Robert's Rules of Order The Church of Jesus Christ of Latter-day Saints

Includes minutes of the Society's meetings.

The Church Organizer/El Organizador De Iglesias

Cambridge University Press

While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter-day Saints, the historical influence of Freemasonry on this religious tradition cannot be refuted.

Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period, but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted. The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize, let alone fully grasp, the relevant issues. Even those with both Mormon and Masonic experience may not be versed in the nineteenth-century versions of Masonry's rituals, legends, and practices. Without this specialized background, it is easy to miss the Masonic significance of numerous early Mormon ordinances, scripture, and doctrines. Method Infinite: Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days. Smith's firsthand knowledge of and experience with both Masonry and anti-Masonic currents contributed to the theology, structure, culture, tradition, history, literature, and ritual of the religion he founded.

This is a Horatio Alger story in two parts. The first part begins in 1884 when Junius Romney with his family moved to Colonia Juarez, Mexico. It continues to the summer of 1912 when he abruptly left the Mormon Colonies in Mexico to live in the United States. The second part begins in El Paso, Texas and continues until Junius died in 1971, in Salt Lake City, Utah. In each part he and his family began penniless and rose to a situation where he had a growing family, a comfortable home, and a good living. He made his way principally because he was determined that he would always succeed. He is a model of success in family, friends, church, business, and determination. The title of this book recognizes his determination -- his success in swimming upstream in the river of life.

United Methodist Church Book of Discipline 2016

John Wiley & Sons

OUR DEAR YOUNG MEN AND YOUNG WOMEN, we have great confidence in you. You are beloved sons and daughters of God and He is mindful of you. You have come to earth at a time of great opportunities and also of great challenges. Church Minute Book B&H Publishing Group

Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, *The Accountant Beside You*, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version.

Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let The Accountant Beside You take one more worry off your crowded to-do list.

The Brain That Changes Itself Createspace
Independent Publishing Platform

A short, concise and user-friendly guide to the essential procedures of conducting a meeting, written by the authors of Robert's Rules of Order Newly Revised, the only authorized edition of the classic work on parliamentary procedure Originally published in 1876, General Henry M. Robert's guide to smooth, orderly, and fairly conducted meetings has sold over six million copies in eleven editions. Robert's Rules of Order is the book on parliamentary proceedings, yet those not well versed on what has now become a rather thick document can find themselves lost-and delayed-while trying to locate the most important rules. The solution? Robert's Rules of Order Newly Revised in Brief. Written by the same authorship team behind the officially sanctioned Robert's Rules of Order, this short and user-friendly edition takes readers through the rules most often needed at meetings--from debates to amendments to nominations. With sample dialogues and a guide to using the complete edition, Robert's Rules of Order Newly Revised in Brief is the essential handbook for parliamentary proceedings.

Method Infinite: Freemasonry and the Mormon Restoration Review and Herald Pub Assoc
This book is like no other book because it is the only known book to provide the ABC's for organizing or reorganizing the Sunday school

or church school. The book is also loaded with suggestive forms to help any leader to construct his or her own forms for Sunday school or church school administration. This book reminds the prospective teacher, the current teacher, the VBS coordinator, training administrators, and the support leader and workers of their responsibilities. Any church pastor, superintendent, church leader, professor of Christian education, or director of Christian education will find this book as a valuable tool in Christian education.

Church Meeting Minutes Log Bowkers
Quaker women were unusually active participants in seventeenth- and eighteenth-century cultural and religious exchange, as ministers, missionaries, authors and spiritual leaders. Drawing upon documentary evidence, with a focus on women's personal writings and correspondence, Naomi Pullin explores the lives and social interactions of Quaker women in the British Atlantic between 1650 and 1750. Through a comparative methodology, focused on Britain and the North American colonies, Pullin examines the experiences of both those women who travelled and preached and those who stayed at home. The book approaches the study of gender and religion from a new perspective by placing women's roles, relationships and identities at the centre of the analysis. It shows how the movement's transition from 'sect to church' enhanced the authority and influence of women within the movement and uncovers the multifaceted ways in which female Friends at all levels were active participants in making and sustaining transatlantic Quakerism.

Zondervan 2020 Minister's Tax and Financial Guide AuthorHouse

For three hundred years the Society of Friends, or Quakers, has been forwarding to governments recommendations on foreign policy, and it has often been in the vanguard of thought in its social and political views. In this study, Dr. Byrd brings together and

states carefully and accurately those beliefs, principles, attitudes, and practices which have been fundamental to the Quaker approach. He illustrates and verifies his statement by an analytical Friends acting in official and semi-official capacities, which relate to foreign policy and international relations. Dr. Byrd's systematic exposition of the modern Quaker's theory of international relations offers a stimulating antidote to the realpolitik school of thought. His account of the Quaker interest in international affairs from 1647 to the present underlines for the diplomatic historian the role of morality in diplomacy, the influence of public opinion upon policy, and the part played by groups like Friends in shaping public attitudes. As Hans J. Morgenthau comments in his Foreword, "In a world which uses Christian ethics for un-Christian ends it is indeed moving to follow the historical trail of a Christian sect which seeks to transform itself and political society in the image of Christian teaching. . . . In their convictions, achievements, and sufferings the Quakers bear witness to the teachings of Christianity; in their failures they bear witness to the insuperable stubbornness of the human condition. . . . not the least of the merits of Professor Byrd's book is his ability to convey through the movement of his mind and pen something of that moving quality which makes the Quaker approach to foreign policy, if nothing else, a noble experiment in Christian living."

Gospel Principles John Wiley & Sons

"You will have the privilege to see and to participate in the most glorious and mightiest sweeping revival that has ever been known in Christian history!" -Smith Wigglesworth This revelation was part of a prophecy given in 1936 by legendary evangelist and healing minister Smith Wigglesworth to a young man named David du Plessis. The revival Wigglesworth foresaw was a continuation of the Pentecostal movement into the charismatic

renewal that continues to this day. Later, in 1961, God gave Rev. Tommy Hicks a vision of the continuation of that revival: a worldwide movement in which the "Awakening Giant"—the body of Christ—receives spiritual power and authority on such a scale as has not been seen since the book of Acts. This book retells these two amazing prophecies in their entirety and also discusses their implications for the world today. The revival of God's church continues, but it won't be complete until every Spirit-filled believer understands his or her unique role in its fulfillment. Study these prophecies and ask God to reveal how He would use you to bring the greatest revival in history to completion.

The Western Christian Advocate B&H Publishing Group

For years, ministers have trusted the Zondervan Minister's Tax & Financial Guide to save them time and money. This easy-to-understand workbook simplifies the tax code and offers dozens of tips to reduce your tax bill. Unbinding Your Church Trafford Publishing

In the body of literature on New England during the early years of the Republic, there have been few sustained studies of its rural regions. A significant contribution to this growing field of interest is Daniel P. Jones's work on the transformation of northwestern Rhode Island from a relatively insular region, resistant to economic and social reforms promoted by commercial interests in the eastern part of the state, to a full participant in a regional economy centered in Providence. Much is known about late eighteenth-century rural communities' periodic resistance to and rebellion against commercialism, whereas little attention has been paid to the process by which once-alienated communities reintegrated themselves in an increasingly commercial nation. Jones focuses on the gap in New England's history, enriching our understanding of how rural New England lost its isolated character and,

through an often painful process, entered the modern world. The industrial revolution brought innovations to the region--turnpikes, tax-supported schools, and cotton-mill dams--that were at first strenuously resisted by the local settlers; however, they eventually adopted the intrusive forms of modernization. In addition, accommodating themselves to the tangible demands of an industrializing state evoked a change in their religious practices, as they abandoned the idiosyncratic practices of the Six-Principle Baptist sect in favor of the more cosmopolitan Free-Will Baptism. The struggles that took place in the rural regions of a commercializing nation have left their mark. As Jones notes in his preface, "From the vantage point of postindustrial United States, the triumph of commercial civilization and its values seems to have been inevitable. Such hindsight, however, was not available to those interior yeomanry who struggled, for a few crucial decades at the turn of the eighteenth century, to maintain their social independence and cultural identity. Although their efforts have generally failed, they nevertheless forced their cosmopolitan antagonists to alter the course of cultural progress and commercial growth. And in a larger sense, if the values of anti-elitism and democratic localism have survived in the late twentieth century, they can trace their origins in part to the persistent strivings of the backcountry yeomen."

Female Friends and the Making of Transatlantic Quakerism, 1650-1750 Penn State Press

This accessible study examines all the major elements of the nonprofit sector of the economy of the United States--health services, educational and research institutions, religious organizations, social services, arts and cultural organizations, and foundations--describing the institutions and their functions, and then exploring how their benefits are distributed across various economic classes. The book's findings indicate that while few institutions

serve primarily the poor, there is no evidence of a gross distribution of benefits upward toward the more affluent. The analysis of this data makes for a book with profound implications for future social and tax policy.
