Kunzle outlines the historical conditions in Nicaragua that gave rise to the Revolution and to the murals, from the era of Sandino and the Somozas to the Sandinistas and the subsequent U.S.-supported contra war. He chronicles the politically vindictive destruction of many of the best murals and the rise and fall of Managua's Mural School, a unique institution in the world. Kunzle also refers to other Nicaraguan public media such as billboards and graffiti, the great mural precedent in Mexico, and the attempts at socialist art in revolutionary Cuba and Chile.

Diccionario de símbolos Editorial Paidotribo

The 19th Century produced some of the most popular coinage in world monetary history, as evidenced by the number of high-profile auctions worldwide bringing record prices and further driving demand for these classic coins. The Standard Catalog of World Coins, 1801-1900, is designed to meet the needs of researchers, collectors, auctioneers and dealers of this vast range of coins produced during the critically important time. With a more than 40 year tradition of excellence in the hobby, the Standard Catalog of World Coins gathers and vets data from more than 140 worldwide experts to produce the most respected and referenced resource on the subject. Featuring 27,500 actual-size images, the volume covers all mint-issue coins of the world, as well as tokens, patterns, sets and more. Arranged alphabetically by country, each coin listing provides:

- Current values listed by date, variety and grade
- Universal KM reference number
- Detailed descriptions of obverse and reverse designs
- Clear images to aid in identification

What's more, coins struck in gold, platinum and silver are detailed with:

- Total coin weight
- Fineness
- Actual precious metal weight

Cooperativa, la unión hace la fuerza Siruela
Bringing to life the stories of political teatristas, feminists, gunrunners, labor organizers, poets,

journalists, ex-prisoners, and other revolutionaries, *The Revolutionary Imaginations of Greater Mexico* examines the inspiration Chicanas/os found in social movements in Mexico and Latin America from 1971 to 1979. Drawing on fifteen years of interviews and archival research, including examinations of declassified government documents from Mexico, this study uncovers encounters between activists and artists across borders while sharing a socialist-oriented, anticapitalist vision. In discussions ranging from the Nuevo Teatro Popular movement across Latin America to the Revolutionary Proletariat Party of America in Mexico and the Peronista Youth organizers in Argentina, Alan Eladio Gómez brings to light the transnational nature of leftist organizing by people of Mexican descent in the United States, tracing an array of festivals, assemblies, labor strikes, clandestine organizations, and public protests linked to an international movement of solidarity against imperialism. Taking its title from the “greater Mexico” designation used by Américo Paredes to describe the present and historical movement of Mexicans, Mexican Americans, and Chicanas/os back and forth across the US-Mexico border, this book analyzes the radical creativity and global justice that animated “Greater Mexico” leftists during a pivotal decade. While not all the participants were of one mind politically or personally, they nonetheless shared an international solidarity that was enacted in local arenas, giving voice to a political and cultural imaginary that circulated throughout a broad geographic terrain while forging multifaceted identities. The epilogue considers the politics of going beyond solidarity.

Immigrant Labor and the New Precariat

As the American labour movement mobilizes for a major resurgence through new organizing, this text presents research on union organizing strategies. The introduction defines the context of the current climate and subsequent chapters include community-based organizing and building

Organizing to Win Yale University Press

Desde los egipcios, la simbología ha sido la gran ciencia de la antigüedad. En Oriente ha perdurado sin interrupción hasta ya entrado el siglo XX y en Occidente inspiró todo el arte

medieval y, en gran medida, el renacentista y barroco, hasta que el descubrimiento del « Inconsciente » volvió a recuperar los símbolos en ámbitos y maneras muy distintos. Este Diccionario de símbolos es la versión última y definitiva de la obra en prosa más importante del poeta y crítico de arte Juan Eduardo Cirlot. Publicado por primera vez en 1958 con el título *Diccionario de símbolos tradicionales*, fue traducido al inglés en 1962. Cirlot continuó elaborando nuevas voces y artículos que introdujo en la segunda edición castellana de 1969 y en la segunda edición inglesa y americana de 1971. En esta edición se han incluido nuevas voces, hasta el momento sólo publicadas en inglés, así como el artículo « Simbolismo fonético », último ámbito del estudio simbólico de Cirlot, recuperado de su publicación en prensa. En el epílogo, Victoria Cirlot sitúa en la vida de su padre la construcción de esta obra siempre en expansión y la relaciona con la poesía y la crítica de arte. También muestra el interés de Cirlot por la simbología a partir de los años cincuenta, cuando conoce en Barcelona al musicólogo y antropólogo Marius Schneider, aportando documentos inéditos, como por ejemplo la carta a André Breton en la que se relata el sueño aludido en la voz « Cicatrices ».

The Murals of Revolutionary Nicaragua, 1979 – 1992 Siglo XXI de España Editores

"Until recently, most research on Latina/os in the U.S. has ignored historical and contemporary dynamics in Latin America, just as scholars of Latin America have generally stopped their studies at the border. This volume roots Los Angeles in the larger arena of globalization, exploring the demographic changes that have transformed the Latino presence in LA from primarily Mexican-origin to one that now includes peoples from throughout the hemisphere. Bringing together scholars from a range of disciplines, it combines historical perspectives with analyses of power and inequality to consider how Latina/os are responding to exclusionary immigration, labor, and schooling practices and actively creating communities. Book jacket."--BOOK JACKET.

For more than twenty years, Luis Valdez, the most distinguished Latino playwright and director, has reserved most of his scripts for live stage productions. His two landmark published collections, *Early Works* and *Zoot Suit and Other Plays*, are only a sampling of his early master works and of the later plays that made it to the stage in the 1980s. Now, Valdez has finally opened his trunk to release print editions of a revised early work and two brand new, major dramas.

Mummified Deer is Valdez's mature exploration of the Yaqui Indian roots of Mexican American culture and Valdez's own family. Returning to the format of the tent show, Valdez mines maternal psychology and Yaqui mysticism to demand that characters scale the full gamut of emotions. In this gut-wrenching piece, *Mama Chu* is the dominant, imposing figure who must reconcile the present with the past and unify the conflicting histories and identities of her family. *Mundo Mata* is the long-awaited drama of unionizing farm workers battling the agribusiness power structure in California while Mexican Americans are being sent off to battle brown-skinned enemies in Vietnam. Valdez assesses the toll that families have to pay to remain united against divisive forces. It all comes down to *Reymundo*, the antihero, who in the end must weigh existential and political questions. *The Shrunken Head of Pancho Villa*, Valdez's reworked first play, still holds all the vision, spunk, and innovation of the young playwright. Injecting black humor into domestic drama, disembodied heads talk, mothers exchange roles with the patriarch, pachucos banter, and sell-outs become the mouthpieces for an oppressed community—all characters and themes that would dominate future plays of Valdez and subsequent Chicano literature.

A blueprint for creating sustainable businesses, emphasizing the power and potential of cooperative models Drawing on both her extensive experience founding and directing social enterprises and her interviews with sustainability leaders, Melissa Scanlan provides a legal blueprint for creating alternate corporate business models that mitigate climate change, pay living wages, and act as responsible community members, including Certified B Corps and benefit corporations. With an emphasis on cooperatives, this book reveals the power and potential of cooperating as a unifying concept around which to design social enterprise achieving triple bottom-line results: for society, the environment, and finance.

Refranero Latino Beacon Press

Through years of ethnographic work in Latino centers in San Antonio, Los Angeles, New York, San Jose, and Watsonville, California, eight prominent Latino scholars from disciplines such as anthropology, political science, and literary and legal studies explore the dynamics of Latino community-building and "cultural citizenship"—the use of cultural expression to claim political rights in the larger culture while maintaining a vibrant local identity. Chapters detail acts of cultural affirmation in Christmas festival celebrations in Texas, cannery strikes in California, educational programs in New York, and much more. A pathbreaking work of Latino scholarship, this book will help redefine the conversation about the future of community and the nature of citizenship in the United States The scholars in the interdisciplinary Inter-University Project (IUP) who wrote this book include Renato Rosaldo (Stanford University), Richard R. Flores (University of Wisconsin), Ana L. Juarbe (Hunter College), Blanca G. Silvestrini (University of Puerto Rico), Raymond Rocco (University of California, Los Angeles), the late Rosa Torruellas (Hunter College), and the volume's editors, William V. Flores (California State University, Northridge) and Rina Benmayor

(California State University, Monterey Bay).

MIL 1 EJERCICIOS Y JUEGOS DE
RECREACIÓN Cornell University Press

A wave of revolution swept across the United States in the sixties and the seventies. And across California, Cesar Chavez sparked the Chicano civil rights movement in the barrio, giving prominence to new leaders, new voices, and new demands for freedom from injustice and oppression. For young Javier Gomez, this battle cry would be the beginning of a fight to stand up to injustice in his home of East LA. In *Mr. G's Battle Cry!*, author and civil rights activist Javier Gomez chronicles his march into the streets of East LA and beyond as he and his Chicano and Chicana brothers and sisters take up the cause of the civil rights movement and create hope for a better future against great odds. Gomez also explores the history of his people, showing how their culture and their spirit was renewed during this historic era of equality and justice. Javier Gomez was inspired by the Chicano civil rights movement, and today his battle cry endures. *Mr. G's Battle Cry!* gives voice to the enlightened individuals who fought, side by side, at protests, and in the streets, against the institutions of injustice that sought to keep the people silent. And today, this cultural revolution has left a living legacy of change, progress, and hope.

Latino Los Angeles AuthorHouse

From gloomy times in the 1980s, the American labor movement has returned to apparent prominence through the efforts of a new generation of energetic and progressive leaders. A distinguished group of authors examines this resurgence and the potential of American unions with sympathetic yet critical eyes. Experts from a wide variety of disciplines—industrial relations, political science, economics, and sociology—identify the central developments, analyze the strengths and weaknesses of the new initiatives, and assess the

progress made and the prospects for the future.

Though all agree on the importance of unions, their opinions of the success of current renewal efforts diverge greatly. The interdisciplinary and comparative approach of *Rekindling the Movement* is both challenging and enlightening. Rather than merely trumpeting pet opinions, contributors provide hard evidence and causal analysis, grounded in realistic perspectives, to back up suggestions for the improvement of the new labor movement. Their straightforward observations about what is and is not possible, what does and does not work, will be of great practical value for policymakers and union leaders.

Immigration has been a contentious issue for decades, but in the twenty-first century it has moved to center stage, propelled by an immigrant threat narrative that blames foreign-born workers, and especially the undocumented, for the collapsing living standards of American workers. According to that narrative, if immigration were summarily curtailed, border security established, and "illegal aliens" removed, the American Dream would be restored. In this book, Ruth Milkman demonstrates that immigration is not the cause of economic precarity and growing inequality, as Trump and other promoters of the immigrant threat narrative claim. Rather, the influx of low-wage immigrants since the 1970s was a consequence of concerted employer efforts to weaken labor unions, along with neoliberal policies fostering outsourcing, deregulation, and skyrocketing inequality.

These dynamics have remained largely invisible to the public. The justifiable anger of US-born workers whose jobs have been eliminated or degraded has been tragically misdirected, with even some liberal voices recently advocating immigration restriction. This provocative book argues that progressives should instead challenge right-wing populism, redirecting workers' anger toward employers and political elites, demanding upgraded jobs for foreign-born and US-born workers alike, along with public policies to reduce inequality.

« El primer conocimiento de la lengua escrita no ha encontrado a ú n ning ú n itinerario m á s rico, m á s lleno de color y m á s atractivo que el de un libro de cuentos. » Gianni Rodari A menudo, al hablar sobre libros infantiles con padres y maestros surge el tema de la narraci ó n de cuentos: su importancia, el placer que muestran los ni ñ os y ni ñ as cuando se les cuenta un cuento..., pero demasiadas veces o í mos tambi é n el comentario « yo no tengo gracia para narrar historias » o « ya se me ha terminado el repertorio y no s é qu é contar » ... La constataci ó n de este hecho ha llevado a las autoras de este libro a recopilar una serie de cuentos, que no pretende ser m á s que una peque ñ í sima muestra de la gran cantidad de narraciones que existen en nuestro pa í s y en el mundo, populares o de autores modernos, que se pueden encontrar fá cilmente en librer í as o bibliotecas p ú blicas, y que constituyen un

material rico y variado con el que se puede llenar un buen n ú mero de horas muertas y momentos de calma. Adem á s de destacar los aspectos educativos de los cuentos, las autoras hacen recomendaciones pr á cticas a la hora de narrarlos, y los clasifican seg ú n la edad de los ni ñ os y la tradici ó n a la que pertenecen.

Mummified Deer and Other Plays Courier Corporation

This Dictionary assembles 2,201 English proverbs and their Spanish equivalents. Equivalent proverbs are those which express the same concept literally, such as "Love is blind" = "El amor es ciego" or with completely different words, such as "Every cloud has a silver lining" = "No hay mal que por bien no venga." The Dictionary is a very useful reference tool for scholars of the two languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of interest to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. The Dictionary is also of benefit to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.

Concise Dictionary of European Proverbs ESIC Editorial

El é nfasis de la actividad que esta obra recoge est á puesta en la recreaci ó n. O sea, adem á s de todas las virtudes que las actividades f í sicas puedan poseer de por sí , las que aqu í se proponen deben,

como condición primera, recrear a quienes las practique. Las actividades recreativas aquí propuestas generan fruición por el placer del riesgo razonablemente asumido, por el componente aventurero que algunos incorporan, por el elemento innovador y de creatividad que suele estar presente, por la relación social que implican, etc. La presente obra ofrece una nueva clasificación de todas las actividades y recursos recreativos de una manera pedagógicamente innovadora, dando importancia a las situaciones que el educador y monitor del tiempo libre pueden ir creando. Los ejercicios recreativos, propuestos, se van sucediendo ordenadamente e introducen los nuevos materiales que han aparecido en esta explosión de nuevas técnicas corporales no competitivas y destinadas al entrenamiento educativo del tiempo libre de la población en todas las edades y condiciones sociales. El libro se ha dividido en cuatro grandes bloques de ejercicios y actividades que representan en definitiva las grandes metas y finalidades universales de la Educación Física: el desarrollo individual representado por las actividades recreativas con una misma y en compañía (capítulo I); la adaptación a los objetos y al ambiente a través de las actividades recreativas con materiales y en los espacios (capítulos II y III), y la interacción social como medio de actividades recreativas en grupo (capítulo IV). En cada uno de los ejercicios se cita el material necesario, el número de participantes, la situación de desarrollo del juego, las consignas y las posibles variaciones.

Dictionary of Spoken Spanish Univ of California Press

The original and most trusted verb book in the

market with over 50 years of proven excellence! Barron's 501 Spanish Verbs provides students, travelers, and adult learners with fingertip access to the 501 most common and useful Spanish verbs in all 15 tenses and moods. Fluency in Spanish begins with a knowledge of correct verb formation and usage. Technical Manual Cambridge Scholars Publishing Despite Porfirio Díaz's authoritarian rule (1877-1911) and the fifteen years of violent conflict typifying much of Mexican politics after 1917, law and judicial decision-making were important for the country's political and economic organization. Influenced by French theories of jurisprudence in addition to domestic events, progressive Mexican legal thinkers concluded that the liberal view of law—as existing primarily to guarantee the rights of individuals and of private property—was inadequate for solving the "social question"; the aim of the legal regime should instead be one of harmoniously regulating relations between interdependent groups of social actors. This book

argues that the federal judiciary's adjudication of labor disputes and its elaboration of new legal principles played a significant part in the evolution of Mexican labor law and the nation's political and social compact. Indeed, this conclusion might seem paradoxical in a country with a civil law tradition, weak judiciary, authoritarian government, and endemic corruption. Suarez-Potts shows how and why judge-made law mattered, and why contemporaries paid close attention to the rulings of Supreme Court justices in labor cases as the nation's system of industrial relations was established.
