From Colleen Hoover, the #1 New York Times bestselling author of *It Ends With Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their

arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

"THE BOOK CHINA DOESN'T WANT YOU TO READ." —CNN SELECTED AS A BEST BOOK OF THE YEAR by THE ECONOMIST and FINANCIAL TIMES This "powerful and disturbing" (Bill Browder, author of *Red Notice*) New York Times bestseller is narrated by a man who, with his wife, Whitney Duan, rose to the top levels of power and wealth—and then fell out of favor. Whitney had been disappeared four years before, but this book led to her dramatic reemergence. As Desmond Shum was growing up impoverished in China, he vowed his life would be different. Through hard work and sheer tenacity he earned an American college degree and returned to his native country to establish himself in business. There, he met his future wife, the highly intelligent and equally ambitious Whitney Duan who was determined to make her mark within China's male-dominated society. Whitney and Desmond formed an effective team and, aided by relationships they formed with top members of China's Communist Party, the so-called red aristocracy, he vaulted into China's billionaire class. Soon they were developing the massive air cargo facility at Beijing International Airport, and they followed that feat with the creation of one of Beijing's premier hotels. They were dazzlingly successful, traveling in private jets, funding multi-million-dollar buildings and endowments, and purchasing expensive homes, vehicles, and art. But in 2017, their fates diverged irrevocably when Desmond, while residing overseas with his son, learned that his now ex-wife Whitney had vanished along with three coworkers. This vivid, explosive memoir shows "how the Chinese government keeps business in line—and what happens when businesspeople overstep" (The New York Times) and is a "singular, highly readable insider account of the most secretive of global powers" (The Spectator).

A full length romantic comedy set in the world of Crown Creek! Since I started hooking up with Wesley Maxwell, I have learned the following: He is good at making people comfortable. He is good at home repairs. He is really, really good with his tongue. And after seven years... that's all I know. Except for one more thing.... What a bad idea it would be to fall for him. Things between us are easy.

Uncomplicated. I come home to Crown Creek once a month. I have brunch with my hot-mess mother and finicky grandmother. I nod and smile as they fret over why a competent, capable woman like me is still single. And then I go over to Wesley's house and let him rock my world. He's honest with me and I'm honest with him. He doesn't want a relationship. And all I want is good sex. Things are fine just the way they are. The girls in my book club think I'm in love with him, but I'm not. He's not the right guy for me. I need a grown up, and he has a pinball machine instead of a door, for heaven's sake. I can't be with someone like that. Not even when he rescues the world's tiniest dog. Not even when he saves me from a total work disaster. Not even when he shows up at my door in the middle of the night... naked. We are not a couple. We are something else. And that something rhymes with duck-muddies. And damn his blue eyes, it's going to stay that way. ... Cluck Buddies is a silly, sexy spin-off set in the small town of CROWN CREEK. Expect a raunchy book club meeting interrupted by a confused rooster, lots of pun-based dirty talk, a sexy hero who only has eyes for the heroine (if she'd just look up and notice. Make that way up... he's really tall), and a tiny dog with a massive attitude. You can also expect cameos from some of your favorite Crown Creek characters as no one in this small town knows how to mind their own business... especially where love is concerned

Single with Benefits J-Novel Club

Storytelling has come of age in the business world. Today, many of the most successful companies use storytelling as a leadership tool. At Nike, all senior executives are designated “corporate storytellers.” 3M banned bullet points years ago and replaced them with a process of writing “strategic narratives.” Procter Gamble hired Hollywood directors to teach its executives storytelling techniques. Some forward-thinking business schools have even added storytelling courses to their management curriculum. The reason for this is simple: Stories have the ability to engage an audience the way logic and bullet points alone never could. Whether you are trying to communicate a vision, sell an idea, or inspire commitment, storytelling is a powerful business tool that can mean the difference between mediocre results and phenomenal success. *Lead with a Story* contains both ready-to-use stories and how-to guidance for readers looking to craft their own. Designed for a wide variety of business challenges, the book shows how narrative can help: * Define culture and values * Engender creativity and innovation * Foster collaboration and build relationships * Provide coaching and feedback * Lead change * And more Whether in a speech or a memo, communicated to one person or a thousand, storytelling is an essential skill for success. Complete with examples from companies like Kellogg’s, Merrill-Lynch, Procter Gamble, National Car Rental, Wal-Mart, Pizza Hut, and more, this practical resource gives readers the guidance they need to deliver stories to stunning effect.
