, and politics and activism. This is an important and unique collection aimed at scholars, researchers, activists, and practitioners across cultural studies, gender studies and sociology.

On My Honor Bloomsbury Publishing

In a timely contribution to current debates over the psychology of boys and the construction of their social lives, On My Honor explores the folk customs of adolescent males in the Boy Scouts of America during a summer encampment in California's Sierra Nevada. Drawing on more than twenty years of research and extensive visits and interviews with members of the troop, Mechling uncovers the key rituals and play events through which the Boy Scouts shapes boys into men. He describes the campfire songs, initiation rites, games, and activities that are used to mold the Scouts into responsible adults. The themes of honor and character alternate in this new study as we witness

---

troop leaders offering examples in structure, discipline, and guidance, and teaching scouts the difficult balance between freedom and self-control. What results is a probing look into the inner lives of boys in our culture and their rocky transition into manhood. *On My Honor* provides a provocative, sometimes shocking glimpse into the sexual awakening and moral development of young men coming to grips with their nascent desires, their innate aggressions, their inclination toward peer pressure and violence, and their social acculturation. *On My Honor* ultimately shows how the Boy Scouts of America continues to edify and mentor young men against the backdrop of controversies over freedom of religious expression, homosexuality, and the proposed inclusion of female members. While the organization's bureaucracy has taken an unyielding stance against gay men and atheists, real live Scouts are often more open to plurality than we might assume. In their embrace of tolerance, acceptance, and

understanding, troop leaders at the local level have the power to shape boys into emotionally mature men.

*Making It Like a Man: Canadian Masculinities in Practice* is a collection of essays on the practice of masculinities in Canadian arts and cultures, where to “make it like a man” is to participate in the cultural, sociological, and historical fluidity of ways of being a man in Canada, from the country’s origins in nineteenth-century Victorian values to its immersion in the contemporary post-modern landscape. The book focuses on the ways Canadian masculinities have been performed and represented through five broad themes: colonialism, nationalism, and transnationalism; emotion and affect; ethnic and minority identities; capitalist and domestic politics; and the question of men’s relationships with themselves and others. Chapters include studies of well-known and more obscure figures in the Canadian arts and culture scenes,

---

such as visual artist Attila Richard Lukacs; writers Douglas Coupland, Barbara Gowdy, Simon Chaput, Thomas King, and James De Mille; filmmakers Clement Virgo, Norma Bailey, John N. Smith, and Frank Cole; as well as familiar and not-so-familiar tokens of Canadian masculinity such as the hockey hero, the gangsta rapper, the immigrant farmer, and the drag king. *Making It Like a Man* is the first book of its kind to explore and critique historical and contemporary masculinities in Canada with a special focus on artistic and cultural production and representation. It is concerned with mapping some of the uniquely Canadian places and spaces in the international field of masculinity studies, and will be of interest to academic and culturally informed audiences.

Hermaphroditities: The Transgender Spirituality Workbook iUniverse

Transgender Realities is a brief introduction to gender variant people and to the judgments made about them. The volume begins with a consideration of what gender is and does, and how this relates to all of us. Turning to specific consideration of transgender people, the book offers what research reveals about them, but also what they report about themselves. The causes of transgender, how society responds to it, and how partners, family and friends relate to a transgender person are only a few of the

matters discussed. Also included is a survey of transgender across history and around the world, how transgender interacts with religion, and the changing way mental health professionals are working with transgender people. This volume is a "must have" introduction.
