Travel is one of the most
sought-after experiences in
life. It has the singular
ability to capture our
imaginations, serving as a
canvas onto which we
project our deepest desires
and needs: escape,

relaxation, transcendence,
interpersonal connection,
cultural education, and
more. Few things hold such
a privileged place, yet until
now, there has been no
instruction manual for how
to make the most of
travelling, be it to an exotic
country or to the local
beach. In *The Happy
Traveler: Unpacking the
Secrets of Better Vacations*,
psychology professor Jaime
Kurtz applies the large and
ever-growing body of
research on happiness and
decision-making to enhance
the experience of travel. An
avid explorer, study abroad
instructor, teacher, and
happiness researcher, Dr.
Kurtz shows how anyone
who has a vacation in his or
her future can create the
most meaningful, fulfilling,
and joyful experiences
possible. When the price of
travel is daunting, getting
the most "bang for your

buck", both financially and emotionally, is essential to an ideal travel experience. With a sense of humor and adventure, Dr. Kurtz provides guidance on how to craft your perfect trip, boost your excitement before your trip even begins, and actively immerse yourself in a new culture while unplugging from your technological ties to home. She also explains how to best cherish and share travel moments, how to ease back into your daily life upon returning, and how to carry the secrets of happy travel into every day. This is a must-have guide if you are looking to make the most of your precious vacation days.

In May of 2015, Lenny Flank left his St Petersburg FL apartment for the last time, climbed into a four-year-old

cargo van that had been outfitted with a sleeping bag bed, a homemade sink, a homemade toilet, and a solar panel for electricity, and set out to live on the road. This book is a chronicle of some of his adventures living and traveling around the country. It is part travelogue, describing the history of some of the interesting and unusual places he has been to and people he has met: It is also part how-to guide, for anyone who gets the travel bug and wants to follow their inner hippie, take to the road, and live the nomadic lifestyle of the van dweller. Illustrated.
