World's Greatest Orchestral, Opera & Ballet Themes Cambridge University Press

Haydn, Tchaikovsky, and Brahms, oh, my! The beginner's guide to classical music Classical Music For Dummies is a friendly, funny, easy-to-understand guide to composers, instruments, orchestras, concerts, recordings, and more. Classical music is widely considered one of the pinnacles of human achievement, and this informative

guide will show you just how beautiful and rewarding it can be. You'll learn how Bach is different from Beethoven, how Mozart is different still, and why not all "classical" music is actually Classical if it's really Baroque or Romantic. You'll be introduced to the composers and their work, and discover the groundbreaking pieces that shake the world every time they're played. Begin building your classical music library with the essential recordings that define orchestral, choral, and operatic beauty as you get acquainted with the orchestras and musicians that bring the composers to life. Whether you want to play classical music or just learn more about it, *Classical Music For Dummies* will teach you everything you need to know to get the most out of this increasingly popular genre. Distinguish flute from piccolo, violin from viola, and trumpet from trombone. Learn the difference between overtures, requiems, arias, and masses. Explore the composers that shaped music as we know it. Discover the recordings your music library cannot be without. Classical music has begun sneaking into the mainstream — if your interest has been piqued, there's never been a better time to develop an appreciation for this incredibly rich, complex, and varied body of work. *Classical Music For Dummies* lays the groundwork, and demonstrates just how amazing classical music can be.

William Tell Courier Corporation

Minor, Op. 36; Symphony No. 5 in E Minor, Op. 64; Symphony No. 6 in B Minor, "Pathétique," Op. 74. Study score. Reprinted from the Breitkopf & Härtel editions.

Rossini overtures John Wiley & Sons

This superb collection of the composer's finest overtures encompasses the overture to "The Devil in Hydraulicus" D4 (1811); Overture in D, D26 (1812); Overture in B-flat, D470 (1816); Overture in D, D566 (1817); Overture in C in the Italian Style, D591 (1817); Overture in D in the Italian Style, D592 (1817); and Overture in E minor, D648 (Op. 170) (1819).

Complete Symphonies [UPNE

The dramatic overture had its beginnings in Renaissance court entertainments, which often began with a flourish of trumpets. It reached a high point of inspiration in the overtures that George Frideric Handel (1685-1759) composed for his operas and oratorios. This volume presents 60 Handel overtures and sinfonias, originally scored for orchestra, superbly arranged for solo keyboard. They have been reprinted from an extremely rare edition originally printed, probably in the 1750s, by Handel's London publisher, John Walsh. Happily, these brilliant works have lost nothing in translation of their Handelian vitality and interest. Many of them, such as the overtures to "Messiah,

Acis and Galatea, Alexander's Feast, Julius Caesar, "the second overture in "Solomon" (known as the "Arrival of the Queen of Sheba"), and the so-called Water Musick, are very familiar to music lovers. Some will be fresh discoveries for keyboard players. Together they demonstrate Handel's exciting theatrical sense, his technical virtuosity in composition, and his dazzling mastery of musical forms, which he often combined into his own unique creations. This edition preserves the original keyboard notation, amazingly precise in its elegant execution and, of course, entirely legible to present-day performers."

The first comprehensive study of musical form in operatic and concert overtures in continental Europe between 1815 and 1850.
Opera in Paris from the Empire to the Commune
Routledge

Gioacchino Rossini was one of the most influential, as well as one of the most industrious and emotionally complex of the great nineteenth-century composers. Between 1810 and 1829, he wrote 39 operas, a body of work, comic and serious, which transformed Italian opera and radically altered the course of opera in France. His retirement from

operatic composition in 1829, at the age of 37, was widely assumed to be the act of a talented but lazy man. In reality, political events and a series of debilitating illnesses were the determining factors. After drafting the *Stabat Mater* in 1832, Rossini wrote no music of consequence for the best part of twenty-five years, before the clouds lifted and he began composing again in Paris in the late 1850s. During this glorious Indian summer of his career, he wrote 150 songs and solo piano pieces his 'Sins of Old Age' and his final masterpiece, the *Petite Messe solennelle*. The image of Rossini as a gifted but feckless amateur—the witty, high-spirited *bon vivant* who dashed off *The Barber of Seville* in a mere thirteen days—persisted down the years, until the centenary of his death in 1968 inaugurated a process of re-evaluation by scholars, performers, and writers. The original 1985 edition of Richard Osborne's pioneering and widely acclaimed Rossini redefined the life and provided detailed analyses of the complete Rossini oeuvre. Twenty years on, all Rossini's operas have been staged and recorded, a Critical Edition of his works is well advanced, and a scholarly edition of his correspondence, including 250 previously unknown letters from Rossini to his parents, is in progress. Drawing on these past two decades of scholarship and performance, this new edition of Rossini provides the most detailed portrait we have yet had of one of the worlds best-loved and most enigmatic composers.

Inexpensive compilation includes great title piece ? one of the most frequently performed and recorded works in the modern orchestral repertoire ? along

with "Norfolk" Rhapsody No. 1, Overture to "The Wasps," and the Fantasia on Christmas Carols. Reproduced from authoritative early editions.

Overtures "in the Italian style" and other works Courier Corporation

Studies in the history of French nineteenth-century stage music have blossomed in the last decade, encouraging a revision of the view of the primacy of Austro-German music during the period and rebalancing the scholarly field away from instrumental music (key to the Austro-German hegemony) and towards music for the stage. This change of emphasis is having an impact on the world of opera production, with new productions of works not heard since the nineteenth century taking their place in the modern repertory. This awakening of enthusiasm has come at something of a price. Selling French opera as little more than an important precursor to Verdi or Wagner has entailed a focus on works produced exclusively for the Paris Opéra at the expense of the vast range of other types of stage music produced in the capital: opéra comique, opérette, comédie-vaudeville and mélodrame, for example. The first part of this book therefore seeks to reintroduce a number of norms to the study

of stage music in Paris: to re-establish contexts and conventions that still remain obscure. The second and third parts acknowledge Paris as an importer and exporter of opera, and its focus moves towards the music of its closest neighbours, the Italian-speaking states, and of its most problematic partners, the German-speaking states, especially the music of Weber and Wagner. Prefaced by an introduction that develops the volume's overriding intellectual drivers of cultural exchange, genre and institution, this collection brings together twelve of the author's previously published articles and essays, fully updated for this volume and translated into English for the first time.

The Tao of Music Courier Corporation

Five operatic overtures: William Tell; The Thieving Magpie; The Silken Ladder; Mr. Bruschino, or The Accidental Son; and Semiramide.
