German Meissen porcelain figures made during the Kaendler Period are considered the best era in the Meissen factory's history. They are organized here by their subjects, depicting Street Traders, Court Life, Military and Hunting scenes, Italian Comedy, Children, Mythology, Artisans, and various nationalities. Many figures are matched to the original engravings that

inspired them. By recognizing the colors used when the originals were made, one can date the figures; manufacturer marks alone are not reliable. This book guides and delights today's designers and collectors by presenting the figures in exquisite detail.

The French call him le Bouledogue Français, the miniature bulldog prized for his affable personality, comical behavior, and almost ineffable cuteness. The French Bulldog is an unabashedly affectionate and entertaining companion dog that assumes his role as family clown with flair and not a little joie de vivre. Frenchie enthusiast, owner, and author, Muriel P. Lee has written a colorful and entertaining guide about her favorite breed, beginning with a chapter that retells the breed's first one hundred years in France, England, and America, accompanied by historical photographs that represent breed members from the early years. The chapter on the Frenchie's characteristics talks about the qualities of this "companion dog; nothing more, nothing less," a sophisticated, smart ami (friend) to everyone he meets. The author extols the many virtues of the Frenchie (and warns about his few drawbacks), giving the reader sensible advice about whether or not this

charming dog would make a good addition to his or her household. New owners will welcome the well-prepared chapter on finding a reputable breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with photographs of handsome adults and puppies. In all, there are over 135 full-color photographs in this useful and reliable volume. The author's advice on obedience training will help the reader better mold and train into the most well-mannered dog in the neighborhood. The extensive and lavishly illustrated chapter on healthcare written by Dr. Lowell Ackerman provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, preventing and dealing with parasites, infectious diseases, and more. Sidebars throughout the text offer helpful hints, covering topics as diverse as historical dogs, breeders, or kennels, toxic plants, first aid, crate training, carsickness, fussy eaters, and parasite control. Fully indexed.

Blue and white, of all Chinese ceramics, has enjoyed the most universal and long-lived popularity. Its many styles seem to sum up Chinese design. During the entire period of manufacture of blue and white, Ch'ing-tê Chên in Kiangsi province was the center of the Chinese porcelain industry. Porcelain is the only product of Ch'ing-tê Chên; but the town has stocked a world of pantries, and at times encompassed an enormous worker population, in the eighteenth century outnumbering all the cities of the world save Constantinople.-pg.
