In this epic YA fantasy debut, magic, a prized resource, is the only thing between peace and war. When magic runs out, four estranged royal siblings must find a new source before their country is swallowed by invading forces. The first in an Indian-inspired duology that's perfect for fans of *There Will Come a Darkness*, *The Gilded Wolves*, and *We Hunt the Flame*. Vira, Ronak, Kaleb, and Riya may be siblings, but they've never been close or even liked each other that much. Torn apart by the different paths their lives have taken, only one thing can bring them back together: the search for the Ivory Key, a thing of legend that will lead the way to a new source of magic. Magic is Ashoka's biggest export and the only thing standing between them and war with the neighboring kingdoms—as long as their enemies don't find out that the magic mines are nearly depleted. The siblings all have something to gain from finding the Ivory Key, and even more to lose if they don't. For Vira, the Ivory Key is the only way to live up to the legacy of her mother, the beloved former maharani. Ronak plans to get out of his impending political marriage by selling the Ivory Key to the highest bidder. Kaleb has been falsely accused of assassinating the former maharani, and this is the only way to clear his name. And Riya needs to prove her loyalty to the Ravens, the group of rebels that wants to take control away from the maharani and give it to the people. With each sibling harboring secrets and conflicting agendas, figuring out a way to work together may be the most difficult task of all. And in a quest this dangerous, working together is the only way to survive.

The writings of K.V. Subbanna reveal the range, dimension and courage of an intellectual who never, ever, let the pressures of contemporary cultural politics affect his free and open enquiries into the nature of the culture of the land he was rooted in. K.V. Subbanna was an organic intellectual who drew his intellectual powers from a sense of community that was vibrant and alive and never from the context of a centralising nation-state and its dominant quality of homogenizing practically every aspect of social and cultural life. The spirit of decentralisation was what a community symbolised for Subbanna and all his writings – on literature, theatre, cinema, language – engender this vital principle of decentralization. For that matter even the smallest community was, for him, a complex, heterogeneous universe, quite autonomous at one level, yet, at another, an integral part of the entire globe... In other words, for Subbanna concern for the community also meant a deep commitment to the whole world for the two are part of, and grow from, each other. It was this faith in the 'local' and the 'global' that helped Subbanna locate Ninasam in Heggodu while drawing from ideas, thinkers, artistes from all over the world... This book contains three sections comprising several essays and lectures by Subbanna written and delivered at various points of time; an interview that he conducted and two interviews others conducted with him; and tributes paid to him by two individuals who are important cultural spokespersons of our times and happened to know Subbanna quite intimately. An English book by Akshara Prakashana

CHANAKYA NITI EVAM KAUTILYA ARTHSHASTRA Oxford University Press

The present volume has compiled excerpts from a range of writings on theatre that give the reader a view of the varied modes of thinking. They are arranged into six sections, apart from a photo essay. It is not intended to be a history book; but a sourcebook that can lead to a more comprehensive account of Kannada theatre history, or complement the existing history books. Most of the writings in this volume are appearing in English for the first time. The book hopes to be of value to experts as well as theatre practitioners to understand the varied and nuanced narratives within what is normally put together as the history of modern Kannada Theatre.

This volume examines the unique characteristics of akshara orthography and how they may affect literacy development and problems along with the implications for assessment and instruction. Even though akshara orthography is used by more than a billion people, there is an urgent need for a systematic attempt to bring the features, research findings, and future directions of akshara together in a coherent volume. We hope that this volume will bridge that gap. Akshara is used in several Indic languages, each calling it by a slightly different name, for example 'aksharamu', in Telugu, 'akshara' in Kannada, and 'akshar' in Hindi. It is the Bhrami-derived orthography used across much of the Indian subcontinent. There is a growing body of research on the psycholinguistic underpinnings of learning to read akshara, and the emerging perspective is that akshara, even though classified as alphasyllabaries, abugida, and semi-syllabic writing systems, is neither alphabetic nor syllabic. Rather, akshara orthography is unique and deserves to be a separate classification and needs further investigation relating to literacy acquisition in akshara. The chapters in this volume, written by leading authors in the field, will inform the reader of the current research on akshara in a coherent and systematic way.

Publisher Description

Kannada-English Dictionary. Rev. Kittel Macmillan

The seminal treatise and guide to Ashtanga yoga by the master of this increasingly popular discipline There is a yoga boom in America, and Sri K. Pattabhi Jois is at the heart of it. One of the great yoga figures of our time, Jois brought Ashtanga yoga to the West a quarter of a century ago and has been the driving force behind its worldwide dissemination. Based on flowing, energetic movement, Ashtanga and the many forms of vinyasa yoga that grow directly out of it--have become the most widespread and influential styles of practice in the United States today. Mala means "garland" in Sanskrit, and Yoga Mala--a "garland of yoga practice"--is Jois's distillation of Ashtanga. He first outlines the ethical principles and philosophy underlying the discipline and explains its important terms and concepts. Next he guides the reader through Ashtanga's versions of the Sun Salutation and its subsequent sequence of forty-two asanas, or poses, precisely describing how to execute each position and what benefits each provides. Brought into English by Eddie Stern, a student of Jois's for twelve years and director of the Patanjali Yoga Shala in New York City, Yoga Mala will be an indispensable handbook for students and teachers of yoga for years to come.

"Performing the Ramayana Tradition: Enactments, Interpretations, and Arguments, edited by Ramayana scholar Paula Richman and Rustom Bharucha, scholar of Theater and Performance Studies, examines diverse retellings of the Ramayana narrative as interpreted and embodied through a spectrum of performances. Unlike previous publications, this book is neither a monograph on a single performance tradition nor a general overview of Indian theatre. Instead, it provides context-specific analyses of selected case studies that explore contemporary enactments of performance traditions and the narratives from which they draw: Kutiyattam, Nangyarkuttu and Kathakali from Kerala; Kattaikkuttu and a "mythological" drama from Tamilnadu; Talamaddale from Karnataka; avant-garde performances from Puducherry and New Delhi; a modern dance-drama from West Bengal; the monastic tradition of Sattriya from Assam; anti-caste plays from North India; and the Ramnagar Ramlila. Apart from the editors' two introductions, which orient readers to the history of Ramayana narratives by Tulsidas, Valmiki, Kamban, Sankaradeva, and others, as well as the performance vocabulary of their enactments, the volume includes many voices, including those of directors, performers, scholars, connoisseurs, and the scholar-abbot of a monastery. It also contains two full scripts of plays, photographs of productions, interviews, conversations, and a glossary of Indian terms. Each essay in the volume, written by an expert in the field, is linked to several others, clustered around shared themes: the politics of caste and gender, the representation of the anti-hero, contemporary re-interpretations of traditional narratives, and the presence of Ramayana discourse in everyday life"--

"One of the great yoga figures of our time, Sri K. Pattabhi Jois brought Ashtanga yoga to the West more than thirty years ago. Based on flowing, energetic movement coordinated with the breath, Ashtanga and the many forms of vinyasa yoga that grow directly out of it have become the most widespread and influential styles practiced today. Yoga Mala --a garland of yoga --is Jois's authoritative guide to Ashtanga. In it, he outlines the ethical principles and philosophy underlying the discipline, explains important terms and concepts, and guides the reader through Ashtanga's Sun Salutations and the subsequent primary sequence of forty-two asanas, or poses, precisely describing how to execute each position and what benefits each provides. It is a foundational work on yoga by a true master"--Publisher's description.

Study on the folklores and dance performances related to snake worship by tribals from South Kanara District in Karnataka.

Asprushyaru

This book provides a general survey of all the inscriptional material in the Sanskrit, Prakrit, and modern Indo-Aryan languages, including donative, dedicatory, panegyric, ritual, and literary texts carved on stone, metal, and other materials. This material comprises many thousands of documents dating from a range of more than two millennia, found in India and the neighboring nations of South Asia, as well as in many parts of Southeast, central, and East Asia. The inscriptions are written, for the most part, in the Brahmi and Kharosthi scripts and their many varieties and derivatives. Inscriptional materials are of particular importance for the study of the Indian world, constituting the most detailed and accurate historical and chronological data for nearly all aspects of traditional Indian culture in ancient and medieval times. Richard Salomon surveys the entire corpus of Indo-Aryan inscriptions in terms of their contents, languages, scripts, and historical and cultural significance. He presents this material in such a way as to make it useful not only to Indologists but also non-specialists, including persons working in other aspects of Indian or South Asian studies, as well as scholars of epigraphy and ancient history and culture in other regions of the world.
