The CBSE has made certain changes in the assessment structure from the session 2019-20 onwards. In the new scheme of examination, CCE and term system has been replaced with the Internal Assessment & Single Annual Exam by CBSE itself. Single exam conducted by CBSE will carry 80 marks whereas 20 marks are left to the schools for internal assessment. CBSE has issued detailed guidelines on how the internal marks will be divided among different activities. From 2019 onwards, there will be internal choices in board examinations with increased internal options in the question paper. Considering this change, now a student has

to prepare accordingly for board examinations. The new assessment format brought with it excitement as well as anxiety. And to help them prepare and excel in their CBSE board examination, Career Point Kota has developed a series of 10 Most Likely Question Papers with Solutions. The Key Features of Most Likely Question Papers with Solutions Series : New OBJECTIVE TYPE question in each paper. Syllabus of CBSE 2019-20. Based on the latest CBSE Syllabus & Pattern. Mind map of each chapter is given to visualize and help acquire a better understanding. Important terms, facts, formulae and quick revision tips are given. Covers questions asked in previous year board exams. Toppers Answer Sheet as released by CBSE to understand the scoring technique. We hope this book will gratify students' need for the new CBSE pattern board exam and smoothen their path to success. We wish to utilize the opportunity to place on record our special thanks to all the members of the Content Development team for their efforts to create this wonderful book.

**36 Sample Question Papers Science Stream (PCB): CBSE Class 12 for Term-I November 2021 Examination**

Academic Press Engineering Education has emerged as a fast developing 'discipline' in itself with universities across

the world opening up exclusive 'Departments of Engineering Education' which is also impacting the socio-economic system in India. Most of the engineering institutions in India are part of the 'hub-and-spoke' university education system unique to India. Scientifically developing the 'Outcome-based Curriculum' (OBC) uniformly across India has been a daunting task, due to the dearth of an authentic book on OBC addressing the need of the Indian Engineering

---

Education System. This being the first book of its kind in India and with OBC serving as the 'Constitution' of 'Outcome-based Education' (OBE), it will go a long way to address this need. The unique feature of this book is that it is replete with examples to explain the various concepts of planning, designing and implementing the OBC in engineering institutions. Different aspects of Outcome-based Teaching Learning (OBTL) and Outcome-based Assessment (OBA) are also

discussed vividly. Apart from the examples weaved into the lucidly written seven chapters, additional examples and important formats are provided in the 'Annexures'; another unique feature of this book. Every engineering UG, PG, or Diploma teacher would be happy to possess a personal copy of this book for 24x7 access which will help to clear their doubts as it arises then and there. TARGET AUDIENCE • Technical Instruction • Technical Teacher

---

Trainers • Curriculum Specialists/Instructional Designers • Education Policy Makers What the reviewers' say "The technical education has to adopt Outcome-Based Curriculum and there was a dire need of authentic literature which would serve as a base document for scientifically developing OBC. The book reflects the expertise of both the authors who have more than 30 years of experience in industry and academics in designing and implementing different variants

of OBC for various technical education programmes. Such a book will serve as a reference for future generations to avoid 're-inventing the wheel again and again.'  
—Dr. M.P. Poonia, Vice-Chairman, AICTE "National Institute of Technical Teacher Training and Research (NITTTR) Bhopal has been spearheading different forms of OBC for the last five decades in which the authors have contributed substantially. Care has been taken such that this book will not only benefit the Indian

---

engineering education system, but also the engineering teaching fraternity at the international context."—Dr. C. Thangaraj, Director, NITTTR Bhopal  
Hurst's the Heart, 12th Edition McGraw Hill Professional Physical Education Book  
*Basic Finance: An Introduction to Financial Institutions, Investments, and Management* VK Global Publications  
From the publisher VK global publications Pvt. Ltd. Is a household name now.

Established in 1979, with more than three decades of leadership in the area of economics and commerce, we take pride in claiming that we continue with the unstirred readership in the country.  
Specialising in the area of economics and commerce, we are not averse to the idea of diversification. Keeping this in view, more than a decade ago, a series of 'exam ideas' Was launched in all the subjects For classes IX -XII, however, the success of our publication is

---

admittedly due to prudent prolific writers. We have a resource pool of reputed authors, who leave no stone unturned in bringing out the best of study material, which makes our readers versatile in their thought processes and equips them with exam-oriented acumen. Thousands of acknowledgment and accolades that we receive every year from our readers are a good testimony to the genuine efforts and trustworthy endeavors of our authors the book has been designed topic and subtopic-

wise, keeping the students' needs in mind.

BASIC FINANCE: AN

INTRODUCTION TO

---

FINANCIAL INSTITUTIONS, INVESTMENTS & MANAGEMENT, 11E introduces the three primary aspects of finance and examines how they are interrelated to give students a firm foundation in all of finance--not just corporate finance. Each chapter offers a concise, self-contained treatment of one or two finance concepts, or institutions easily covered in a single class period. Students can build on what they learn through the text's Internet resources, number

problems, illustrations using financial calculators, and a Microsoft Excel appendix. The time value of money is emphasized throughout. The 11th Edition includes numerous self-help problems with answers and relationships with answers, new coverage of classes of stock/preferred stock, new sections on Internet sources of information, and updated tax laws. Schools are constantly  
under pressure to keep  
up with the pace of  
changes in society. In  
parallel, societal  
demands for what  
schools should teach  
are also constantly  
changing; often driven  
by political agendas,  
ideologies, or  
parental pressures, to  
add global competency,  
digital literacy, data  
literacy,  
environmental  
literacy, media  
literacy, social-  
emotional skills, etc.  
This "curriculum  
expansion" puts  
pressure on policy  
makers and schools to  
add new contents to  
already crowded  
curriculum.
