Embroider with Beads SAGE Publishing India
C'est à travers l'expérience d'un styliste-modéliste aguerri, Nils-Christian Ihlen-Hansen, que cet ouvrage traite de la difficile technique des drapés dans la culture vestimentaire de la mode occidentale. Jeux de transparences, mouvances des matières et du corps entrent dans le jeu subtil de cet exercice. Donnant au modélisme du vêtement ses lettres de noblesse, par sa technique de coupe, ses choix d'étoffes nobles et la dextérité qu'il

demande, le drapé apporte au vêtement une notion d'oeuvre d'Art qui en fait un exercice de style prisé et magnifié par les grands noms de la mode.

In this brand-new collection of stories, Bapsi Sidhwa returns to chronicling the lives and loves of those on both sides of the Indo-Pak border. A wife worries for her family's survival during the 1965 Indo-Pak war. A mother is horrified when she learns that her daughter wants to marry her American boyfriend. An American housewife living in

Lahore has a tempestuous affair with a Pakistani minister. An aged matriarch travels to the USA to discover she must confront a traumatic memory from her past. Finely nuanced, and laced with Sidhwa's sharply comic observations, this is a stellar collection of tales from one of the subcontinent's most important and beloved writers.

Fashion is everywhere. It is one of the main ways in which we present ourselves to others, signaling what we want to communicate about our sexuality, wealth, professionalism, subcultural and political allegiances, social status, even our mood. It is also a global industry with huge economic, political and cultural impact on the lives of all of us who make, sell, wear or even just watch fashion. Fashion: the key concepts presents a clear introduction to the complex world of fashion. The aim throughout is to present a comprehensive but also accessible and provocative analysis. Readers will discover how the fashion industry is structured and how it thinks, the links between catwalk, celebrity branding, media promotion and mainstream retail, how clothes

mean different things in different parts of the world, and how popular culture influences fashion and how fashion shapes global culture. Illustrated with a wealth of photographs, the text is further enlivened with over 30 detailed and rich case studies - ranging across topics as diverse as the meaning of black in fashion, the rise of celebrity branding, the cult of thinness, the politics of veiling, the eroticism of shoes and the power of cosmetics. Features: § Boxed chapter overviews open each chapter § Bullet points summarizing key ideas conclude each chapter § Chapter discussions are illustrated with integrated case material § Each chapter is supported by extended Case Studies § Key words are highlighted in chapters and defined in an extensive Glossary § Further Reading guides the reader to other literature § A timeline of Fashion Milestones provides a chronology of major events in the history of fashion

Menswear Trends will help you understand the relationship of menswear to society, enabling you to become both a forecaster and trend thinker – and bring new ideas, innovation and strategies to men's fashion. With designer and educator Aki Choklat you'll learn how menswear trends fit within the larger context of retail, how brands can use trends to be more competitive, and how to create an inspiring trend forecast. Later chapters show how to analyse catwalks, gather information from street-style coverage, compare short-term and long-term analysis and how to analyse and forecast colour trends. In the final chapter you'll explore the various job roles within the trend industry, learn to differentiate between trend services and how to navigate the contemporary job market and illustrate your skills in a portfolio. Dress Design Patterns of Various
Reigns from Antique Costume By
Talbot Hughes From Prehistoric to
Nineteenth Century Victorian The
designing and making of Costume is a
craft--sometimes artistic--with which
we are all more or less concerned. It
is also, in its own way, one of the
living arts, that is, it is still carried
forward experimentally by experts
directly attached to the "business." It
has not yet been subjected to rules of
good taste formulated by Academies
and Universities; but when Inigo
Jones, the great architect, was asked
to make some designs for fancy dress,
he based them on the Five Orders of

Architecture, and ponderous fancies
they were. If we look for the main
stem of principle on which modern
Costume develops, we seem to find it
in the desire for freshness, for the
clean, the uncrushed, and the perfectly
fitted and draped. Probably a modern
lady's ideal would be to wear a dress
once, and then burn it. A correlative of
the ideal of freshness is the delight in
perfect "cut," and the rapidly changing
fashions are doubtless conditioned in
part by the desire for the new and
unsullied. "Novelty" is a guarantee of
newness. In such ephemeral
productions it would be vain to seek
for certain fine types of excellence
which were once common when
dresses were not so lightly cast aside.
So it is necessary that we should
understand what the ruling principle is,
for it is one which will not be set aside
at the bidding of well-meaning
reformers. I will only venture to say
that it would be desirable to make the
attempt to separate in some degree
the more constant elements of dress
from those which are more variable. It
will seem a pity to more than outsiders
that a "well-dressed" person need

wear so little which deserves to have been made by human hands, and nothing which deserves to be preserved. Fine laces and jewels are allowed to be antique--could not the circle of such things be a little broadened? A properly groomed man carries about on him literally nothing worth looking at. We might surely look for a watch-chain with some delicacy of handiwork--something beyond mechanical reductions of iron cables. Fine buttons might conceivably be made to go with the studs, or be made of crystal, amethyst, and silver or gold. Women might allow of the transfer of fine embroidered applications from one dress to another, or make more use of clasps and the like. I am confident that when it is pointed out, it will be felt as a shortcoming that no part of a fine lady's dress need now be too good to throw away. Although the present volume is cast into the form of a history, it is also intended to be a book of suggestions; and the hope is held that modern dressmakers may refer to it as much as, or more than, those who are interested in dress from the

historical point of view. The Encyclopedia of the Indian Diaspora is the first comprehensive survey of Indian communities around the world. Over 30 contextual features show the initiatives taken by these communities and the contributions they have made both internationally and to their host societies, in areas as diverse as literature, cuisine, popular culture, sports and political life. The greater part of the book consists of 44 country/region profiles covering all

parts of the world. Written by over 60 scholars from across the globe, most of whom are from the diaspora, the encyclopedia provides insights into the experiences of a people about whom much is often assumed but little is actually known. The recent expansion of the Indian diaspora, now some 20-million strong and growing, is a social transformation of global significance. Many members of the diaspora have reached the highest levels of global commerce and trade, international public service and diplomacy, the professionals and academia. In addition, the creative literature from and about the diaspora holds a distinctive and distinguished place in the world's literary imagination.

Arguably the most famous fashion designer of the 20th century, Christian Dior's feminine fashions were desired, worn, and emulated by women around the world. This new publication by ROM Press explores the brilliance behind Dior's dramatic creations that revived the entire Paris haute couture industry after the devastation of World War II. In

1947, the opening of the new couture house and the revolutionary 'New Look' swept away the wartime masculine silhouette making Christian Dior's postwar fashions desired, worn and copied by women around the world. The publication features the Royal Ontario Museum's collection of Christian Dior couture and is accompanied by sketches and material from Christian Dior Héritage, along with photographs of the collection taken by world-renowned Dior photographer Laziz Hamani. The collection features striking designs from daytime to evening wear. The book breaks new ground as it explains key Dior signatures, based on the use of innovative and historical dressmaking techniques, which revived the Paris haute couture industry following the Second World War. The publication presents new information drawn from extensive research wedded with close examination of the designs within this catalogue, making it an essential read for those interested in fashion, art, culture, and history. Exhibition: Royal Ontario Museum, Toronto, Canada (25.11.2017-18.03.2018).

Broccoli and Other Tales of Food and Love Hodder & Stoughton
Each of Lara Vapnyar's six stories

invites us into a world where food and love intersect, along with the overlapping pleasures and frustrations of Vapnyar's uniquely captivating characters. Meet Nina, a recent arrival from Russia, for whom colorful vegetables represent her own fresh hopes and dreams . . . Luda and Milena, who battle over a widower in their English class with competing recipes for cheese puffs, spinach pies, and meatballs . . . and Sergey, who finds more comfort in the borscht made by a paid female companion than in her sexual ministrations. They all crave the taste and smell of home, wherever—and with whomever—that may turn out to be. A roundup of recipes are the final taste of this delicious collection.

If there is one name in the American equestrian story that everyone knows, it is George Morris. A horse lover, rider, carouser, competitor, taskmaster, dreamer, teacher, and visionary, George Morris has been ever-present on the

rarified stage of the international riding elite for most of the 70 years he ' s been in the saddle. He has represented our country as an athlete and a coach and, at one time or another, instructed many of our nation ' s best horsemen and women. His carefully chosen, perfectly enunciated words are notoriously powerful. They can raise you up or cut you to the quick. His approval can be a rainmaker; his derision can end a career. But as much as people know and respect (or, perhaps, fear) the public face of George Morris, he has lived, in other ways, a remarkably private life, keeping his own personal struggles with insecurity, with ambition, and with love behind closed doors. It is only now that he has chosen, in his own words, to share the totality of his life—the very public and the incredibly private—with the world. This engrossing autobiography, the real story of the godlike George Morris, beautifully demonstrates his ultimate humanity.

The Wrestler's Body tells the story of a way of life organized in terms of physical self-development. While Indian wrestlers are competitive athletes, they are also moral reformers whose conception of self and society is fundamentally somatic. Using the insights of anthropology, Joseph Alter writes an ethnography of the wrestler's physique that elucidates the somatic structure of the wrestler's identity and ideology. Young men in North India may choose to join an akhara, or gymnasium, where they subject themselves to a complex program of physical and moral fitness. Alter's first-hand description of each detail of the wrestler's regimen offers a unique perspective on South Asian culture and society. Wrestlers feel that moral reform of Indian national character is essential and advocate their way of life as an ideology of national health. Everyone is called

on to become a wrestler and build collective strength through self-discipline.
