Awaken the Elemental Magic Within Deeply poetic and rich with passion, this book helps you expand your relationship with earth, air, fire, water, and spirit through personal reflections and hands-on explorations. With brilliant contributions from members of the international Reclaiming community, this empowering book provides spells, exercises, practices, and perspectives that are taught in Reclaiming's foundational class, Elements of Magic. Discover techniques for grounding, casting a circle, trance, and visualization, as well as

breath, raising energy, and charging an intention. If you long to experience the ecstatic practice of magic, Elements of Magic is for you. Foreword by Starhawk Praise: "Gede Parma and Jane Meredith have excelled themselves in putting together one of the most comprehensive compilations of practices found in the Reclaiming Tradition."—Janet Farrar and Gavin Bone, teachers and authors of The Inner Mysteries and Lifting the Veil "Elements of Magic is a soulful and grounded offering that honors the past while inviting the future."—Ivo Dominguez Jr., author and elder in the Assembly of the Sacred Wheel "In this approachable, engaging guide, Jane Meredith and Gede Parma seamlessly weave together an introduction to

Reclaiming and a course in the foundations of natural magic."—Thorn Mooney, Gardnerian priestess and author of *Traditional Wicca*

"Reclaiming has so much to offer with its insights into community work, activist magic, and bringing healing to this planet ... This book is like a dandelion seed-head, spreading wild wisdom and ecstatic practice."—Tony Rella, author of *Circling the Star*

"Elements of Magic will be a valuable resource for those who seek a spiritual connection to our world, whatever their tradition."—Diana L. Paxson, author of *Trance-Portation*

Modern Magic
 Routledge
 A guide to ancient DIY incantations from cultures worldwide by the folklore expert and author of *The Complete Book of Devils and Demons*. Do you want to cast a spell on a suitor,

banish a ghost, cure a toothache, or harvest protective herbs? edition offers a new array of ways to magically enhance everyday life.

Walking the World Wide Web ABC-CLIO

Here it is! The bestselling guide to online marketing is now back in a new expanded edition. Popular speaker and author Jim Sterne updates all information, providing marketing and advertising professionals with the ultimate how-to guide to succeed in today's hyper-competitive online world. Taking the same practical and detailed approach that has made his book an industry classic, Sterne shows how to apply

classic marketing strategies to the latest technologies and explores the Web's impact on the way we do business. Readers will find expert guidance on how to take advantage of hot new technologies and Web marketing tools that have emerged since the Second Edition was published, including:

- Interactivity
- Affiliate marketing
- Using B2B technology to sell through resellers
- Wireless marketing
- eMetrics, or how to measure online marketing strategies
- Data mining techniques

BalboaPress

Magic, always part of
the occult underground
in North America, has
experienced a
resurgence since the
1960s. Although most
contemporary magical
religions have come
from abroad, they have
found fertile ground
in which to develop in
North America. Who are
today's believers in
Witchcraft and how do
they worship?
Alternative spiritual
paths have increased

the ranks of followers dramatically, particularly among well-educated middle-class individuals. Witchcraft and Magic conveys the richness of magical religious experiences found in today's culture, covering the continent of North America and the Caribbean. These original essays survey current and historical issues pertinent to religions that incorporate magical or occult beliefs and practices, and they examine contemporary responses to these religions. The relationship between Witchcraft and Neopaganism is explored, as is their intersection with established groups practicing goddess worship. Recent years have seen the growth in New Age magic and

Afro-Caribbean religions, and these developments are also addressed in this volume. All the religions covered offer adherents an alternative worldview and rituals that are aimed at helping individuals redefine themselves and make their interactions with the environment more empowered. Many modern occult religions share an absence of dogma or central authority to determine orthodoxy, and have become a contemporary experience embracing modern concerns like feminism, environmentalism, civil rights, and gay rights. Afro-Caribbean religions such as Santería, Palo, and Curanderismo, which do have a more developed dogma and authority

structure, offer their followers a religion steeped in African and Hispanic traditions. Responses to the growth of magical religions have varied, from acceptance to an unfounded concern about the growth of a satanic underground. And, as magical religions have flourished, increased interest has resulted in a growing commercialization, with its threat of trivialization.

PHP Advanced for the World Wide Web

Llewellyn Worldwide
In the Western world, magic has often functioned as an umbrella term for various religious beliefs and ritual practices that seek to influence events by harnessing supernatural power. The definition of

these myriad occult and esoteric traditions have, however, usually come from those that are opposed to its practice; notably authorities in religious, legal and intellectual spheres. This book seeks to provide a new perspective, directly from the practitioners of modern Western magic, by exploring how a distinctive mode of embodiment and consciousness can produce a transition from an 'ordinary' to a 'magical' worldview. Starting with an introduction to the study of magic in the Western academy, the book then presents the author's own participant observation of five ethnographic case studies of modern Western magic. The focus of these

ethnographic case studies is directed towards ideas and methods the informants employ to self-legitimise and self-represent as 'magicians'. It concludes by discussing the phenomenological implications and issues around embodiment that are inherent to the contemporary practice of magic. This is a unique insight into the lived experience of practitioners of modern magic. As such, it will be of keen interest to scholars of the Occult and New Religious Movements, as well as Religious Studies academics examining issues around the embodiment and the anthropology of religion.

Pagans, Catholics,

Buddhists, Muslims, and others as they share personal stories of their experiences as well as spells, prayers, and meditations from their own practices. With practical suggestions and enlightening perspectives, this book is a unique resource for LGBT+ spiritual seekers who want to experience the sustaining energy and strength of the worldwide queer community. Praise: "Queer Magic asks us to unlearn what we've thought about the global past and instead substitutes an inclusive, more accurate world history, where queer identities are plenty."—ForeWord

Reviews "Tomás Prower takes us on a global journey, a quest to find queer magick across the world. Our stories are not confined to any one place, time, or religion, and this book is truly a diverse guide to understanding our often lost and forgotten myth and history. Certain to inspire LGBTQ+ magickal practitioners for years to come!"—Christopher Penczak, Gay Witchcraft "In his latest work, Queer Magic, Tomás Prower takes us on a journey that spans both time and continents to examine the myths, magic, and spiritual lives of those who

exist outside the culturally sanctioned heterosexual binary. Surprisingly detailed, Prower examines not only the practices of pre-modern native cultures, but also the effects of Christian colonialism and its devastating and history-robbing effects upon them. He demonstrates how those cultures' near-universal acceptance of queer sexual expression has been usurped, and he shines a light on how those traditions have found ways to survive—and even thrive—in spite of being the victims of revisionist history. With interesting bits of history and lore (I may never think of

Dracula quite the same way again) combined with practical exercises to help us view sexual expression and gender outside of our common modern restrictions, this book should be considered essential reading for all LGBT+ practitioners of magic and spirituality. Highly recommended."—Storm Faerywolf, author of *Betwixt and Between*

"More often than not, people whose sexual identities, gender roles, affectional preferences, relationship styles, and so on are in the minority and tend to be erased or misrepresented in our culture. Queer Magic

is a journey around the world and through the centuries to uncover some of these hidden stories. This book is not only history and mythology, it also contains vignettes, experiences, and practices from modern people from diverse backgrounds. One book cannot address everyone and everything, but *Queer Magic* is a heartfelt effort that will encourage you to continue the work of discovering these treasures of the spirit."—Ivo

Dominguez Jr., author of *The Keys to Perception*

The author reviews and describes hundreds of the most interesting, colorful and informative Web sites. Offering savvy, experienced advice, she shows readers how to save money and time while online.

Network World

Routledge

In this fast-paced, international thriller, chaos erupts after a shadowy figure with ties to an elite and ancient society posts incantations on the dark web that allow people to perform real magic. When an enigmatic message uploaded to the dark web turns out to contain an ancient

secret giving regular people the power to do impossible things, like levitate cars or make themselves invisible, American government officials panic. They know the demo videos on YouTube and instructions for incantations could turn from fantastical amusement to dangerous weapon at the drop of the hat, and they scramble to keep the information out of the wrong hands. They tap Ben Zolstra, an ex-CIA field operative whose history with the Agency is conflicted at best, to lead the team that's racing to contain the dangerous knowledge—and track down the mysterious figure behind the leak who threatens that even more dangerous spells will be released one by one until the world as we

know it no longer exists. This sweeping, globe-spanning thriller explores the dark consequences of a question mankind has been asking for centuries: What if magic were real? Queer Magic Ventana Press
In Cyberhenge, Douglas E. Cowan brings together two fascinating and virtually unavoidable phenomena of contemporary life--the Internet and the new religious movement of Neopaganism. For growing numbers of Neopagans-Wiccans, Druids, Goddess-worshippers, and others--the Internet provides an environment alive with possibilities

for invention, innovation, and imagination. From angel channeling, biorhythms, and numerology to ecovens and cybergroves where neophytes can learn everything from the Wiccan Rede to spellworking, Cowan illuminates how and why Neopaganism is using Internet technology in fascinating new ways as a platform for invention of new religious traditions and the imaginative performance of ritual. This book is essential reading for students and scholars of new religious movements, and for anyone interested in the intersections of technology and faith.

The Book of Immediate Magic - Part 2

University of Pennsylvania Press

The authors set out to

demystify the Internet and put it into a context that makes it relevant and accessible to as many women as possible. It is for women who are just starting to explore the possibilities of the Internet, as well as seasoned users. Technological explanations have been kept to a minimum as they are rarely necessary in order to use a particular Internet service successfully. The book contains 'how to' advice on using the most common Internet services, as well as information you will need to get Internet access. The book also covers topics not covered in more general books on the Internet: gender issues, pornography, sexual harassment,

anonymity, privacy and security. To put the Internet into a more women-centred perspective the authors have included a chapter that introduces our computing foremothers and describes how some women have already begun to make the Internet an integral part of their lives. *Free Stuff from the World Wide Web* Coriolis Group InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects. *The Complete Book of Spells, Curses, and Magical Recipes* Infobase Learning Engaging the thematic issues of

the Web as a space where magic, metaphor, and power converge, the chapters cover such subjects as The Web and Corporate Media Systems, Conspiracy Theories and the Web; The Economy of Cyberpromotion, The Bias of the Web, The Web and Issues of Gender, and so on.

The World Wide Web and Contemporary Cultural Theory

Spinifex Press
A book for the interface workers. Dust or Magic was primarily written for the young, talented people whose creative instincts are kindled by computers and live to create 'good

stuff', but who are systematically betrayed by the managerial types in suits who hire them, set them absurd tasks, and sack them when their half-baked schemes go belly-up. It is also for people who simply want to know how human creativity fares in the digital age. Originally published by Addison-Wesley (under the title 'Dust or Magic, Secrets of successful multimedia design') this book is, in part, a 'secret history' of computers: a

history told from the vantage point of the people who did the work. We have insiders' accounts of a range of influential products and projects, many of which were in danger of being forgotten. The scene is illuminated by recent insights into creativity and well-being from the fields of psychology and neuroscience, as well as tried-and-tested, practical strategies for workplace survival from other industries. The author, Bob Hughes, has been a

'creative' for most of his working life: first a calligrapher, then an advertising artist and copywriter before discovering computers in the mid-1980s. He now teaches at Oxford Brookes University on the MA in Interactive Media Publishing, and researches and writes about the wider impact of electronics and computers in workplaces world-wide. He also campaigns on behalf of migrants, refugees and all precarious workers. "What you are doing is stripping away

guides readers to

the place in their lives where true magic can finally begin. Ever since she was a little girl, Ursula James has heard a voice. For years she tried to ignore it, but a personal crisis at the age of forty forced her to finally listen. That, as well as the actual appearance of the speaker-also named Ursula-at her bedside one dark and cold night. The woman who revealed herself to James was Ursula Sontheil, known as Mother Shipton, a sixteenth-century prophetess, healer, and-some say- witch. Legend has it that Mother Shipton was burned by the king's men for her heresies, and her spirit became trapped in a cave in Yorkshire. This cave had an unusual characteristic: Anything taken there was turned to stone by the action of the lime-suffused waters from a nearby well. Mother Shipton used this water to create an image of herself on the wall, and then split the cave open to call the needy. Sick at heart or in body, people came to her in the cave to offer her objects in return for her healing powers. In *The Source*, Ursula James describes how Mother Shipton appeared before her with urgent new prophecies for our troubled times- prophecies that
