Christian-Muslim Relations, a Bibliographical History 1 (CMR1) is the first part of a general history of relations between the faiths from the seventh-century to the present. It covers the period from 600 to 1500, when encounters took place through the extended Mediterranean basin and are recorded in Syriac, Arabic, Greek, Latin and other languages. It comprises introductory essays on the treatment of Christians in the Qur'an, Qur'an commentaries, biographies of the Prophet, Hadith and Sunni law, and of Muslims in canon law, and the main body of more than two hundred detailed entries on all the works recorded, whether surviving or lost. These entries provide biographical details of the authors where known, descriptions and assessments of the works themselves, and complete accounts of manuscripts, editions, translations and studies. The result of collaboration between leading scholars, CMR1 is intended as a basic tool for research in Christian-Muslim relations.

Révolution démocratique dans le monde arabe. Ah ! si c'était vrai, précédent livre de l'auteur était écrit fin 2011, au moment même où les résultats des élections confirmaient son pronostic : le printemps arabe allait vite perdre son jasmin, l'islamisme était la seule force capable de prendre le pouvoir, et ce processus ne pouvait donc être qualifié de « révolution démocratique ». À moins, bien sûr, de réduire la démocratie au seul suffrage universel, et de se refuser de prendre en compte que pour l'islamisme, « dimoukratya kafra », la démocratie est mécréance. Mais la réalité du monde arabe et musulman est encore plus tragique. Le déficit démocratique n'est pas que quantitatif, il est aussi, et surtout, qualitatif : les forces favorables à la démocratie, d'origines politiques très diverses, sont non seulement numériquement extrêmement faibles, elles ont elles-mêmes longtemps été nourries et formatées par des courants de pensée non démocratiques : nationalisme, islamisme, communisme. Or sans pensée démocratique, il n'y aura jamais de « révolution démocratique ». Après avoir cru nécessaire, dans son précédent opus, de faire un état des lieux, du côté du corps, il a donc poursuivi le même travail mais du côté de la pensée. Quels sont les démons, dans le monde arabe et musulman, qui bloquent la pensée autant des simples citoyens que des intellectuels ? Si la pensée se nourrit du dissensus, quelles sont donc les figures de l'unanimité qui tuent la pensée, au sens figuré comme au sens propre, même de l'intelligentsia qui se veut « progressiste » ? Prolégomène à une nouvelle pensée démocratique la déconstruction n'en est-elle pas un préalable... ?

Trama Mentre il vecchio metteva via la pelle consumata, Alman osservò cosa c'era al di sotto. Si allungò e toccò il più pregiato degli acciai. Incastonato nell'elsa, un diamante perfetto. Accettando la spada, Alman dovrà compiere un viaggio che mai nessuno ha osato affrontare. Deve superare le montagne dalle quali mai nessuno ha fatto ritorno. I fuochi lo terranno lontano dai pericoli lungo la strada e terranno a distanza quello che si cela nell'ombra? Riuscirà a salvare gli altri? Il Regno di suo padre dipende da lui. Con quale magia avranno a che fare? Nicholis si pentì di quelle parole, non appena ebbero lasciato le sue labbra. Sapeva quanto il suo unico figlio potesse essere un ribelle, e adesso sapeva anche che avrebbe dovuto inviare degli uomini per tenerlo al sicuro. La tempesta non si attenuò e mentre quattro di loro facevano il loro ingresso in sala grande, gettò uno sguardo a Madeline, la ragazza del villaggio che aveva preso a palazzo, e seppe che sarebbe stata perfetta.

Despite the timeless themes of Olive Tilford Dargan's work and the acclaim she earned with her novels Call Home the Heart (1932) and A Stone Came Rolling (1935), the author, who published her best-known works under the pseudonym Fielding Burke, has been largely forgotten by the American literary establishment. In this first book-length study of Dargan's life and work, Kathy Cantley Ackerman poses these questions: Why did Dargan's proletarian and feminist writings fall out of public favor when the literary climate changed in the 1940s, and what are the issues raised in and by her work that today's readers should reconsider? The Heart of Revolution combines biography and history with a critical reading of Dargan's work. Ackerman pays close attention to the proletarian, feminist, and racial issues in the novels; she then examines the ways these issues intersect in the southern Appalachian and Piedmont regions. Dargan's aesthetic, articulated in her depiction of the southern textile mill strikes of 1929 and the early 1930s, defies the party line of the period that privileged the struggle of white working men over the concerns of women and minorities. Unlike her male--and many of her female--counterparts in the proletarian movement, Dargan envisions a world in which romantic love can coexist with the fight for socioeconomic revolution, a world in which the activist does not have to surrender her individuality. Through strong female characters, she reconstructs the paternalistic, capitalistic marriage-and-mother myth, replacing it with a model based on egalitarian principles--an ideology that has only gained relevance over time. Ackerman's exploration of class, race, and gender in Dargan's novels individually and her consideration of Dargan's work as a whole reveal the complicated reasons for the novelist's neglect and present a compelling argument for reevaluation of her fiction. A published poet, Kathy Cantley Ackerman is Writer-in-Residence at Isothermal Community College in Spindale, North Carolina. She lives in Charlotte.

Avant-propos Beaucoup se demanderont pourquoi une énième version de la bible, qu' a-t-elle de plus que les autres ? Cette version n'a pas vocation à supplanter les autres, seulement notre souci était de se rapprocher le plus possible de la vérité des langues originelles d'écriture de la bible. En effet, les textes bibliques n'ont jamais été écrits en Français ou en Anglais encore moins en Latin, cela impliquait qu'il ne fallait surtout pas réfléchir dans ces langues pour essayer de retranscrire ce que voulaient dire les textes hébraïques ou araméens car les tournures utilisées dans ces langues ne sont tout simplement pas transposables le plus souvent dans nos langues actuelles. En outre, plusieurs textes ont été traduits mot-à-mot sans tenir compte du sens étymologique des mots ou du sens allégorique de plusieurs récits. C'est ainsi que les précédentes traductions ont donné naissance à des aberrations qui contredisent la bible elle-même. L'exemple le plus frappant est à trouver dans le livre de Genèse 22, 2 où IHVH-Adonaï demande à Abraham de lui offrir en sacrifice son « FILS UNIQUE » alors même qu'Is'hac n'était pas le fils unique d'Abraham qui avait déjà un fils nommé « Ishma'El ». Cette nouvelle version tient donc compte de toutes ces variables afin d'essayer de rendre une traduction globale beaucoup plus proche de la vérité. David H.
