Paper Panda, aka
Louise Firchau, is a
papercutting superstar,

with thousands of fans worldwide eager to purchase her distinctive and highly sought after papercut designs. In this gorgeous book, she shows you not only how its done in easy-to-follow steps, but also provides over 20 papercutting templates to try out for yourself. The book begins with a design section in which Paper Panda provides a personal account of what inspires her, how she works, and how

Paper Panda came about. This is followed by the techniques section, in which step-by-step demonstrations illustrate various techniques, including infilling. There follows a fascinating insight into how the author creates finished artwork suitable for papercutting, then how to make the template itself, and how to use the finished papercut to make cards, framed pictures, and so on.

There are 20 papercut projects in the book; five from Paper Panda herself and five each from three of Paper Pandas friends and colleagues (Sarah Trumbauer, Louise Dyer and Suzy Taylor) all accomplished papercutters in their own rights. Each project consists of a template, which is reproduced at full-size at the back of the book, and a finished paper cut, together with some

simple instructions. The designs are simple enough for beginners, though attractive and interesting enough to inspire more advanced papercutters. The projects themselves include cards, decorations, and mounted and framed pictures to hang on the wall, all using a variety of coloured and patterned papers to show off Paper Panda and friends distinctive and beautiful designs to

their best advantage. **Grandad's Secret Giant** HarperCollins Elegant and stunningly illustrated, this monograph chronicles the life of one of history's most influential couturiers; Coco Chanel.
