Two controversial thinkers discuss a timeless but nonetheless urgent question: should philosophy interfere in the world? Nothing less than philosophy is at stake because, according to Badiou, philosophy is nothing but interference and commitment and will not be restrained by academic discipline. Philosophy is strange and new, and yet speaks in the name of all - as Badiou shows with his theory of universality. Similarly, Zizek believes that the philosopher must intervene, contrary to all expectations, in the key issues of the time. He can offer no direction, but this only shows that the question has been posed incorrectly: it is valid to change the terms of the debate and settle on philosophy as abnormality and

excess. At once an invitation to philosophy and an introduction to the thinking of two of the most topical and controversial philosophers writing today, this concise volume will be of great interest to students and general readers alike.

This three-volume set brings together current research in the history of language learning and teaching (HoLLT) in Europe and beyond. Providing the first overview of research in the field, it will be an indispensable reference for teachers, teacher educators and all those interested in the history of language learning and teaching and the history of applied linguistics *avant la lettre*. The chapters in Volume II present case studies from the period when modern languages became established in school curricula across Europe and when modern language teaching became professionalized. The chapters consider 19th-century innovations in Europe including the Reform Movement and its precursors, as well as developments in policy and practice in the 20th century. Nicola McLelland is Professor of German and History of Linguistics at the University of Nottingham. She has published widely in the history of German linguistics and the history of language learning, and is co-editor of the journal *Language & History*.

Kuno, a male nurse in a Swiss retirement home, has a new inmate: his father. In the confines of their new home, the pair does something surprising--they finally begin to talk. Kuno had always regarded his father as a boring man without a history or a destiny, until they are thrust together and he learns that his father risked his life in the war. Stunned, Kuno embarks on a journey into his own psyche, taking him to the depths of the Congo. Here, longings awaken and dreams come true--rays of light in the darkness, meetings with kings, seductive women, and the songs of the jungle. This alluring far-away place he once regarded as the heart of darkness suddenly becomes an exciting locale of lunacy, wildness, and tests of inner strength. In Urs Widmer's characteristic style, In the Congo is a riveting yarn, threading through not only the relationship between a father and son, but that of Africa and Europe. Translated by Donal

McLaughlin, this novel will delight Widmer fans the world over and will turn our notions of colonialism on their heads.
