Trying to make coffee when the water is shut off, David considers using the water in a vase of flowers and his chain of associations

takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life—having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds—to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Praise for *When You Are Engulfed in Flames*: "Older, wiser, smarter and meaner, Sedaris...defies the odds once again by delivering an intelligent take on the banalities of an absurd life." --Kirkus Reviews This latest collection proves that not only does Sedaris still have it, but he's also getting better....Sedaris's best stuff will still--after all this time--move, surprise, and
