There's No Such Thing as a Dragon

McFarland

The Harry Potter phenomenon created a surge in reading with a lasting effect on all areas of culture, especially education. Today, teachers across the world are harnessing the power of the series to teach history, gender studies, chemistry, religion, philosophy, sociology, architecture, Latin, medieval studies, astronomy, SAT skills, and much more. These essays discuss the diverse educational possibilities of J.K. Rowling's books. Teachers of younger students use Harry and Hermione to encourage kids with disabilities or show girls the power of being brainy scientists. Students are

reading fanfiction, splicing video clips, or exploring Rowling's new website, Pottermore. Harry Potter continues to open new doors to learning.

Success in Reading and Writing Wayne State University Press

Offers ideas for improving abstract thinking skills using fairy tales and fantasy and includes exercises and activity suggestions for classroom use.

Lutheran Teacher-training Series for the Sunday School Random House Books for Young Readers

A story for every kid who wants a pet dragon! When Billy Bixbee finds a tiny

dragon in his bedroom, his mom tells him, “There’s no such thing as a dragon!” This only makes the dragon get bigger. He grows, and grows, and grows, until he’s bigger than Billy’s house—and that’s just the beginning! A funny, madcap story and playful illustrations by beloved author-illustrator Jack Kent pair in a book that will have children wondering if maybe friendly pet dragons do exist after all!

Channeling Wonder Good Year Books
Pedagogical models and methodologies for engaging with fairy tales in the classroom.
Kindergarten and First Grade Balboa Press

By unlocking the hidden spiritual truths of fairy tales, we gain understanding of the deep mystical meaning, hidden in the depths of such

stories, and how these insights can be applied to the lives of modern day truth seekers. Through study, we realize the journey itself and the great battles we must fight to overcome the demons and dragons deep within us. In *The Witch and the Fairy as Teacher in Fairy Tales*, Sufi leader Nuria Daly explores the inner realms of the creative imagination and our common crucial purpose of finding and integrating the Creative Feminine. This book introduces many worthy themes for reflection as a wonderful eye-opener to reading the symbolic psychological dimension of popular stories. Great stuff. I love it! a beautiful telling of the inner spiritual journey from the outer realm of dualism via the union of

opposites, through growth in wholeness, towards oneness with the divine. Can be read time and again, and as the lessons are learnt and practiced, ones subsequent understanding and self-realization are deepened. This is the essence of wisdom literature indeed. Dr Nicholas Coleman, Director of School of Spiritual Studies The book springs from decades of teaching Sufi wisdom. The voice is not a narrative voice but a meditative one, providing a renewal or indeed a reimagining of the wisdom voice of Sufism. The text is an allegory of the teaching process. It teaches about teaching. - William M. Johnston, Emeritus Professor of History (University of Massachusetts) and Editor, The Encyclopedia of

Monasticism.

Fairy-Tale Films Beyond Disney Libraries Unlimited

Uncover the fairy tale secrets that made the Grimms famous. By analyzing Grimms' fairy tales from a writer's perspective, you can learn how to write better fairy tales faster. Resources in Education Routledge

Discover a collection of fairy tales unlike the ones you've read before . . . Once upon a time, in the middle of winter, a King sat at a window and sewed. As he sewed and gazed out onto the landscape, he pricked his finger with the needle, and three drops of blood fell onto the snow outside. People have been telling fairy tales to their children for hundreds of years. And for almost as long, people have been rewriting those fairy tales - to help their children imagine a world where they are the heroes. Karrie and Jon were reading their child these stories when they hit upon a dilemma, something previous versions of these stories were missing, and so they decided to make one vital change..

They haven't rewritten the stories in this book. They haven't reimagined endings, or reinvented characters. What they have done is switch all the genders. It might not sound like that much of a change, but you'll be dazzled by the world this swap creates - and amazed by the new characters you're about to discover.

Gender Swapped Fairy Tales Amaretto Press

This book teaches readers how to plan and write fractured fairy tales. They will discover what a fractured fairy tale is, how to prepare a plot outline, develop characters, revise and edit the story, and write a final draft of the narrative. A variety of activities provide hints and tips along the way to support the development of characters, clear event sequences, plot

elements, and the overall creative writing process.

The Witch as Teacher in Fairy Tales

Greenwood Publishing Group

From Cinderella to comic con to colonialism and more, this companion provides readers with a comprehensive and current guide to the fantastic, uncanny, and wonderful worlds of the fairy tale across media and cultures. It offers a clear, detailed, and expansive overview of contemporary themes and issues throughout the intersections of the fields of fairy-tale studies, media studies, and cultural studies, addressing, among others, issues of reception, audience cultures, ideology, remediation, and adaptation. Examples

and case studies are drawn from a wide range of pertinent disciplines and settings, providing thorough, accessible treatment of central topics and specific media from around the globe.

Fairy Tales in the Classroom

Fitzhenry & Whiteside Limited

Standardized tests and college essay prompts demand that students produce quality analytical writing about abstract concepts. But how do you actually teach this kind of writing? Award-winning authors Gretchen Bernabei and Judi Reimer make it easy and fun. This book includes 35 engaging lessons that give students just the focused practice they need to craft effective, analytical writing for any situation. Centered on classic fairy

tales and designed for students of all ages, each lesson includes a writing prompt accompanied by a planning framework. Students write a truism, select or create a text structure, and write a kernel essay that serves as scaffolding for a detailed rhetorical piece. With practice, students move from depending on teacher guidance to becoming autonomous analytical writers. The teacher-friendly layout and built-in flexibility of the book empower you to Use each fairy tale lesson for reading, for writing, or for both Cluster lessons around a particular literacy concept or use each as a standalone lesson Pair fairy tales thematically with other readings Customize the text structure options to

meet the needs of your individual students Encourage students to create their own text structures Teach students simple ways to expand their ideas into detailed, rich essays Additional ideas for how to use the lessons, a complete collection of text structures, craft lessons on revision, and a list of conversation strategies are also included. Put Text Structures From Fairy Tales to work in your classroom and soon your students will be writing happily ever after.

Covering over 300 years, this volume of essays articulates the literary, ideological and historical contexts in which fairy tales evolved in Italy and France. The tales analyzed were each appropriated from oral tradition by professional men and women of letters and thus reveal a cultural history

Teaching Fairy Tales Wayne State University Press

Activities include lessons on the elements of narrative writing, figurative language, grammar, proofreading/editing skills, and includes ways to encourage the readers to feel that they are involved in the stories.

The Ohio Teacher Scholastic Picture Books

Television has long been a familiar vehicle for fairy tales and is, in some ways, an ideal medium for the genre. Both more mundane and more wondrous than cinema, TV magically captures sounds

and images that float through the air to bring them into homes, schools, and workplaces. Even apparently realistic forms, like the nightly news, routinely employ discourses of “once upon a time,” “happily ever after,” and “a Cinderella story.” In *Channeling Wonder: Fairy Tales on Television*, Pauline Greenhill and Jill Terry Rudy offer contributions that invite readers to consider what happens when fairy tale, a narrative genre that revels in variation, joins the flow of television experience. Looking in detail at programs from Canada, France, Italy, Japan, the UK, and the U.S., this volume’s twenty-three international contributors demonstrate the wide range of fairy tales that make their way into televisual forms. The writers look at fairy-tale adaptations in musicals like Rodgers and Hammerstein’s *Cinderella*, anthologies like Jim Henson’s

The Storyteller, made-for-TV movies like Snow White: A Tale of Terror, Bluebeard, and the Red Riding Trilogy, and drama serials like Grimm and Once Upon a Time. Contributors also explore more unexpected representations in the Carosello commercial series, the children's show Super Why!, the anime series Revolutionary Girl Utena, and the live-action dramas Train Man and Rich Man Poor Woman. In addition, they consider how elements from familiar tales, including "Hansel and Gretel," "Little Red Riding Hood," "Beauty and the Beast," "Snow White," and "Cinderella" appear in the long arc serials Merlin, Buffy the Vampire Slayer, and Dollhouse, and in a range of television formats including variety shows, situation comedies, and reality TV. Channeling Wonder demonstrates that fairy tales remain ubiquitous on TV, allowing for variations but still resonating with the wonder tale's familiarity. Scholars of cultural studies, fairy-tale studies, folklore, and television studies will enjoy this first-of-its-kind volume.

From Court to Forest Faber & Faber This groundbreaking book by a renowned children's author provides teachers in the early grades with the background and practical approaches they need to maximize the potential of traditional tales with their students. Full color throughout.

Fables, Myths, and Fairy Tales
Sourcebooks, Inc.

Fairy-tale adaptations are ubiquitous in modern popular culture, but readers and scholars alike may take for granted the many voices and traditions folded into

today's tales. In *Fairy Tales Transformed?: Twenty-First-Century Adaptations and the Politics of Wonder*, accomplished fairy-tale scholar Cristina Bacchilega traces what she terms a "fairy-tale web" of multivocal influences in modern adaptations, asking how tales have been changed by and for the early twenty-first century. Dealing mainly with literary and cinematic adaptations for adults and young adults, Bacchilega investigates the linked and yet divergent social projects these fairy tales imagine, their participation and competition in multiple genre and media systems, and their relation to a politics of wonder that contests a naturalized hierarchy of Euro-American literary fairy tale over folktale and other wonder genres. Bacchilega begins by assessing changes in contemporary understandings and adaptations of the Euro-American fairy tale since the 1970s, and introduces the fairy-tale web as a network of reading and writing practices with a long history shaped by forces of gender politics, capitalism, and colonialism. In the chapters that follow, Bacchilega considers a range of texts, from high profile films like Disney's *Enchanted*, Guillermo del Toro's *Pan's Labyrinth*, and Catherine

Breillat's Bluebeard to literary adaptations like Nalo Hopkinson's *Skin Folk*, Emma Donoghue's *Kissing the Witch*, and Bill Willingham's popular comics series, *Fables*. She looks at the fairy-tale web from a number of approaches, including adaptation as "activist response" in Chapter 1, as remediation within convergence culture in Chapter 2, and a space of genre mixing in Chapter 3. Chapter 4 connects adaptation with issues of translation and stereotyping to discuss mainstream North American adaptations of *The Arabian Nights* as "media text" in post-9/11 globalized culture. Bacchilega's

epilogue invites scholars to intensify their attention to multimedia fairy-tale traditions and the relationship of folk and fairy tales with other cultures' wonder genres. Scholars of fairy-tale studies will enjoy Bacchilega's significant new study of contemporary adaptations.

The Scientific Method in Fairy Tale
Forest Routledge

Let's Tell a Story: Fairy Tale Adventure
Wayne State University Press

This book "draws on fairy tales as the context for practicing the scientific method and learning scientific

knowledge."--Cover back.

Lessons from Grimm Wayne State University Press

The fourth installment in the beloved Fairy Tale Reform School series where the teachers are (former) villains Reform or relapse? Things at Fairy Tale Reform School are great. Rumpelstiltskin has been ousted, and everyone is buzzing about the fact that Beauty and Prince Sebastian (aka the Beast) have joined the teaching staff. Everyone, that is, except Gilly, who can't seem to focus on anything but Anna. How is it that her beloved sister somehow went bad and joined up with Rump? And why doesn't

anyone seem to care? Sure, the Royal Court says they're working on it, but they've got exactly nothing to show for it. But when new-kid Jack joins FTRS with tales of his own family being snatched by Rump, Gilly knows she's in good company. Jack wants answers, just like Gilly. And if the Royal Court can't get the job done, then maybe it's time to break some rules... This series is perfect for read-alongs between parents and kids and engaging reluctant readers.
