Today's academic environment presents assessment challenges defined by an increased volume of available information coupled with increased competition among students and time constraints. Multiple choice questions (MCQs) provide examiners with an opportunity to assess academic performance on the basis of instant

recollection of correct answers in a minimal amount of time. MCQs Series for Life Sciences Volume 1 is a collection of MCQs on advanced topics and offers the following benefits for readers: ?

Includes over 2600 relevant MCQs ?

Covers five advanced subjects including biochemistry, cell biology,

developmental biology, genetics & molecular biology and immunology. ?

Simplified language and presentation of concepts ? Answers to each question are provided This MCQs eBook series in life sciences is, therefore, a handy reference for graduate and postgraduate students undertaking examinations or entrance tests as well as teachers or

examiners involved in setting and controlling assessments in specific subjects in life sciences.

That is not the age when I could measure and record dimensions of our house. As I grew older, I was told our house in Pakistan was a fort aboding some hundred residents. The walls were perhaps 10 feet wide. People used to sleep on cots at wall top. If I stretch my memory, I find myself shouting in wall

shadow – Zindabad Zindabad – with my mother busy with her charkha around; my sister and some more ladies on two cots. While I got admission in Birbhan Primary School Bhiwani, I was too young to think of Hindustan-Pakistan. I had no idea how my father died of Gastroenteritis in Kurukshtra Camp during migration. My mother, sister, brother, and I lived with my mama – maternal uncle – till we were allotted house and agricultural land in Fatehabad. As I grew older, I listened to the stories of our family life in Pakistan. Most people talking to me claimed to have been my father's helper of Gumashta. I developed telepathy around year 1975-76 when I could view remote things in my town, my country, and abroad. I could peep into my past lives and foresee my next life too as IG of Jammu & Kashmir Police. But my birth place in Mailsi remained a mystery. During year 2008 I became famous on Youtube with too many fans in Pakistan. A Mailsi farishta in Sweden Abbas Mian (<https://www.facebook.com/abbas.mian.90>) contacted me and narrated to me geography of Mailsi. He sent me photographs of remains of

our Mailsi house – a treasure for my family.
