As an entrepreneur or innovator, you're trained to run fast. But are you running in the right direction? Choosing the right market for your innovation is the biggest, and trickiest, question for innovators. Research has shown that all too often entrepreneurs don't spend enough time identifying and researching their market opportunities - instead they jump at the first opportunity that looks good, and fail to properly evaluate and leverage other opportunities. These common mistakes means that you often choose the wrong market or lock yourself into one specific direction. Where to Play helps you to set a promising strategy, by giving a clear, structured and practical framework - the Market Opportunity Navigator- to better identify, evaluate and focus on the right market opportunities. With three dedicated and reusable worksheets covering: - Market Opportunity Set - assess your core strengths and identify which market opportunities exist for your business - Attractiveness Map - evaluate your market opportunities to reveal the most attractive option for focus - Agile Focus Strategy - create a strategic plan for your chosen market opportunity that keeps you open-minded and agile Get the most value for your innovation with Where to Play! 'Designed to work seamlessly with our Business Model and Value Proposition Canvases, the Market Opportunity Navigator, proposed by Marc and Sharon, will help entrepreneurs and innovators to commercialise technologies. You will enjoy discovering highly practical worksheets, maps and dartboards of tremendous interest if you want to better identify, evaluate and strategise market opportunities. Let yourself be charmed by the toolkit and the case studies, along with the thoughts of Marc and Sharon.' Alex Osterwalder and Yves Pigneur, authors of the bestseller Business Model Generation 'When two internationally-known experts in entrepreneurship write a "how to" book on market opportunities for entrepreneurs, it is bound to be a very valuable book indeed. Marc Gruber and Sharon Tal have created just the right book for first-time and experienced entrepreneurs. It contains both step-by-step plans and very valuable tips on identifying market opportunities - an invaluable complement to both the Lean Start-up Process and the Business Model Canvas!' Eric von Hippel, T. Wilson Professor of Innovation, MIT Sloan School of Management 'Gruber and Tal have crafted a visually exciting way for entrepreneurs to identify and analyse their opportunities, before they dive into execution. This book pairs nicely with the Business Model Canvas and Lean Startup. Best of all, it also

tells you how to focus, and what NOT to do!' Henry Chesbrough, UC Berkeley Haas School of Business and author of Open Innovation 'From entrepreneurship thought leaders comes this innovative step-by-step guide to thinking through the market essentials of an opportunity. Rather than relying on generic examples or others' stories, the authors put the reader in the driver's seat by encouraging him or her to generate, evaluate and prepare to act on their own opportunities. I can't think of a more practically useful entrepreneurship book.' Dean A. Shepherd, Ray and Milann Siegfried Professor of Entrepreneurship, Mendoza College of Business, Notre Dame University 'Using thoughtful research and compelling examples, Where to Play provides important guidance on how to balance focus and flexibility when launching a new venture. It builds on the Lean Startup model by providing meaningful insights on what markets to address first.' Tina Seelig, Professor of the Practice, Stanford School of Engineering 'Where to Play attacks head-on one of the most difficult questions any aspiring entrepreneur must answer: "Which target market should I serve?". It's visual, easy-to-apply, and full of common-sense. If I were starting a business today, I wouldn't leave the starting blocks without it!' John Mullins, Professor, London Business School; best selling authors, The New Business Road Test and The Customer-Funded Business Disciplined Entrepreneurship Workbook John Wiley & Sons Don't Count Time, Make Time Count! Tick ... tick ... tick ... can't find enough time? Find out how to use it far more wisely by the man who successfully run multiple business ventures simultaneously. Dan Kennedy has been called the "Professor of Harsh Reality" because he doesn't deal in glib, pabulum solutions and eye-rolling cliches you've heard incessantly on time management. He takes on the world of cell phones, PDAs, faxes, e-mails, and every other communication device that pervade our lives, suggesting when to tap it, and when to give it the heave-ho. This entrepreneur/consultant/author/speaker has a whirlwind business life, yet manages to fit everything in using a handful of home-brewed time management tools he swears by. He shows how to maximize your time with a fresh take on the mantra that "time is money." It's all about using disciplined productivity strategies Kennedy has devised over 30 years of managing highly-profitable businesses with only minimal help. Who is Dan Kennedy? His business adventures have included ownership of six businesses. He appeared for nine consecutive years on THE #1 seminar tour in America sharing the platform with former U.S. President Reagan, Ford, and Bush, General Colin Powell, and business leaders such as Debbi Fields and Jim McCann. He was been in trenches and survived. This handbook is the practical guide to becoming a great manager. It covers all the major topics including hiring, coaching, feedback, one-on-ones, and decision making. It also covers some of softer, but equally important, topics like conflict resolution and mental health. Great management changes lives. In fact, it's one of the most single overlooked pieces of leverage in the world. Great managers are remembered like great teachers, inspirations who help others soar. That's why it's such a shame management training is so often overlooked. Successful individual-contributors are rewarded with a 'promotion' into management and then, more often than not, left to sink or swim. If you're a new manager, this book will shine a friendly light on the road ahead. And if you're an old dog, perhaps it'll teach you a trick or two. This handbook was written by Alex MacCaw and stress-tested at a company called Clearbit.

Named by The Washington Post as one of the 11 Leadership Books to Read in 2018 When it comes to recruiting, motivating, and creating great teams, Patty McCord says most companies have it all wrong. McCord helped create the unique and high-performing culture at Netflix, where she was chief talent officer. In her new book, *Powerful: Building a Culture of Freedom and Responsibility*, she shares what she learned there and elsewhere in Silicon Valley. McCord advocates practicing radical honesty in the workplace, saying good-bye to employees who don't fit the company's emerging needs, and motivating with challenging work, not promises, perks, and bonus plans. McCord argues that the old standbys of corporate HR—annual performance reviews, retention plans, employee empowerment and engagement programs—often end up being a colossal waste of time and resources. Her road-tested advice, offered with humor and irreverence, provides readers a different path for creating a culture of high performance and profitability. *Powerful* will change how you think about work and the way a business should be run.

"Character" has become a front-and-center topic in contemporary discourse, but this term does not have a fixed meaning. Character may be simply defined by what someone does not do, but a more active and thorough definition is necessary, one that addresses certain vital questions. Is character a singular characteristic of an individual, or is it

composed of different aspects? Does character—however we define it—exist in degrees, or is it simply something one happens to have? How can character be developed? Can it be learned? Relatedly, can it be taught, and who might be the most effective teacher? What roles are played by family, schools, the media, religion, and the larger culture? This groundbreaking handbook of character strengths and virtues is the first progress report from a prestigious group of researchers who have undertaken the systematic classification and measurement of widely valued positive traits. They approach good character in terms of separate strengths—authenticity, persistence, kindness, gratitude, hope, humor, and so on—each of which exists in degrees. Character Strengths and Virtues classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom, courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across the life span, as well as to strategies for its deliberate cultivation. This book demands the attention of anyone interested in psychology and what it can teach about the good life.

Why do most new businesses fail, yet a few entrepreneurs have a habit of winning over and over again? The shocking discovery of years of research and trial is that most startups fail by doing the "right things," but doing them out of order. In other words, human nature combined with our entrepreneurial drive puts us on autopilot to become part of the 70% to 90% of ventures that fail. From Thomas Edison to Steve Jobs, the Nail It Then Scale It method is based on pattern recognition of the timeless principles and key practices used by successful

entrepreneurs to repeatedly innovate.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 There are three reasons why students want to start their own business: idea, technology, and interest. #2 You must have an idea, a technology, and a passion to start an entrepreneur. You must first answer the question, What can I do well that I would love to do for an extended period of time. Once you have answered this, you will have taken the first step toward discovering a customer pain. #3 Before you start a company, you should first take stock of your personal interests, strengths, and skills. Then, identify good opportunities by considering the following: Do you have knowledge, capability, connections, financial assets, name recognition, passion for a particular market, and commitment. #4 The choice of your co-founders is extremely important. The research at MIT suggests that businesses with multiple founders are more successful than those founded by an individual.

Stealing the Corner Office is mandatory reading for smart, hardworking managers who always wonder why their seemingly incompetent superiors are so successful. It is a unique collection of controversial but highly effective tactics for middle managers and aspiring executives who want to learn the real secrets for moving up the corporate ladder. Unlike virtually all other business books—which are based on the assumption that corporations are logical and fair—Stealing the Corner Office explores the unconventional tactics people less competent than you use to get ahead and stay ahead. It is your proven playbook to thrive and win in an imperfect corporate world. Stealing the Corner Office will teach you: How incompetent people so often get ahead, and what you can learn from them. How to make universally flawed corporate policies work in your favor. Why showing too much passion for your ideas can be career suicide. Why delivering results should never be your highest priority. These and many more controversial tactics will change the way you look at your career and how you manage projects, people, and priorities. Apply the 10 principles in Stealing the Corner Office and watch your career take off!
