Or could Richard have been the victim, turned into a monster by the usurpers of England's throne? Grant determines to find out once and for all, with the help of the British Museum and an American scholar, what kind of man Richard Plantagenet really was and who killed the Princes in the Tower.

Time travel to medieval Wales! Journey to a world of princes and castles with this boxed set, containing the first four books in the After Cilmeri series: Daughter of Time (prequel), Footsteps in Time (book 1), Winds of Time (1.5 novella), and Prince of Time (book 2).

Daughter of Time: Sometimes, finally facing what you most fear turns out to be no more difficult than walking through an open door ... A medieval man with an uncertain destiny, Llywelyn, the Prince of Wales, faces treachery and deceit at the hands of friends and foes alike. When Meg slips through time into medieval Wales, the pair must navigate the shifting allegiances that threaten the very existence of Wales--and create their own history that defies the laws of time. Footsteps in Time: Anna is driving her aunt's minivan with her brother, David, when she crashes through time and finds herself in the middle of an ambush of Llywelyn, the last Prince of Wales. It is December 1282, and the English have attacked, hoping to eliminate the Welsh rebels forever. Instead, the siblings save Llywelyn's life and embark on a journey that transforms not only themselves but an entire world.

Footsteps in Time is the story of what might have happened had Llywelyn lived. And what happens to the two teenagers who save him. Winds of Time: No travel is

simple for Meg, not even a commuter flight, and especially not when she finds herself in the Middle Ages again instead of in a plane crash on a mountain side in Oregon. Meg will need every last bit of maturity she gained in her years in the modern world to survive even a day in this one. Prince of Time: David and his man-at-arms, Ieuan, find themselves alone and on the run from a company of English soldiers who've sworn vengeance for the recent death of their king. Meanwhile, Llywelyn lays on his deathbed from a traitor's arrow. And once again, it is David and Anna, and all they represent, that holds the key to the survival of Wales. Prince of Time is followed by the next book in the After Cilmeri series, Crossroads in Time. **In His Footsteps** One Point Six Technologies Pvt Ltd
Roger Federer could live anywhere in the world, but he always returns to the place he loves most: Switzerland. Dave Seminara is a mad traveler and tennis lifer who has written about Federer for The New York Times and other publications. A pair of autoimmune diseases and a knee surgery kept Dave from playing tennis for years, but as he inched toward recovery, he had a bright idea: why not start his tennis comeback on hallowed ground—courts that his hero Roger Federer graced in Switzerland. Footsteps of Federer is a funny, novella-length account of Seminara's travels across seven Swiss cantons in search of insights into Federer's character, which is inextricably linked to his deep roots in, and love for, his country. Seminara timed his unique pilgrimage to the 2019 Swiss Indoors, where he had a chance to ask Roger a number of offbeat questions before and after Federer hoisted his record tenth title there. Seminara's Federer pilgrimage took him to Switzerland's most important abbey, where he prayed with Abbot Urban Federer; to the vineyard of Jakob Federer from Berneck, where the Federer clan originated from; to the stunning villa where Roger and Mirka were married; and to many of the neighborhoods and tennis clubs where Roger has lived and trained at over the years.

For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma—through sanctions and tourist boycotts—only to see an apparent slide toward even harsher dictatorship. But what do we really know about Burma and its history? And what can Burma's past tell us about the present and even its future? In *The River of Lost Footsteps*, Than Myint-U tells the story of modern Burma, in part through a telling of his own family's history, in an interwoven narrative that is by turns lyrical, dramatic, and

appalling. His maternal grandfather, U Thant, rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary-general in the 1960s. And on his father's side, the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries. Through their stories and others, he portrays Burma's rise and decline in the modern world, from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism, the devastation of World War II, and a sixty-year civil war that continues today and is the longest-running war anywhere in the world. *The River of Lost Footsteps* is a work both personal and global, a distinctive contribution that makes Burma accessible and enthralling.

In Putin's *Footsteps* is Nina Khrushcheva and Jeffrey Tayler's unique combination of travelogue, current affairs, and history, showing how Russia's dimensions have shaped its identity and culture through the decades. With exclusive insider status as Nikita Khrushchev's great granddaughter, and an ex-pat living and reporting on Russia and the Soviet Union since 1993, Nina Khrushcheva and Jeffrey Tayler offer a poignant exploration of the largest country on earth through their recreation of Vladimir Putin's fabled New Year's Eve speech planned across all eleven time zones. After taking over from Yeltsin in 1999, and then being elected president in a landslide, Putin traveled to almost two dozen countries and a quarter of Russia's eighty-nine regions to connect with ordinary Russians. His travels inspired the idea of a rousing New Year's Eve address delivered every hour at midnight throughout Russia's eleven time zones. The idea was beautiful, but quickly abandoned as an impossible feat. He correctly intuited, however, that the success of his presidency would rest on how the country's outback citizens viewed their place on the world stage. Today more than ever, Putin is even more determined to present Russia as a formidable nation. We need to understand why Russia has for centuries been an adversary of the West. Its size, nuclear arsenal, arms industry, and scientific community (including cyber-experts), guarantees its influence.

From the lengthy research and pen of two lawyers, a judge and a former law professor, this book, *In His Footsteps: The Early Followers of Jesus*, is a guide to understanding the early Christian movement through a study of the lives and ministries of the first believers, most of whom had met with the risen Jesus and thus knew, without doubt, that Jesus was the Christ and Savior of the world. The book cites accounts from Eusebius, a third-century Greek Christian historian, who also referenced testimony from first-century Christians about the almost unbelievable courage of the early followers of Jesus, who willingly and fearlessly, despite tremendous persecution and sufferings, brought to an otherwise lost world an assurance of life eternal for all believers. The book also refers to the fulfillment of many of the biblical prophecies, the principal ones being the restoration of the nation of Israel and the return of many Jewish people to their homeland. This book is an indispensable resource for all persons, as the tremendous sacrifices of the first believers should never be forgotten.

A curated collection of the New York Times' travel column, "Footsteps," exploring iconic authors' relationships to landmarks and cities around the world Before Nick Carraway was drawn into Daisy and Gatsby's sparkling, champagne-fueled world in *The Great Gatsby*, F. Scott Fitzgerald vacationed in the French Riviera, where a small green lighthouse winked at ships on the horizon. Before the nameless lovers began their illicit affair in *The Lover*, Marguerite Duras embarked upon her own scandalous relationship amidst the urban streets of Saigon. And before readers were terrified by a tentacled dragon-man called Cthulhu, H.P. Lovecraft was enthralled by the Industrial Trust tower-- the 26-story skyscraper that makes up the skyline of Providence, Rhode Island. Based on the popular New York Times travel column, *Footsteps* is an anthology of literary pilgrimages, exploring the geographic muses behind some of history's greatest writers. From the "dangerous, dirty and seductive" streets of Naples, the setting for Elena Ferrante's famous Neapolitan novels, to the "stone arches, creaky oaken doors, and riverside paths" of Oxford, the backdrop for Alice's adventures in *Wonderland*, *Footsteps* takes a fresh approach to literary tourism, appealing to readers and travel enthusiasts alike.

'Those who know Kojo would have known what to expect in Listen to Your Footsteps a deeply personal, authentic and equally intellectual journey of a quintessential African. A storyteller for the ages, every word and anecdote is like being alone with him in a quiet place as he narrates what it takes to be a real man, doting father, loving son, devoted friend and committed partner. - THEBE IKALAFENG, founder and principal at Africa Brand Leadership Academy 'An insightful memoir of Kojo growing up, navigating family and figuring out his contribution to the world that reads as a beautiful ode to his father. With every word he writes there is a sense of responsibility to leave the world better than he found it. A true wordsmith; the landscape of his memories dances on the page.' - TUMI MORAKE, comedian and author of And then Mama Said Kojo Baffoe embodies what it is to be a contemporary African man. Of Ghanaian and German heritage, he was raised in Lesotho and moved to South Africa at the age of 27. Forever curious, Kojo has the enviable ability to simultaneously experience moments intimately and engage people (and their views) sincerely, while remaining detached enough to think through his experiences critically. He has earned a reputation as a thinker, someone who lives outside the box and free of the labels that society seeks to place on us. Listen to Your Footsteps is an honest and, at times, raw collection of essays from a son, a father, a husband, a brother and a man deeply committed to doing the internal work. Kojo reflects on losing his mother as a toddler, being raised by his father, forming an identity, living as an immigrant, his tussles with substance abuse, as well as his experiences of fatherhood, marriage and making a career in a fickle industry. He gives an extended glimpse into the experiences that make boys become men, and the battles that make men discover what they are made of, all the while questioning what it means to be 'a man'.

Known as "the Leopard," the president of Zaire for thirty-two years, Mobutu Sese Seko, showed all the cunning of his namesake -- seducing Western powers, buying up the opposition, and dominating his people with a devastating combination of brutality and charm. While the population was pauperized, he plundered the country's copper and diamond resources, downing pink champagne in his jungle palace like some modern-day reincarnation of Joseph Conrad's crazed station manager. Michela Wrong, a correspondent who witnessed Mobutu's last days, traces the rise and fall of the idealistic young journalist who became the stereotype of an African despot. Engrossing, highly readable, and as funny as it is tragic, In the Footsteps of Mr. Kurtz assesses the acts of the villains and the heroes in this fascinating story of the Democratic Republic of Congo.
