This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a

major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L. Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

**DISCIPLE IV UNDER THE TREE OF LIFE** is the final study in the four-phase **DISCIPLE THROUGH BIBLE STUDY** program and is prepared for those who have completed **BECOMING DISCIPLES THROUGH BIBLE STUDY**. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for **DISCIPLE IV: UNDER THE TREE OF LIFE**. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique

component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Jesus told Pontius Pilate: "My kingdom is not of this world." John 18:36. God has a spiritual Zion that is in a heavenly Jerusalem. Hebrews 12:22; Revelation 21:10. Jesus Christ is the chief corner stone laid by God in Zion. 1 Peter 2:6. Those who believe in Jesus Christ are living stones in the spiritual house of God. 1 Peter 2:5; Ephesians 2:20-22. Believers are in Jesus and Jesus is in believers. John 14:20; 17:20-23. All who are elected by God to believe in Jesus Christ are part of the heavenly Zion, without regard to whether they are Jews or Gentiles. Romans 10:12. Satan is a great adversary of God, who has created his own mystery religions. During the Babylonian captivity (2 Chronicles 36:20), an occult society of Jews replaced God's commands with Satan's Babylonian dogma. Their new religion became Judaism. Jesus explained the corruption of the Judaic religion: "Howbeit in vain do they worship me, teaching for doctrines the commandments of men." Mark 7:7. Jesus revealed the Satanic origin of Judaism when he stated: "Ye are of your father the devil, and the lusts of your father ye will do." John 8:44. Babylonian Judaism remains the religion of the Jews today. Satan has infected many nominal "Christian" denominations with his Babylonian occultism, which has given rise to "Christian" Zionism. "Christian" Zionism advocates a counterfeit, earthly Zion, within which fleshly Jews take primacy over the spiritual church of Jesus Christ. This book exposes "Christian" Zionism as a false gospel and subversive political movement that sustains Israel's war against God and man.

The National Institute of Allergy and Infectious Diseases (NIAID) gives the highest priority to developing countermeasures against bioterrorism agents that are highly infective when dispersed in aerosol form. Developing drugs to prevent or treat

illnesses caused by bioterrorism agents requires testing their effectiveness in animals since human clinical trials would be unethical. At the request of NIAID, the National Academies conducted a study to examine how such testing could be improved. *Overcoming Challenges to Develop Countermeasures Against Aerosolized Bioterrorism Agents* provides recommendations to researchers on selecting the kinds of animal models, aerosol generators, and bioterrorism agent doses that would produce conditions that most closely mimic the disease process in humans. It also urges researchers to fully document experimental parameters in the literature so that studies can be reproduced and compared. The book recommends that all unclassified data on bioterrorism agent studies--including unclassified, unpublished data from U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID)--be published in the open literature. The book also calls on the U.S. Food and Drug Administration to improve the process by which bioterrorism countermeasures are approved based on the results of animal studies.
