Wyoming's Notary Laws are found in Wyoming Statutes 32-1-101 through 32-1-114 and in Wyoming Statutes 34-26-101 through 34-26-304. A change in the Notary Statutes effective July 1, 2014 increased the maximum fee that may be charged by notarial officers. The question/answer format of this handbook reflects common kinds of issues which notaries public may encounter. The answers to these questions have been reproduced from other states' handbooks and from published notary authorities. They are intended only as "best practices" or basic guidance to notaries. This handbook should not be relied upon as legal advice since notary laws are different in every state and very few Wyoming notary statutes have ever been interpreted by courts in Wyoming.

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

Their work is rarely glamorous, but it is so important that the highest courts in the nation routinely accept properly notarized documents as evidence in legal matters. In fact, the law governing notaries gives them the same mission as sworn law enforcement officers, "to serve and protect."

NEW 2021 EDITION of the best-selling notary prep guide to the difficult Louisiana exam. (NOTE: This one is keyed to the blue 2021 state textbook.)

The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam-day tips, not enough cross-references . . . and few of the forms notaries use that they test. It doesn't explain most-tested subjects, past exams, or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook. This book has all that-and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary, and is useful to experienced notaries for its expanded cross-references, complete index, and summary lists. Basically it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index, of all things? Reminder: a 20% pass rate. As a senior law teacher and member of two state bars, Professor Childress still needed to pass the Louisiana Notary Exam to practice as one. It's a challenging exam for everyone, yet he found in the 'Study Guide' lots of trees but little forest-and even less real guidance. Determined that current test-takers can do better with more real help, he wrote this book and geared the page numbers-including an index, cross-references, lists, and illustrated explanation of successions, community property, wills, and authentic acts-to the latest edition of the state's official text, Fundamentals of Louisiana Notarial Law and Practice. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, that actually pays for itself twice over with its 'one weird trick' saying how to save \$65 in fees in the notary qualification process. This is the trade paperback edition available at online and other bookstores.
