Darkness is coming...and only darkness can stop it. The world is ending. Wendell Knightsbridge, the

---

Antichrist, and his demon father, Mephistopheles, are about to make real their nefarious plan to kill God and enslave mankind. And only I can stop them. Well, me and a bunch of angels and a few disturbed friends of mine. And Lucifer. Only Lucifer is more interested in being a playboy than he is in saving his own father and the world. Which only leaves, you guessed it...me and my messed-up friends. But to complicate matters, another friend of mine has been murdered by a serial killer. Me being me, I can't let a thing like that go. Maybe it's the ex-cop in me, but it's something I have to investigate. Only I don't intend to arrest anybody when I'm done, if you know what I mean. Nobody kills my friends and get's away with it, even if this particular killer isn't all that he seems. So on top of hunting a serial killer, I still gotta figure out how I'm gonna stop Knightsbridge

and his demon father. But I will. Fact is, this isn't just about saving the world to me. This about cold, hard revenge. And I'm gonna get it...even if it kills me. Harry Bosch meets John Constantine in this gripping urban fantasy noir thriller.

James and Stumpf first met in Prague in 1882. James soon started corresponding with a “colleague with whose persons and whose ideas alike I feel so

warm a sympathy.” With this, a lifelong epistolary friendship began. For 28 years until James’s death in 1910, Stumpf became James’s most important European correspondent. Besides psychological themes of great importance, such as the perception of space and of sound, the letters include commentary upon Stumpf’s (*Tonpsychologie*) and James’s main books (*The Principles of Psychology*, *The Varieties of Religious Experience*), and many other works. The two friends also exchange views concerning other scholars, religious faith and metaphysical topics. The different perspectives of the American and the German (European) way of living, philosophizing and doing science are frequently under discussion. The letters also touch upon personal questions of historical interest. The book offers a critical edition and the English translation of hitherto unpublished primary sources. Historians of psychology and historians of philosophy will welcome the volume as a useful tool for their understanding of

some crucial developments of the time. Scholars in the history of pragmatism and of phenomenology will also be interested in the volume.

The aim of this project is to provide a sustained analysis of the concept of 'self' in Statius' *Thebaid*. It is this project's contention that the poem is profoundly interested in ideas of identity and selfhood. The poem stages itself as a metapoetic exploration of the difficulties for a belated epicist in finding a place in the literary canon; it shows the impossibility of squaring large-scale epic poetics with small-scale, finely-wrought Callimacheanism; it reflects the violent disjunction between Statius' authorial pose as a poet without power and the extreme violence of his poetics; it opens up the intricacies of constructing original, coherent characters out of intertextual, exemplary models. The central tenet of the project is that Statius in the *Thebaid* stages his own 'death', but does so that his poem may

---

live. This book is intended for an academic audience including undergraduate and graduate students as well as specialists in the field. Although the project will be of primary importance to readers of Flavian literature, it will also be of interest to those who study intertextuality and characterisation in Roman literature more generally, selfhood and identity in Roman literature and culture and the reception of Roman literature.

Accepting Dante's prophetic truth claims on their own terms, Teodolinda Barolini proposes a "detheologized" reading as a global new approach to the Divine Comedy. Not aimed at excising theological concerns from Dante, this approach instead attempts to break out of the hermeneutic guidelines that Dante structured into his poem and that have resulted in theologized readings whose outcomes have been overdetermined by the poet. By detheologizing, the reader can emerge from this poet's hall of mirrors and discover the narrative techniques that enabled Dante to forge a true fiction. Foregrounding the

formal exigencies that Dante masked as ideology, Barolini moves from the problems of beginning to those of closure, focusing always on the narrative journey. Her investigation--which treats such topics as the visionary and the poet, the One and the many, narrative and time--reveals some of the transgressive paths trodden by a master of mimesis, some of the ways in which Dante's poetic adventuring is indeed, according to his own lights, Ulyssean.

Always connect—that is the imperative of today’s media. But what about those moments when media cease to function properly, when messages go beyond the sender and receiver to become excluded from the world of communication itself—those messages that state: “There will be no more messages”? In this book, Alexander R. Galloway, Eugene Thacker, and McKenzie Wark turn our usual understanding of media and mediation on its head by arguing that these moments reveal the ways the impossibility of communication is integral to communication itself—instances they call

linked essays, Excommunication pursues this elusive topic by looking at mediation in the face of banishment, exclusion, and heresy, and by contemplating the possibilities of communication with the great beyond. First, Galloway proposes an original theory of mediation based on classical literature and philosophy, using Hermes, Iris, and the Furies to map out three of the most prevalent modes of mediation today—mediation as exchange, as illumination, and as network. Then, Thacker goes boldly beyond Galloway’s classification scheme by examining the concept of excommunication through the secret link between the modern horror genre and medieval

Lovecraft to Meister Eckhart, Thacker explores those instances when one communicates or connects with the inaccessible, dubbing such modes of mediation “haunted” or “weird” to underscore their inaccessibility. Finally, Wark evokes the poetics of the infuriated swarm as a queer politics of heresy that deviates from both media theory and the traditional left. He posits a critical theory that celebrates heresy and that is distinct from those that now venerate Saint Paul. Reexamining commonplace definitions of media, mediation, and communication, Excommunication offers a glimpse into the realm of the nonhuman to find a theory of mediation adequate to our
