The Granny Square Book Creative  
Publishing International

This updated second edition of The  
Granny Square Book features 25 brand  
new squares, and 25 all-new projects  
to make. Beginners welcome!

Margaret Hubert makes learning to  
crochet easy. Since it was first  
published in 2011, The Granny Square  
Book has instructed and inspired more  
than 70,000 crocheters to make and  
create beautiful, stylish projects with  
these classic motifs. Now designer and  
author Margaret Hubert has updated  
her bestselling and beloved book to  
include 25 additional crochet squares  
(for a total of 100!) and 25 all-new  
projects to make, wear, and give.  
Margaret shows the evolution of the  
granny square, how it can be used and  
interpreted in different ways with  
different yarns, and how today's  
crocheter can design her own projects  
using the granny squares of her choice  
with the yarn choices of today. Among  
the designs are accessories

(headbands, bags, and jewelry);  
garments (vests, jackets, and tops);  
and decorative items and gifts  
(afghans, pillows, and a sweater set for  
baby). The Granny Square Book,  
Second Edition, offers crocheters at all  
skill levels more, and more to love  
about, this timeless motif.
