This true story follows the brothers as they make their way in the world - one as a sailor, serving in the Royal Navy, the other a hero of the Battle of Waterloo. No less incredible is the enduring love between the gentleman surgeon and the convict girl who was saved from the death penalty and became a great lady in her own right. A New York Times Notable Book: A revealing look at the famous twentieth-century children's author who brought us The BFG and Charlie and the Chocolate Factory. Few

writers have had the enduring cultural influence of Roald Dahl, who inspired generations of loyal readers. Acclaimed biographer Jeremy Treglown cuts no corners in humanizing this longstanding immortal of juvenile fiction. Roald Dahl explores this master of children's literature from childhood—focusing a tight lens on the relationship between Dahl and his mother, who lovingly referred to him as “Apple” —through to his death. Treglown deftly navigates Dahl's time as a fighter pilot in the Royal Air Force, exploring how the experience transformed many of the beliefs that influenced the English writer's work, including The Gremlins, which was commissioned by Walt Disney. A former editor of the Times Literary Supplement, Treglown discusses many of Dahl's most famous works, such as James and the Giant Peach and Fantastic Mr. Fox, while also delving into his marriage to actress Patricia Neal, combing through letters and archives to show a man who could be both comic and vitriolic, thoughtful yet manipulative and irascible. Treglown highlights many of Dahl's literary achievements as well as his breakdowns and shortcomings, presenting a very personal and telling picture of the author and the inner turmoil that crippled him. Separating the man from the myth, Treglown's frank, intimate portrait of Dahl illuminates the contradictions within the mind of this beloved author, a man who could be both a monster and a hero. It is required reading for book lovers and film buffs alike.

'Of course I'm a f**king hooligan, you pr**k. I am a hooligan...there I've said it...I'm a hooligan. And, do you know why? Because that's my f**king job.' In 1995, a film called I.D., about an ambitious young copper who was sent undercover to track down the 'generals' of a football hooligan gang, achieved cult status for its sheer brutality and unsettling insight into the dark and often bloody side of the so-called beautiful game. The film was so shocking it was hard to believe the mindless events that took place could ever happen in the real world. Well, believe it now... Almost twenty years on, the man behind the film has explosively revealed that the script was largely a true story. That man, James Bannon, was the ambitious undercover cop. The football club was Millwall F.C. and the gang that he infiltrated was The Bushwackers, among the most brutal and fearless in English football. In Running with the Firm, Bannon shares his intense and dangerous journey into the underworld of football hooliganism where sickening levels of violence prevail over anything else. He introduces you to the hardest thugs from football's most notorious gangs, tells all about the secret and almost comical police operations that were meant to bring them down, and, how once you're on the inside, getting out from the mob proves to be the biggest mission of all. A disturbing but compelling read, this is the book that proves fact really is stranger than fiction.

Well-Read Black Girl National Geographic Books

Meet Tim Bazzett, fifty years ago. This book is not so much a memoir as a rambling and luminous letter he is writing to his kids. In it he pays tribute and homage to his parents, to his teachers, and to Reed City, the town that shaped him. Mining his earliest memories, Bazzett tells of childhood scrapes, homemade toys, playing cowboys and "war" and even comes clean about an embarrassing feat of flatulence in a most unlikely place which became legend in family lore. He takes you along to Indian Lake, where he spent his summers swimming, and to Saturday matinees at the Reed Theater, where he learned homespun values from Gene and Roy. You'll meet the nuns who educated him at St. Philip's School, where he learned to dance and diagram. Early struggles with sex, sin and "Catholic guilt" are given their due, along with a short-lived religious vocation and a stint at the seminary. A "pseudo-farm kid," Bazzett tells too of his trials with cows, chickens, and picking pickles; and of lessons in "animal psychology" learned from his grandfather. His high school years are marred by pimples, dorkiness, and pining for the "popular" girls, but brightened by a few close friends and some minor successes on the basketball court. He loves some of his teachers, clashes with others, and even terrorizes one, as he fumbles his way toward manhood. It's all here - the work, the play, the

frustrations and the joys of growing up working-class and Catholic in the heart of small-town America. Anyone who has been there will chuckle, remember and relate to Reed City Boy.
