The Secret of Happy Ever
After Scholastic UK

When story-lover Anna takes over Longhampton's bookshop, it's her dream come true. And not just because it gets her away from her three rowdy stepchildren and their hyperactive Dalmatian... Unpacking boxes filled with childhood classics, Anna can't shake the feeling that maybe her own fairytale ending isn't all that she'd hoped for. But, as the stories of love, adventure, secret gardens, lost dogs, wicked witches and giant peaches breathe new life into the neglected shop, Anna and her customers get swept up in the magic too. Even Anna's best friend Michelle - who categorically doesn't believe in true love and handsome princes - isn't immune. But when secrets from Michelle's own childhood come back to

haunt her, and disaster threatens Anna's home, will the wisdom and charm of the stories in the bookshop help the two friends - and those they love - find their own happy ever afters? 'Lucy Dillon's voice is gentle and kind throughout...perceptive and well handled. A heart-warming piece of escapism for long winter nights.' - Red A perfect escapism for fans of Jojo Moyes and Katie Fforde.

The Secret of Happy Children
Pearson UK

A missing letter is the key to the whereabouts of Fort Freedom, the stockade that disappeared after the Revolutionary War. The fort is located somewhere within the boundaries of Shoreham and has been sought after for many years, not only for its historic value, but for the gold supposed to be hidden there by the early settlers. The Pine Lake Parkway construction job brings this unusual disappearance to public notice and, of course, wherever there is a mystery the Happy Hollisters are sure to be in the thick of it. And "thick" is just the right word, for it is hoped that the fort will be uncovered by the great bulldozers and steam shovels that are building the new Parkway. With dust and dirt flying and houses being torn down the Hollister children search the area for some clue that will lead them to the missing letter, the site of Fort Freedom, or both. Here is a fast-moving Hollister mystery that offers exciting adventure with narrow escapes from the dangers of the construction area and the false trail laid for the children by a man

whose identity remains as much of a secret as the location of Fort Freedom.

Raising Girls in the 21st Century: Helping Our Girls to Grow Up Wise, Strong and Free
Doubleday

Proven ways to create a more loving family Research proves that happy families are good for health, longevity, peace of mind, productivity, and success. In The Secrets of Happy Families, Scott Haltzman offers an original approach to building family contentment that works for families of all ethnicities and make-ups – two-parent, single-parent, blended, childless, or same-sex couple. He provides a "positive psychology" way of solving family problems through strategy and leadership, including knowing and accepting who you are, taking a leadership role in loving and united relationships, building a network of support in extended families and communities, and making quality time for fun, adventures, holidays, and rituals.

The Secret Life of the Unborn Child John Wiley and Sons
Advice for encouraging good behavior and self-reliance cites the importance of mature guidance above feeling-based parenting

Raising Boys Harper Collins
"With all the parenting information out there and the constant pressure to be the "perfect" parent, it seems as if many parents have lost track of one very important piece of the

parenting puzzle: raising happy kids. Author Katie Hurley shows parents how happiness is the key to raising confident, capable children"--

Raising a Happy Child
HarperThorsons

Why do they rub food in their hair? Why do they want to hear the same book over and over? Why do they love being naked? Between the ages of one and three, children can be delightful, affectionate, intelligent explorers of their newfound world. They can also be holy terrors. Grounded in up-to-date research, The Secret Lives of Toddlers demystifies 52 common behaviors of toddlers, while helping parents appreciate the miraculous development of their children. An entertaining, reassuring guide to toddler behavior, this book shows parents how to get through their kids' toddlerhood with affection, humor, and authority. With explanations from pediatricians, child development experts, and behavioral psychologists, parents will learn to: - Understand the world from a child's point of view - Learn which bad behaviors need intervention and which can be ignored - Cultivate good manners and reward good behavior - Reduce their own frustration - Play, speak, read, and interact with their toddler in healthy ways
The Ultimate Guide to Raising Teens and Tweens Ballantine Books

Superpowers for Parents
Houghton Mifflin

Offers a parenting plan based on Buddhist training to raise inwardly strong children and the connection between inner confidence and lasting happiness.

[Happy Kids](#) M Evans & Company

Discover how Dutch parents raise The Happiest Kids in the World! Calling all stressed-out parents: Relax! Imagine a place where young children play unsupervised, don't do

homework, have few scheduled "activities" . . . and rank #1 worldwide in happiness and education.

It's not a fantasy—it's the Netherlands! Rina Mae Acosta and Michele Hutchison—an American and a Brit, both married to Dutchmen and raising their kids in the Netherlands—report back on what makes Dutch kids so happy and well adjusted. Is it that dads take workdays off to help out? Chocolate sprinkles for breakfast? Bicycling everywhere? Whatever the secret, entire Dutch families reap the benefits, from babies (who sleep 15 hours a day) to parents (who enjoy a work-life balance most Americans only dream of). As Acosta and Hutchison borrow ever-more wisdom from their Dutch neighbors, this much becomes clear: Sometimes the best thing we can do as parents is . . . less!

[The Happy Hollisters and the Secret Fort](#) Dk Pub

What do we wish most for our children? Next to being healthy, we want them to be happy, of course! Fortunately, a wide array of scientific studies show that happiness is a learned behavior, a muscle we can help our children build and maintain. Drawing on what psychology, sociology, and neuroscience have proven about confidence, gratefulness, and optimism, and using her own chaotic and often

hilarious real-world adventures as a mom to demonstrate do's and don'ts in action, Christine Carter, Ph.D, executive director of UC Berkeley's Greater Good Science Center, boils the process down to 10 simple happiness-inducing steps. With great wit, wisdom, and compassion, Carter covers the day-to-day pressure points of parenting—how best to discipline, get kids to school and activities on time, and get dinner on the table—as well as the more elusive issues of helping children build healthy friendships and develop emotional intelligence. In these 10 key steps, she helps you interact confidently and consistently with your kids to foster the skills, habits, and mindsets that will set the stage for positive emotions now and into their adolescence and beyond. Inside you will discover • the best way avoid raising a brat—changing bad habits into good ones • tips on how to change your kids' attitude into gratitude • the trap of trying to be perfect—and how to stay clear of its pitfalls • the right way to praise kids—and why too much of the wrong kind can be just as bad as not enough • the spirit of kindness—how to raise kind, compassionate, and loving children • strategies for inspiring kids to do boring (but necessary) tasks—and become more self-motivated in the process Complete with a series of "try this" tips, secrets, and strategies, Raising Happiness is a

one-of-a-kind resource that will help you instill joy in your kids—and, in the process, become more joyful yourself.
