The Historic Note-book, with an Appendix of Battles Eisenbrauns Best Book Award — Mormon History Association Best Book Award — John Whitmer Historical Association More of Mormonism 's canonized revelations originated in or near Kirtland than any other place. Yet many of the events connected with those revelations and their 1830s historical context have faded over time. Barely twenty-five years after the first of these Ohio revelations, Brigham Young lamented in 1856: " These revelations, after a lapse of years, become mystified [sic] to those who were not personally acquainted with the circumstances at the time they were given. " He gloomily predicted that eventually the revelations " may be as mysterious to our children . . . as the revelations contained in the Old and New Testaments are to this generation. " Now, more than 150 years later, the distance between what Brigham Young and his Kirtland contemporaries considered common knowledge and our understanding of the same material today has widened into a sometimes daunting gap. Mark Staker narrows the chasm in Harken, O Ye People by reconstructing the cultural experiences by which Kirtland ' s Latter-day Saints made sense of the revelations Joseph Smith pronounced. This volume rebuilds that exciting decade using clues from numerous archives, privately held records, museum collections, and even the soil where early members planted corn and homes. From this vast array of sources he shapes a detailed narrative of weather, religious backgrounds, dialect differences, race relations, theological discussions, food preparation, frontier violence, astronomical phenomena, and myriad daily customs of nineteenth-century life. The result is a " from the ground up " experience that today ' s Latter-day Saints can all but walk into and touch.

Emanuel Swedenborg, an eighteenth century Christian mystic, philosopher and theologian, had a prolific career as an inventor and scientist. At the age of 53, he entered into a spiritual phase in which he began to experience dreams and visions, culminating in a "spiritual awakening" in which he received a revelation that Christ had appointed him to reform Christianity. Swedenborg devoted his enormous energy to interpreting the Bible and to relating what he had seen and heard in the world of spirits and angels. His 'Arcana Coelestia' and 'Apocalypse Revealed' provide thought-provoking commentaries on the internal spiritual meaning of Genesis, Exodus and the Book of Revelation, while his famous 'Heaven and Hell' gives a mesmerising account of the afterlife and how people live after the death of the physical body. This comprehensive eBook presents Swedenborg's collected works, with numerous illustrations, rare texts, informative introductions and the usual Delphi bonus material. In 1850 a sailing vessel was wrecked on the California coast with a rich cargo of Chinese goods bound for the Gold Rush. This book uses the fate of the vessel for a dual purpose: to tell the story of the beginnings of direct commerce between China and California and to explore the potential of contextual archaeology by tracing the cargo back to its origins in China.

Daughter of the Moon Goddess HarperCollins

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the “doctrine of life and salvation for all the honest-in-heart” (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened “within them a desire to know and understand the things of God more than they ever did before in their lives” and will begin to “inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness” (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—“Teachings of Brigham Young” and “Suggestions for Study.” The first section consists of extracts from Brigham Young’s sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young’s teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young’s teachings. Members should refer to and carefully reread his words on the principle being

discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the “Lion of the Lord” (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

‘Epic, romantic, and enthralling from start to finish’ Stephanie Garber The stunning conclusion to the Celestial Kingdom Duology

Heart of the Sun Warrior (The Celestial Kingdom Duology, Book 2)

This book, *Creationism and the Book of Revelation: An Outline of the Last Days*, by Douglas Johanson deserves serious consideration from anyone who is a seeker of truth, both scientific and religious. He has created a book that will challenge and provoke serious thinking about the doctrines of the Gospel of Jesus Christ and the expanding knowledge from the scientific community. In this fascinating text, those two sources are successfully brought together, and the result is a faith inspiring exploration of the magnificent power of our Eternal Father. This book is a pleasure to read and it is my privilege to recommend it highly. Daniel W. McAllister, PhD, Associate Professor, Lee Business School, University of Nevada at Las Vegas In *Creationism and the Book of Revelation: An Outline of the Last Days*, Douglas K. Johanson skillfully uses his background in science and his intense study of the scriptures to show how truths about the physical universe and latter-day revelation and other scriptures help one see truths in *The Revelation of St John the Divine*. In significant and expansive detail, Johanson provides many answers to important questions about the great plan of God. Richard Dilworth Rust, Professor Emeritus of English, The University of North Carolina at Chapel Hill "... contains a detailed, chronological outline of the last days. ... helps science and religion come together. The scriptures would be fulfilled exactly as given. God loves each and every one of His children ..."
