## **Breakaway** Simon and Schuster

This book chronicles the extraordinary life, exploits and adventures of Billy Michaels. Born into a family steeped in nefarious deeds and activity, Billy's fate was cast from the cradle, questioning whether it's genetics that provides a life pattern, or just fate. Billy learns the hard way that by fulfilling his bloodline's destiny, a life of crime and violence can get you where you want to be. Proving the fact that brain can beat brawn, schoolboy Billy falls in as a leader of the local gang, moving from demanding treats with menace from local vendors to running the neighbourhood drug trade. Billy, learning the tricks of his predestined trade from masters in the field, proves to be quite adept and effective in this endeavour. As his firm work their way up the criminal food chain, their futures appear to be nothing more than a litany of successful and profitable capers, events as they would have anticipated weren't

exactly as they expected. After the overdose of one of his closest friends, Billy embarks on a drunken path of violent redemption, which leads him to the dark world of vice and security. By the time the end comes to his teenage years, Billy has witnessed death, experienced loss, repaid emotional debts and found the true meaning of sacrifice. This is the story of Billy Michaels, his East End heritage and his love for his brothers and extended family. A family that becomes at odds with choices made and sides taken within the criminal world that serves to destroy the oaths and family ties made by love and blood. As all their unflinching attitudes to life and the acceptance of 'normality' which those on the outside may think immoral and destructive become common practise. This is the Billy Michaels story, the animal from the concrete jungle.

Jackson Matthews' entire life has changed in the blink of an eye. Not only is he dealing with a broken heart and guilt over the deterioration of his closest relationships, he learns that everything he has ever been told about his life has been a lie. Now it seems there are more questions than answers. Can he forgive and

---

move forward, or should he let the past remain the past? Is he ready for the truth? How much more can he lose, and what does he stand to gain by seeking the truth? Taking a journey to uncover answers he never thought he would get leads Jackson and his friends into more danger than any of them thought imaginable. Will he pay the ultimate price or gain the ultimate reward?

*Change of Perspective* Jamie Magee

*13: A Novel* Turner Publishing Company

The #1 international best seller In Lean In, Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of Option B with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their

---

careers. Her talk, which has been viewed more than six million times, encouraged women to "sit at the table," seek challenges, take risks, and pursue their goals with gusto. Lean In continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation from what women can't do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, Lean In is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

### **A New English Dictionary on**

### **Historical Principles BASTEI LÜBBE**

He makes the rules. She breaks them all. A new start. It's the only thing keeping Allie Harper going, when she packs up her life and moves across the country to Woodshill, Oregon. She's about to start college, desperate to leave

the ghosts of her past behind her. Even if that means never talking to her parents again. Now the hard part - finding an apartment before classes start. Just when it seems she'll have to live out of her car, Allie visits one more place. It's beautiful. With one exception: can she stand being roommates with campus bad boy Kaden White? Sure, Kaden is sexy with his tattoos and careless attitude, but he's also an arrogant jerk. With nowhere else to go, Allie moves in. The first thing Kaden does is make a set of rules. Either Allie obeys, or she's out:

1. Don't talk about your girl problems.
2. Keep your mouth shut if I bring someone home.
3. We will NEVER hook up.

Easy enough, thinks Allie. Who would want to get

**New York** Simon and Schuster  
A disturbed adolescent boy, a young female teacher, and a fifteen-year fixation that ultimately led to a horrific and deadly abduction. In May of 1980, Mary Stauffer and her eight-year-old daughter Beth thought they were preparing for an international mission trip. Ming Sen Shiue, Mary's high-school algebra student from

---

1965, had other plans. Stalking Mary is the true account of the kidnapping of Mary and Beth Stauffer, the thoughtless murder of a young boy named Jason Wilkman, and the psychosexual ploys of a dangerously deranged Shiue. Using court documents, video and audio transcriptions, personal interviews, and thousands of pages from Shiue's own sexual fantasy scripts, Eileen Biernat paints a harrowing picture of two families caught in the grip of a nightmare. After three decades in prison, Shiue is scheduled for release on July 7, 2010--thirty years to the day that Mary and Beth, still chained together, escaped from Shiue's home where they'd been held captive for seven weeks.

*History of Shelby County, Ohio* A&C Black

In 1936, as television networks CBS, DuMont, and NBC experimented with new ways to provide entertainment, NBC deviated from the traditional method of single experimental programs to broadcast the first multi-part program, *Love Nest*, over a three-episode arc. This would come to be known as a miniseries. Although the term was not

---

coined until 1954, several other such miniseries were broadcast, including Jack and the Beanstalk and Women in Wartime. In the mid-1960s the concept was developed into a genre that still exists. While the major broadcast networks pioneered the idea, it quickly became popular with cable and streaming services. This encyclopedic source contains a detailed history of 878 TV miniseries broadcast from 1936 to 2020, complete with casts, networks, credits, episode count and detailed plot information.
